HARDY WINS ON APPEAL

Judge Upheld in Bar Dispute

Supreme Court Rules Legal Body Has No Jurisdiction Over Bench Members

Jurist Not Compelled to Answer Queries About McPherson Check

BY FLOYD J. HEALEY
"Times" Staff Representative

SAN FRANCISCO, May 31. (Exclusive)—The act by which the State Bar of California was organized was declared constitutional by the Supreme Court today but in its decision the court held the bar has no jurisdiction over members of the bench.

Aside from the importance of the ruling as it affects the organization and functioning of the State Bar as such, the qualification applies specifically to the proceedings instituted against Superior Judge Hardy of Los Angeles county. The decision upholds the contention made by Judge Hardy that the bar had no jurisdiction to compel him to answer questions regarding his $2500 "love offering" from Aimee Semple McPherson. The jurist, recently acquitted by a Senate impeachment court of charges of misconduct, based on the same incident, contended that as a judge his actions are not subject to inquiry by attorneys, even though the attorneys of the State Bar may regulate the professional and ethical conduct of member attorneys.

INSTITUTED IN LOS ANGELES

The proceedings which brought today's decision were instituted in Los Angeles. Following Judge Hardy's refusal to appear before Superior Judge McComb on a citation to show cause why he should not be punished for contempt for refusing to answer questions of the State Bar's committee and his demurrer in the matter, the State Bar petitioned the Supreme Court for a writ of mandate to quash the demurrer and compel Judge Hardy's appearance on the contempt charge.

The high State tribunal denied the writ, agreeing with the assertion that the State Bar is going beyond its rightful license in attempting to carry its discipline to members of the bench. In this connection the court decided that virtually everything in the act creating the State Bar and providing the machinery by which it functions bears on the conduct and discipline of those engaged in the active practice of law, saying:

"From a consideration of these sections of the bar act it is reasonable to suppose that the act was intended by its framers to be limited to those engaged in the practice of law."

No mention was made specifically of the $2500 check admittedly received by Judge Hardy, but the court touched upon the prerogatives of judges on the bench by reiterating that clause in the State constitution which says that "no judge of a court of record shall practice law in any court of the State during his continuance in office," and

Will Rogers Remarks:

PITTSBURGH, May 31.—[To the Editor of The Times:] A sure certainty about our Memorial Days is as fast as the ranks from one war thin out the ranks from another take their place. Prominent men run out of Memorial Day speeches, but the world never runs out of wars. People talk peace, but men give their life's work to war. It won't stop till there is as much brains and scientific study put to aid peace as there is to promote war.

Yours,
WILL ROGERS.

Mexico - Vatican Peace Looms

Southern Republic Official and Catholic Circles Bear Out Reports

Early Settlement Indicated by Appointment Given Exiled Archbishop

[Copyright, 1929, by New York World.]

MEXICO CITY, May 31. (Exclusive)—The controversy between the Mexican government and the Vatican is on the verge of settlement, according to inside Catholic sources of information here.

These exceedingly well-informed sources base their assertions on cablegrams from Rome purporting to convey the papal attitude to interested intermediaries in the dispute in Mexico City. For obvious reasons the text of the messages could not be given out, although their contents were indicated.

Government officials in touch with Catholic intermediaries here expressed themselves optimistically. The flat statement was made that preliminary negotiations have proceeded so satisfactorily that all that now remains to be accomplished is for Archbishop Leopold Ruiz y Flores, now in Washington, to return from exile and ratify their details with President Emilio Portes Gil.

Until formal parleys between the archbishop and the Mexican government get under way, the

LABORITES WIN SWAY

Whip Hand Held in Commons

Britain's Victorious Party Just Short of Absolute House Majority

Baldwin Government Meets Decisive Defeat While Liberals Gain

LONDON, May 31. (AP)—The Labor party tonight, with the counting of the votes of the general election all but completed, was just short of an absolute majority in the House of Commons. The most impressive showing of its young life had given it a plurality over the old established Conservative party of thirty-eight seats, although the popular vote for the Conservatives was about 200,000 greater.

The 8,292,204 Labor votes counted had won 288 seats while 8,506,224 cast for Conservative candidates had elected 250. Since there are 615 members of the House, a clear majority would require 308 seats.

The government of Prime Minister Baldwin, which had an overwhelming majority of 185 in the dissolved Parliament, stands definitely defeated. The Liberal party, the second veteran of British politics, was lead by David Lloyd-George to increased representation, which seems to give them a valuable balance of power, although they ran a poor third. The victory of Labor is the more impressive because it has been a steady growth since it won the first two seats in 1900 by a vote of about 62,000.

SEVERAL ALTERNATIVES

The country faces several alternatives. Mr. Baldwin might try to fight it out with the present government, less the members who fell by the wayside in the voting. A coalition between either Conservatives and Liberals or Labor and Liberals might be formed, or, and this possibility looms large, a deadlock may force a new general election next autumn.

The electorate, with about 5,000,000 women voters added, caused a surprise by dismissing the Baldwin government, which had held power for nearly five years, and creating the possibility of the second Labor government the country has known.

If, as seems likely, the King invites Ramsay MacDonald to form a government, he will be able to accept the task with much greater confidence than he did in 1924, when, with only 190 members, he formed a minority government against a Conservative opposition of 258, and depended for existence upon the whims of 158 Liberals.

COUNCIL CALL LIKELY

It is expected that Mr. Baldwin will call a Cabinet council next week to consider the situation. Rumors are current in political circles tonight that he favors holding a meeting of Parliament on June 25, next, and daring the Liberals to vote him out of office.

Ramsay MacDonald, when he reached London tonight, spoke what is in most English minds: "It looks as though the new Parliament will have a very interesting problem in democratic government to face."

The question of party expense is expected to keep all concerned from seeking in the near future a new election. Matters seem on the face to show greater chance of a Labor-Liberal alliance than a Conservative-Liberal.

David Lloyd-George tonight gave the Liberal interpretation of the situation. "It would be silly of us of the Liberal party to pretend that we have realized our expectations. We have once more been tripped up by the triangle.

"Holding the balance is a very responsible position. We fully realize it and you can depend upon it we shall make no unfair use of it. We certainly shall not use it in a haggling spirit. We shall carefully consider what best should be done in the interest of the country. The King's government must be carried on and in the present state of the country it is essential that it should be steady."

Beyond that, the Liberal leader would not discuss the Liberal plans.

The Conservative ministers generally declined to comment on the results.

Women candidates in this election won more seats than they ever had held before but, although women voters outnumbered the men, only thirteen of the sex were elected while forty-two were defeated.

GAINS AND LOSES

The Conservatives made only three gains from the other parties and lost 127 seats.

Labor gained 123 and lost four seats.

The Liberals took thirty-two seats from the other parties, principally from the Conservatives, and lost seventeen.

The gains and losses were divided among the Independents and Communists.

It is notable that among the Independents are three Irish Nationalists, including Joseph Devlin, all opponents of the Conservative party in Northern Ireland and possible supporters of a Labor government.

Two women born in America competed in the election.

Lady Astor, peeress born in Virginia, held her seat in Plymouth by a margin of 211 votes.

"I am going to Parliament, not to Virginia as my enemies hoped," she declared today.

Mrs. Z. K. Hoffman, from New York City, was at the bottom of the poll in Northern Norfolk. She ran as a Liberal. Mrs. Hoffman asserts she is a descendant of Anne

LIGHT RAIN FALLS OVER BAY REGION

Precipitation in North Part of State Extends to Oregon Boundary

SAN FRANCISCO, May 31. (Exclusive)—Light rains tumbled out of clouded skies from the Bay District north to the Oregon line today from the edge of a low pressure area in the Northwest.

At Eureka precipitation was .02 of an inch, making the seasonal total to date 26.94, against 30.39 last year. In San Francisco there was .01 of an inch, making seasonal to date 14.44, against 19.64 last year.

The Weather Bureau predicts light rains in extreme Northern California again tomorrow, as well as in the Sierras and Siskiyous, but fair weather elsewhere. Forest rangers advised that humidity in the timbered areas is above normal.

Had it not been for the shower locally, May would have gone into the records as a perfectly dry month. Normal rainfall for the month here is .80 of an inch. Only four times in twenty years has there been less rain here than there was this month.

HIGH WIND AND RAIN VISIT SAN JOAQUIN VALLEY

FRESNO, May 31. (AP)—High wind, accompanied in some districts by rain and hail visited the San Joaquin Valley this afternoon. The rain which varied from .01 of an inch at Fresno to .11 at Modesto, will necessitate sulphuring of vineyards unless clear weather prevails tomorrow. Maximum temperature of 71 deg. was registered here today.

Blast May End Lives of Three

ELKTON (Md.) May 31. (AP)—One man was killed and three were injured probably fatally this afternoon by an explosion in the mixing room of a fireworks company near here.

A number of other workers, including several women, apparently escaped uninjured.

Harry Brown, truck driver, was the man killed, while three others are in the hospital not expected to live.

BRITISH FEARFUL FOR KING

Bulletin of Royal Physicians Tells of Abscess Near Seat of Former Trouble

[Copyright, 1929, by the Chicago Tribune.]

LONDON, May 31. (Exclusive)—The keenest public anxiety, almost transcending in interest the general election results, was caused today by the news that King George V is suffering from a new abscess of the breast in the same place as that which almost caused his death during his recent illness, and the reassuring tone taken by the royal doctors, it is feared, conceals a more serious situation than they are willing for the moment to admit.

The bulletin issued today from Windsor Castle, signed by Lord Dawson of Penn, who spent the night at the castle, Sir Stanley Hewitt and Dr. Henry Martyn, a local physician, reads as follows:

"His Majesty, the King, had a fair night. An abscess formed under the site of the old scar on the right side of the chest and is now draining. The King's condition remains good. Though the King will need to remain in bed, His Majesty will be able to transact public business."

The last reference undoubtedly was intended to allay anxiety over the constitutional position which must rise if a political crisis followed the general election with no party having a clear working majority.

Bishop Fights Smith Backers

WASHINGTON, May 31. (AP)—Bishop James Cannon, Jr., of the Methodist Episcopal Church, South, today called upon the anti-Smith Democrats of his native State of Virginia to carry forward a determined opposition to the State party leaders who supported Alfred E. Smith in the last Presidential campaign.

Announcing that he would refrain from participation in the Democratic primary next August for the nomination of candidates for State offices, Bishop Cannon, who stumped the South for President Hoover, expressed the "hope that other anti-Smith Democrats will abstain from such participation."

DIPLOMACY AVERTS ROW ON SEATING

Washington Hostess Has No 'Place of Honor' When Mrs. Gann Dines

WASHINGTON, May 31. (Exclusive)—Miss Mabel Boardman, secretary of the American Red Cross and prominent in Washington society, gave the capital's hostesses something to think about this week when she entertained Mrs. Dolly Gann and a number of Senators' wives at the same dinner party without having anybody walk out because her place at the table was unsatisfactory.

Miss Boardman solved her problem by giving an informal dinner at the Grassland Country Club last Monday night and announcing there was to be no place of honor at the table. As a result neither Mrs. Gann, who, as the Vice-President's hostess, claims the best feminine place at the dinner table, nor those who refuse to concede her that honor, could register an objection regardless of where they were placed.

Vice-President Curtis was seated at the right of the hostess, but Mrs. Gann found her place card at the other end. As Miss Boardman designated no man to be her host, friends of Mrs. Gann assert her place ranked in importance next to that of Miss Boardman. Whether Mrs. Gann was right is a question that is furnishing material for conversation in some of the best homes in the capital.

ITALY KILLS 430 TRIBAL REVOLTERS

Uprising Believed Nipped in Major Engagement on Tripolitan Desert May 26

TRIPOLI, May 31. (AP)—Italian authorities believe they have crushed the rebellion of tribesmen under Mohammed Bey Hag Hassen by a major engagement in which 454 were killed on both sides. The battle was fought in the Tripolitan Desert on the 26th inst., and was described in a bulletin issued tonight.

Several thousand men engaged in the combat which came as the climax of a number of minor engagements between the Italian troops and the rebel tribesmen. The communique said 430 rebels were killed, several hundred wounded and many taken prisoner. The Italian casualties of twenty-four dead and seventy-seven wounded, included several officers.

TEXANS DIE IN FLOOD

Houston Torrent Drowns Two

Supply of Drinking Water Cut by Inundation of Pumping Plant

Weather Bureau's Prediction on Crest Offers Hope for Stricken Area

HOUSTON (Tex.) May 31. (AP)—Houston felt the brunt of swirling flood waters tonight that for days had gathered momentum in their sweep toward the sea after torrential rains along the upper reaches of streams in Eastern Texas. Destruction was being spread throughout the gulf area of the eastern half of the State.

Two persons were known to have drowned here tonight.

A messenger boy who rode his bicycle too near the torrents on a downtown street toppled from the bike and was swept away. A horrified bystander lost his balance and fell into the water. He, too, was whirled away. The identity of neither victim was learned.

RELIEF IN SIGHT

Relief was in sight for Houston and vicinity, however. The Houston Weather Bureau announced tonight that Buffalo Bayou, which with its tributaries has inflicted damage amounting to millions of dollars, had reached its crest here and will start receding before dawn tomorrow.

A break in a levee on the Murray farm in Houston county late today caused inundation of 10,000 acres of farm land. No loss of life was reported.

WATER SUPPLY CUT

While dirty, swirling water poured over almost every bridge in Houston, surrounded hundreds of homes and stood many feet deep in business buildings, Houston tonight experienced a scarcity of drinking water. The central pumping plant was rendered useless by the raging bayou. The six water substations still were functioning, although under a heavy strain, and business houses with private wells had volunteered to turn water into the city mains. A serious fire menace existed due to the low water pressure.

The Nueces River rose rapidly in Orange county and was flowing today over the Old Spanish Trail highway between Orange and Beaumont.

SEVEN MILES WIDE

The Colorado River was seven miles wide at Columbus. State prison farms in Fort Bend and Brazoria counties, especially those in the deep Brazos bottoms, were menaced, and at least one transferred all its prisoners to safety some ten miles away.

A terrific rainstorm headed down the Brazos late today, it was reported here. The towns of Lynchburg, Gaston and Clodine near here were inundated. The residents either were moving about in boats or had gone to higher ground.

New Mexican Town Struck by Severe Storm

DEMING (N. M.) May 31. (AP)—The first storm of tornado proportions which has visited Columbus, N. M., in more than twenty years, struck there last night, wrecking the two-story depot, several buildings and disrupting communication lines. It still was impossible to reach Columbus by telephone or telegraph today.

Dan Chadron, who came here from the border after the storm, said a swath several hundred feet wide was cut through the town from southwest to northeast. He said there was considerable property damage, but no one was hurt.

NEW YORK PARBOILED

June Arrives on Heat Wave

Death Toll Now Six from Sun and Fourteen Drowned

Region from Pittsburgh to Boston Swelters, But Relief Sighted

NEW YORK, May 31. (Exclusive) New York simmered and sizzled today in the hottest weather this year.

The rain and shine gods, having drenched the city thoroughly in one of the wettest Mays on record, turned on the heat for incoming June and parboiled the town for fair.

At one time this afternoon the mercury read 90 deg.—4 more than the previous record of 86 on April 8—and silk-clad women and coatless men gasped and grumbled. For an hour the temperature stayed there and then fell off, promisingly, 1 deg.

FOURTEEN DROWNED

There are six dead from the sun and fourteen, mostly boys, drowned because they tried to escape its rays in the water.

From Boston to Pittsburgh the heat wave held out, with a mounting casualty list. Cooler weather is predicted for tomorrow.

Although today was the hottest day of 1929, it was considerably more comfortable than either Wednesday or Thursday because of a lowering humidity. The thunder showers that were promised on Memorial Day showed no traces of coming today either.

A sizable northwest wind, which reached a welcome force of eighteen miles an hour, was responsible for the slight drop in temperature tonight.

HEAT AFFECTS BRIDGE

With things generally uncomfortable, even traffic tie-ups were blamed on the heat today, when passengers on the Flushing line of the I.R.T. were held up by the failure of the drawbridge spanning Flushing Creek to lock properly after it had been opened for the passage of tugs. The first delay at 10:20 a.m. lasted thirty minutes and the second, three hours later, held up service nearly forty-five minutes. The transit commissioner said the heat expanded the steel girders of the bridge and interfered with the mechanism of the draw.

New England, particularly affected by the unseasonable warmth, also is hoping for a drop in temperatures with the advent of northerly winds. Boston, where seven persons have died of the heat in the last few days, breathed a bit easier when an east wind sent the mercury down 16 deg. in twenty-three minutes.

Supplies Sent Typhoon Victims

MANILA, May 31. (AP)—Supplies for the sufferers in the typhoon devastated area of Leyte Island were dispatched on the Coast Guard cutter Polillo tonight by Eugene A. Gilmore, acting Governor-General of the Philippines. The latest report of the casualties of Friday's storm is 119 dead and a property loss of $250,000.

The Polillo carried three special Red Cross units, consisting of doctors and nurses, to reinforce the emergency personnel operating within the typhoon area.

House Passes Rail Mails Bill

WASHINGTON, May 31. (AP)—The House today passed the Wood bill to appropriate $52,000,000 for additional compensation to railroads for transportation of the mails, in accordance with increased rates fixed by the Interstate Commerce Commission. The measure goes to the Senate.

LINDBERGHS TAKE AUTO SPIN

Eagle and Mate Emerge from Orange-Blossom Aerie; Colonel's Name to be in Social Register

ENGLEWOOD (N. J.) May 31. (Exclusive)—Trundling solemnly along Demarest avenue, Englewood, in a small sedan, Col. and Mrs. Charles A. Lindbergh emerged briefly today from their orange-blossom seclusion—bearing out the exclusive story published last Wednesday that the taciturn ace and his bride are honeymooning near the Morrow estate on which they were married last Monday.

They drove, with Lindbergh at the wheel, westward toward Knickerbocker Road and disappeared from the view of beholders.

Lindbergh's seat-mate in front was an unidentified youth. Behind sat Anne in a flowered print dress and a broad-brimmed natural straw hat. Mrs. Josephine Graham, her mother's private secretary, bore her company.

Just fifteen minutes later the elusive Lindberghs appeared on Demarest avenue. The sedan had been driven from the Morrow grounds by a family chauffeur. Mrs. Graham was in the car then.

Through his marriage it was learned today, Lindbergh has been elevated to the eminence of the social register. The ex-air mail pilot, whose Atlantic hop gave him world-wide fame, will appear in the dilatory domiciles edition, out in June, as the husband of Miss Morrow. The listing will appear as did that of Gene Tunney last fall.

"Miss Anne S. Morrow (Dwight W.) married at Englewood, N. J., to Lindbergh, Col. Charles A., May 27," will be the language of the listing. Then, if Lindbergh's social credentials appear satisfactory to

ARMS WAR INTIMATED

Stimson Speaks for Redress

Says Failure of Nations to Agree Will Start Vast Expenditures

Secretary Invokes Naval Accord on Grounds of Economy

WASHINGTON, May 31. (Exclusive)—An appeal for naval reduction on economic grounds was sounded by Secretary of State Stimson today in a formal announcement outlining prospective future costs of naval competition to the peoples of the world.

Secretary Stimson stressed the burden imposed by new naval construction and indirectly warned the major sea powers that unless a reduction agreement is ratified, as advocated by President Hoover in his address at Arlington yesterday, the United States contemplates the expenditure of well over a billion dollars on new fighting ships during the next fifteen years.

CONFERENCE INDICATED

Col. Stimson's pronouncement was interpreted in Washington tonight as indicating the administration's decision to call a new naval reduction conference within the near future. White House officials refused to comment on the probability of Mr. Hoover's inviting the Washington treaty powers to meet prior to 1931, but admitted that the early calling of such a conference is well within the realm of probability.

"I have in my possession a memorandum from the Director of the Budget showing the cost of the program recommended by the Navy Department in case the policy of naval reduction which the President advocates is not adopted," said Secretary Stimson. "That memorandum shows that the authorized and contemplated naval program for the construction of new ships alone amounts to $1,170,800,000.

"In addition to this enormous sum for new construction there also will be required very large increases in the already large naval budget to cover the operating cost of these new ships.

COST REALIZED

"When it is borne in mind that the foregoing figures involve the construction program of only one nation and that if it proceeds other nations will be impelled to follow suit, the burden of unproductive expenditure which will be imposed upon the economic world during the next fifteen years can be to a certain extent realized."

In some quarters the Stimson statement was interpreted as meaning that the administration intends to scrap part of the fifteen cruiser program approved last winter. Asked about this point, Mr. Stimson said he would not say what was in the back of the President's head. He said he made his statement today "as Secretary of State."

GERMANY PLEASED BY HOOVER ADDRESS

BERLIN, May 31. (AP)—While no formal statement could be obtained immediately concerning President Hoover's speech at Arlington yesterday, Wilhelmstrasse officials left no doubt that the whole German Foreign Office, including the Foreign Minister, was greatly pleased at the President's energetic defense of disarmament.

"We welcome every initiative in the direction of limitation or the abolition of armaments," a Foreign Office spokesman told the Associated Press, "but particularly when that initiative comes from as powerful and important a man as President Hoover.

"The fact that Mr. Hoover thus early in his career as President places the prestige of his personality and position so openly and energetically behind disarmtment shows how deeply interested he is. The speech, of course, is mainly concerned with naval armaments reduction and must therefore primarily be considered an earnest warning to England, but although Germany is not a naval power, she has consistently held to the view that the whole disarmament question is an indissoluble unit, so that even naval reduction is a welcome forward step. Germany naturally hopes, however, that it will react also upon land armaments.

"We naturally heartily agree with President Hoover's reference to the Kellogg pact for we were the first nation to indorse it unreservedly. We hope that President Hoover's strong appeal will not be spoken in vain, and that deeds will follow."

KING COMMENTS ON PRESIDENT'S VIEWS

WASHINGTON, May 31. (AP)—Commenting in the Senate today on President Hoover's Memorial Day address, Senator King, Democrat, Utah, declared that it contrasted sharply with views expressed by Army and Navy officials on disarmement.

"It brings a ray of sunshine," he said, "to those who believe that the Kellogg-Briand peace treaty was made effective and is a strong departure from the position taken by the former Secretary of the Navy, who advocated a $1,000,000,000 construction program, and by the present Secretary of War, who is asking enactment of universal draft legislation."

CONGRESSMAN GOES GUARDED

Representative Doyle Armed With Pistol While in Chicago

CHICAGO, May 31. (AP)—Even a Congressman carries a gun in Chicago. Representative Doyle's chauffeur disclosed the fact when he was arrested while pacing up and down a South Side street today. A suspicious patrolman found the chauffeur, John Gill, carrying a pistol.

"What's it to you?" Gill replied to the policeman's inquiry. "I'm Representative Doyle's chauffeur."

Doyle, who represents the Fourth Illinois District, was called to the station. When he left there were no charges against the chauffeur, and Doyle had the pistol in a holster on his hip.

State Official Warns Against Filipino Influx

SACRAMENTO, May 31. (Exclusive)—Marked increases in Filipino immigration into the United States are a subject for grave concern on the part of officials of the State Department of Industrial Relations.

In a report filed with Gov. Young, Will J. French, director of the department, comments that 2676 Filipinos came into California through the port of San Francisco during the past five months.

Filipinos also are admitted through the ports of Los Angeles and Seattle. Social and health conditions are the principal problems connected with the Filipino immigration, French points out.

State Gas Tax Apportioned

SACRAMENTO, May 31. (Exclusive)—Apportionment of $5,113,015 in gasoline tax money to the various counties of the State was announced today by Ray L. Riley, State Controller. This amount is the share of the counties for gasoline distributed in the period from October 1, 1928, to March 31, 1929.

Almost half of the fund goes to Los Angeles county, or $2,063,811. San Francisco county receives $397,098 and Alameda county, $365,935.

FITZGERALD'S
FOR THE ADVANCEMENT OF MUSIC

EIGHTY-SEVEN YEARS AGO

By David Bingham

When Hugh Hardman began making pianos eighty-seven years ago he had an ambition—and a big one, which was to make the best piano ever known—He gave but scant consideration to finances—advertising was unknown in the piano business of that time and all his thought, time and attention were devoted to his one purpose. He succeeded far beyond his dreams and not only accomplished his purpose but made money. The men who have followed after him in the business had the same ideas—limited production—never commercialized, no artist ever subsidized—no one ever paid to use the instrument. This cannot be said of other well known pianos — its value is all in the piano—if you have not heard it you have not heard the Ultimate of Pianos. Prices begin at $925.

SWAMPSCOTT (Mass.) May 31. (AP)—Campaign for strict observance of the laws of the United States would not be necessary if the American parent fulfilled the obligations of parenthood, Mrs. John D. Sherman of Denver, Colo., declared today before the American home department of the thirteenth biennial council meeting of the General Federation of Women's Clubs.

"A home that lacks reverence and respect for the sacred things of life is a menace to the community," Mrs. Sherman, who is chairman of the department, declared. "If we could induce parents to recognize more fully their moral obligations to their children we would not have to conduct campaigns for law observance, and the National Crime Commission would not be able to report the cost of crime for one year at 'nearly $13,000,000,000.'"

BILLBOARDS HIT

Mrs. Joseph C. Gawler of Yakima, Wash., spoke on a survey now being conducted by State home economics teaching chairmen to learn more about conditions under which home economics is taught and the attitude of the average woman toward home-making training.

A resolution was adopted by the council favoring the restriction of all outdoor advertising to commercial districts. The resolution also recommended that club women give consideration only to those firms which do not "desecrate the landscape with advertising."

INDIAN PLEA HEARD

In answer to an appead by Mrs. John F. Sippel of Baltimore, president of the council, for funds for the federation magazine, Federation News, $5000 was pledged by the delegates. Mrs. Sippel reported that the magazine was in financial difficulties. The largest single pledge was that of Mrs. Joshua Hodgins of Marionette, Wis., $500.

Mrs. Eugene B. Lawson of Tulsa, Okla., a full-blooded Indian princess of the Delaware tribe, presided at the morning session for a brief period. She asked for funds to assist educational work among the Indians, and $250 was pledged.

MEXICO CHURCH WAR NEARS END

mutually acceptable conditions on which the settlement is expected to be based will be withheld from the public.

There are several substantial reasons for these precautions, but it will suffice to mention two outstanding ones; the first of these is the necessity for avoiding premature disclosure of matters still under discussion; the second is to prevent self-appointed spokesmen for the church from stirring up animosities anew.

It is declared that a mutually acceptable solution has been found for priests. This issue grew out of former President Calles's decree of July 2, 1926, requiring priests to register themselves with municipal authorities. It also is declared that a way has been agreed on to permit the Catholic church to educate its priests and nuns.

FIRST STEPS BY VATICAN

The first steps toward peace between church and state, it was disclosed, were initiated in the Vatican. Then they became the subject of discussions between the Vatican and members of the Diplomatic Corps in Rome. The Vatican next sought informal intercession of President Hoover. Ambassador Morrow's approach to the subject was made in a way to respect fully the Mexican concept of sovereignty.

RUIZ APPOINTED APOSTOLIC DELEGATE

WASHINGTON, May 31. (AP)—Early negotiations for settlement of the differences between the Mexican government and the Roman Catholic Church were presaged tonight by the announcement by Archbishop Ruiz, president of the Mexican bishops' conference, that he has been appointed by the Holy See to be apostolic delegate in Mexico.

President Portes Gil is understood to be ready to receive overtures from the church looking toward reestablishment of the Catholic ecclesiastical organization in Mexico. He took a step in that direction recently with an address to the archbishop here of an invitation for negotiations.

How soon the Mexican archbishop will confer with President Portes Gil has not been decided. He has applied for a passport, but has made no plans for departure. It is considered likely, however, that he will go to Mexico City within two weeks.

TRIAL HANGING KILLS BOY

Experiment With Noose by Grandson of Taft's Secretary of War Proves Fatal

CHICAGO, May 31. (Exclusive)—John McGavock Dickinson, 12 years of age, whose grandfather, Jacob Dickinson, was Secretary of War under President Taft, and whose father is a prominent Chicago lawyer, tried the experiment of hanging himself today. It cost him his life. The boy's body was found in a clothes closet of the Dickinson home in Winnetka, a belt around the neck and fastened to a hook and on a nearby bed was a book of Sherlock Holmes stories by A. Conan Doyle.

The father, Jacob M. Dickinson, Jr., is certain the boy did not intentionally kill himself.

The hook to which the belt was fastened was no higher than the boy's head, they pointed out, and when the mother found him, John's feet were on the floor and the knees were bent.

The belief of the boy's parents is that he was experimenting with the noose, testing the effect of suspending his weight from his neck. Apparently, they say, the pain caused the boy to collapse in a panic and he was unable to regain his feet or grasp the strap before he lost consciousness.

M'CORMICK QUIZ ORDERED

Sensations Hinted Due in Disclosures of Care Given Incompetent Heir to Millions

SANTA BARBARA, May 31. (AP)—Investigation was ordered by the Superior Court here today into the care and treatment of Stanley McCormick, incompetent son of the late Cyrus K. McCormick and owner of an estate valued between $70,000,000 and $80,000,000.

The ruling by Judge H. S. Gans brought to a pivotal point a legal contest between Mrs. Katherine McCormick, wife, and Harold McCormick and Mrs. Anita McCormick Blaine, brother and sister of the millionaire who has been a ward of the court for more than a quarter of a century.

The brother and sister recently petitioned the court to investigate conditions at the Montecito estate, near here, where they said Stanley McCormick has been under care and virtually a prisoner. Mrs. Katherine McCormick countered with a petition for the removal of the brother and sister, who are joint guardians with her in the custody of her husband.

The time and conditions of the investigation will be fixed later by agreement of counsel.

Stanley McCormick, who is 55 years of age, inheritad a portion of the estate of his father. This share, valued at $10,000,000 when the estate was divided, is reported to have increased seven or eight times in value.

It was intimated by counsel that sensational conditions will be disclosed by the investigation concerning the treatment of McCormick in his isolation.

NO CONSERVATOR NAMED FOR HIS PERSON

CHICAGO, May 31. (AP)—Stanley McCormick, investigation of whose care and treatment was ordered in Santa Barbara, Cal., today, has been the object of litigation here between his wife and a brother and sister.

Mrs. Stanley McCormick applied some time ago to be appointed conservator of both the person and estate of her husband. Judge Horner in Probate Court appointed as joint conservators of the estate Mrs. Stanley McCormick, Harold F. McCormick, a brother; Mrs. Anita McCormick Blaine, a sister, and the Continental Illinois Bank and Trust Company. He declined to appoint a conservator for the person of Stanley McCormick, holding that the latter's long residence in California deprived the court here of jurisdiction.

Mrs. McCormick took an appeal to Circuit Court where Judge Feinberg, on the 24th inst., took the case under advisement.

SUPREME COURT UPHOLDS HARDY

(Continued from First Page)

that where violations of this clause are discovered "impeachment proceedings" are the proper method of determining the facts.

Constitutionality of the act was attacked on a great number of factors, but the major point raised was that the act violated provisions regulating the formation of corporations. The court denied that any such violation was evident in the forming of the State Bar.

The ruling called attention to the fact that the constitution provides corporations must be formed by general and not by special law, but the law is applicable only to private corporations. The State Bar, the decision held, is a public corporation and cannot be considered bound by the language of that portion of the act cited.

HARDY WITHHOLDS COMMENT ON DECISION

Superior Judge Hardy declined to comment yesterday on the decision of the State Supreme Court upholding his refusal to testify before a special committee of the State Bar Association in connection with his acceptance of a $2500 check from Aimee Semple McPherson.

"I have been informed over the telephone of the Supreme Court's ruling," said the judge, "but I have not yet read the court's findings and consequently do not feel that I am in a position at this time to discuss that part of the case."

McCOMB RULING APPEALED

The issue was taken to the State Supreme Court on an appeal from a decision by Superior Judge McComb, who declined to hold Judge Hardy in contempt for refusing to answer questions of the bar's investigating committee.

Speaking of the case as it developed before Judge McComb, Judge Hardy stated he believes he made clear his grounds for refusing to acquiesce to the bar's demands.

STATEMENT SUBMITTED

"I refused to testify because I believe the Bar Association has no authority or jurisdiction to question the conduct of a judge. I did, however, out of courtesy, submit a statement of facts to the association which covered practically the entire case as brought out at the impeachment proceedings against me in the State Senate.

"I felt that it would seriously interfere with the freedom of the courts if the State bar were to have the authority of investigating any judge who might have incurred the disfavor of any of its members. Believing that the courts should be free of any menace of intimidation, I refused to be sworn or to testify before its committee. It was then that the bar cited me before Superior Judge McComb, who ruled the bar did not have the authority to question me, and the appeal followed."

LABORITE POLL BRINGS POWER

(Continued from First Page)

Boleyn, one of the wives of Henry VIII.

Ramsay MacDonald was jubilant today over Labor's great success. In his own constituency in Durham he confessed that he "honestly did not expect" to see the Labor party so powerful in the new House.

"The results have been magnificent," he said. "The government has lost the confidence of the country and Labor has won it. Thanks are due to the women who voted for a policy of social reconstruction at home and peace abroad.

"It is not going to be all beer and skittles, especially for me. I am only beginning to bear the burden, but I will do it cheerfully," the Labor leader concluded.

Labor headquarters in London declared the development of the Labor vote is not confined to the industrial constituencies, since commercial cities such as Liverpool and Birmingham are joining in the movement.

"FAMILY PARTIES"

All three leaders of the chief parties will enjoy little family parties in the next House, although that of Premier Baldwin will be subject to some discord.

Mr. Lloyd George was accompanied to victory by his daughter Megan Lloyd George and his son, Maj. Gwylim Lloyd George. Both won victories for the Liberals.

Ramsay MacDonald saw his son Malcolm come in for Labor, but Premier Baldwin had no such consolation in the hour of his defeat.

His son, Oliver Baldwin, 30 years of age, won for Labor a traditionally Conservative seat in his father's own county of Worcester. Premier Baldwin will sit for Bewdley in the next House and Oliver for Dudley.

Arthur Henderson, Home Secretary in the Labor government of 1923, heads another family representation in the House. He was returned with two of his sons for Labor.

Sir Oswald and Lady Cynthia Mosely will sit side by side on the Labor benches. The daughter of the late Lord Curzon is a newcomer to Parliament and captured a seat from the Conservatives for the Labor cause.

James Maxton, redoubtable leader of the Independent Labor party, a strong body within the Laborite ranks, was re-elected in Glasgow by a majority of more than 10,000. His return is important in view of the influential position of the "I.L.P." on the left wing of the Labor party.

"By getting control of the government machinery of this country," he said just before the election, "labor will see that the foundations of a Socialist commonwealth are laid so that there are no rich and no poor and an end is put to exploitation."

The financial geniuses of the Conservative and the Labor parties were both victorious.

CHURCHILL RE-ELECTED

Winston Churchill, brilliant Chancellor of the Exchequer in the Baldwin government and an outstanding British political personality, and Philip Snowden, Labor Chancellor in 1923, were re-elected to the House, where their budgets were celebrated for brilliant grasp of financial problems.

The Communists, who had waged a bitter campaign against the Labor party, never got their heads above water.

Their sole representative in the last Parliament, the Parsee, Shapurji Saklatvala, was defeated by a Labor candidate. H. Pollitt, one of the British Communist party chiefs, was snowed under by Ramsay MacDonald in Durham.

THIRTEEN WOMEN

The thirteen women elected, six of them newcomers, will take their seats in the next Parliament. This is an increase of three in the women's delegation over the last House.

Nine of them will be included among the Labor party membership. The Conservatives re-elected three women. Miss Megan Lloyd George is the sole woman representative of the Liberal party.

A revised list of women members follows, "X" indicating a member of the last House.

Labor (X) Margaret Bonfield; Dr. Ethel Bentham; Mrs. Mary Hamilton; (X) Susan Lawrence; (X) Jennie Lee; Lady Cynthia Mosley, Dr. Marion Phillips; Miss E. Picton Tuberville; (X) Ellen Wilkinson.

Conservative: (X) Lady Astor; (X) Duchess of Atholl. (X) Countess Iveagh.

Liberal: Megan Lloyd George.

British Election Result Seen as Aid to Peace

American Officials Decline to Comment Publicly

Recognition of Russia May Affect Policy Here

WASHINGTON, May 31. (AP)—American government officials, while declining to comment publicly on the results of the British general elections, held the general view today that if the Labor party takes over the government with Ramsey MacDonald as Prime Minister, an impetus will be given to the naval reduction program sponsored by the United States.

Secretary Stimson refused to comment, and said he had not yet received "any authentic information" about the English balloting.

RECOGNITION TO FORE AGAIN

The question of recognition of the Russian government by England, advocated by the Labor party, is considered by American officials to have potentially an important effect upon the foreign relations policies of the United States. In the event of the granting of this recognition, it is believed here that a good deal of pressure might be brought to bear upon the United States to grant similar relations to the soviet government.

Recognition by Great Britain of the soviet government would place the United States in the position of being practically the only large power which has not accorded these relations to Russia and it is thought another attempt might be made in the Senate by Chairman Borah, of the Senate Foreign Relations Committee, to bring about American recognition. Senator Borah has been an admirer of Ramsey MacDonald and was an interested observer of yesterday's election results.

PEACE MAY BE AIDED

"If the results should be such that MacDonald should become Premier," Borah said in a statement, "it would mean much in my opinion, in the cause of disarmament and peace. During his brief term in office, he revealed not only his exceptional ability to deal with the problems, but disclosed unmistakably his sincerity and courage. Insincerity in the matter of disarmament has been reduced to a science. If, therefore, it should come about that a man of deep sincerity is placed at the head of the British government it will be about the most important event in this matter since the war."

Senator Norris, Republican, Nebraska, declared the election result is "a forceful demonstration of the domination of progressive ideas."

Senator Wheeler, Democrat, Montana, said "The people of England have struck a blow not only at ignorant reactionism in their own country but the blow will be felt in all parts of the world."

On the House side, Representative Laguardia, Republican, New York, said the Labor party victory should be a warning to the Republican party in this country to reform itself."

Before adjourning early this aft ernoon to Monday, the House re ceived from its Rules Committee special rule providing four hour general debate on the census re apportionment bill Monday, an for taking the measure up unde the five-minute rule for amend ments Tuesday. This program in sures passage of the legislation b the middle of the week.

FARM-RELIEF ACTION

Agreement upon the report to b made to the Senate and House o farm-relief legislation, including recommendation for the elimina tion of the export debenture pla is expected to be reached tomor row by the Farm Relief Conferenc Committee.

The report would have to be ap proved by both branches of Con gress before the legislation coul be sent to President Hoover an today chief interest was mani fested on how the proposal to elim inate the debenture section woul be received by the Senate.

The most recent checks of th Senate leadership have been hel to indicate little change in senti ment among those favoring th debenture plan. Administratio leaders, however, were hopeful th opinion would prevail that speed enactment of a farm law, consid ered to be possible only if deben tures are eliminated, was th paramount duty of Congress, an that debenture advocates would cide to tack their proposal onto th tariff bill instead of insisting o its embodiment in farm legisla tion.

Senator McNary of Oregon, chair man of the conference committee has called a meeting for tomor row. The conferees expect to con tinue their negotiations all day i necessary to complete a report be fore nightfall.

An early agreement on a repor was made possible by the resump tion of meetings today as House members agreed to take up a gen eral discussion of the two farm bills passed separately by the Senate and House, leaving the controverted de benture plan to the last. They resumed negotiations presumably upon the understanding that the Senate conferees would agree to making a report recommending the elimination of debentures.

BOARD OF NINE PLANNED

At today's meeting, the conferees decided upon the wording of th declaration of policy, and bega a discussion of how many mem bers should comprise the proposed farm board and the manner of fix ing the salary of the chairman. The House bill provides for a board of six members with the chairman's salary fixed by the President. The Senate's bill would set up a farm board of twelve members all of whose salary, including that of the chairman, would be $12,000 a year.

Conferees indicated that the final draft will recommend a board of nine, all members receiving a $12,000 annual salary.

Administration quarters also are demanding that the Senate set a date for voting on the tariff bill. This could be done only by unanimous consent and Republican leaders must do some skillful maneuvering to bring it about. FLORIDA GIVES HOOVER NEW VICTORY

WASHINGTON, May 31. (AP)—President Hoover won a notable political victory when he carried Florida in last fall's election, but he won a greater victory in the same State when its Democratic Legislature yesterday adopted a resolution supporting his fight to eliminate the debenture amendment from the Federal farm-relief bill.

The resolution set forth that the debenture plan is inimical to the best interests of Florida. It was drafted for the benefit of the State's representatives in Congress and was addressed to them. Upon its receipt by wire here today both Senators Trammell and Fletcher of the Peninsula State announced they will reverse their previous stand and vote against the debenture when it again comes before the Senate.

Their shift is believed to insure the death of this subsidy feature, which carried in the first place by only three votes.

GLASS WANTS TO TAX MARKET TRADING

WASHINGTON, May 31. (AP)—Senator Glass of Virginia, a former Democratic Secretary of the Treasury, is contemplating an amendment to the tariff bill, to place a tax on speculative transactions in the stock exchanges.

The Senator has been working on legislation which he hopes will define a differentiation between speculative and investment transactions on the exchanges and thus permit of closer Federal supervision of the former.

He had in mind a tax of 5 per cent on dealing in stocks and securities of which the parties selling them had been the owner for less than sixty days. His amendment, however, has not been drafted nor introduced.

Amendments to the tariff bill were introduced today by Senator Trammell, Democrat, Florida, that would increase the rates from 1 cent to 1½ cents on oranges and from 1 1-6 cents each to 1½ cents on pineapples in bulk.

Another amendment would make pineapples in crates of 2.45 cubic feet dutiable at 50 cents a crate instead of 35 cents.

The proposals were referred to the Senate Finance Committee which is considerating the measure.

ATTORNEYS MURDERED IN OFFICES

Law Partners Victims of Texas Slayer's Bullets; Suspect in Custody

EL PASO (Tex.) May 31. (AP)—H. D. Oppenheimer and Frank Lyons, law partners, were shot and killed today in their offices on the fifth floor of the First National Bank Building here. A man giving the name of Jose Marin was taken in custody and police say he admits slaying the men.

When police were called to the office of the slain attorneys, they found that telephone wires leading into the office had been cut, thereby preventing any outside call for assistance.

Marin was found by police standing near the door leading into the office occupied by the slain men and was taken in custody. No reason was assigned for the slayings.

Pope Pius Signs Lateran Treaty

ROME, May 31. (AP)—The Popolo D'Italia said today that Pope Pius already has signed a copy of the principal Lateran treaty which is destined for the Italian government in the imminent exchanges with Premier Mussolini.

The paper also said that credentials for Cardinal Gasparri, the papal Secretary of State, have been prepared in anticipation of the ceremony.

YOUNG SIGNS U.C.L.A. BILL

Regents Given $525,000 for Westwood Buildings

State to Get Money Back by Vermont Site Sale

Governor Pens Approval to Other Measures

SACRAMENTO, May 31. (AP)—Appropriation of $525,000 for construction and equipment of buildings on the new University of California at Los Angeles site at Westwood, was approved by Gov. Young today.

The appropriation bill was introduced by Assemblyman Bishop of Alameda. It provides that the State shall advance to the university regents $525,000 after the regents have agreed to set aside certain Los Angeles county properties of the university for sale, the proceeds from such sales to be paid over to the State for general purposes. These properties might be leased for short periods provided that moneys derived therefrom less commissions and other expenses be turned over to the State.

EMERGENCY STATUS

The purpose of the measure, which bears an emergency status and goes into effect immediately, is to permit the university regents to establish and equip structures on the institution's new campus at Westwood, abandoning the present Vermont-avenue campus.

The regents informed the Governor they intend moving to the new campus the State Teachers' College conducted in conjunction with the university and that the new buildings are to accommodate that college.

Other measures signed by the Governor today included:

Senate Bill No. 655, by Garrison, requiring superintendent of schools to certify to board of supervisors and county auditor the total cost of educating junior college pupils residing within the county but not within any junior college district, together with his estimate of the funds needed for that purpose for the current year.

Senate Bill No. 639, Carter, empowering county superintendent of schools to transfer from elementary school fund a sum not to exceed 12½ per cent of the first tax levy following the date the bill is effective for revolving fund for use in the purchase of school supplies, and providing for the repayment of the cost by the districts.

CHECK ON SUPERVISORS

Senate Bill No. 203, McCormack, provides boards of supervisors of counties must not prior to January 1 contract any debt or liability exceeding 70 per cent of the auditor's estimate of revenue except for roads and bridges made impassable by flood or fire.

Senate Bill No. 626, Sharkey, bringing mutual benefit associations under somewhat similar regulatory measures to those employed for insurance companies.

Senate Bill No. 227, Handy, Hurley and Swing, provides for the abandonment of county roads that have ceased to be used, by declaring that the supervisors may abandon any such road when it has been impassable or unused for a period of five years.

Assembly Bill No. 250, Keaton, provides for the annexation by a city of territory in an adjoining county and sets up procedure for such annexation.

Assembly Bill No. 140, Byrne, making false distribution and use of written matter resembling processes of courts a misdemeanor.

Assembly Bill No. 138, Roberts, declares no pupil shall be suspended from school for more than two consecutive weeks and gives parents right to appeal to the county board of education in case of expulsion.

Assembly Bill No. 4, Byrne, prohibits employers from finger printing or photographing employees or applicants for employment.

BRITONS' BID CONSIDERED BY GOLDWYN

Film Producer, Back from Trip Abroad, Still Thinking Over Offer

NEW YORK, May 31. (AP)—Samuel Goldwyn, motion-picture producer, returned from Europe on the Berengaria today and said he still is considering the recent invitation of a British company to become its head and move his entire staff from Hollywood to London.

"The offer is flattering," he said, "and I am thinking it over. I naturally want to weigh every factor in the proposition."

The producer said that while in Paris he contracted with Rudolph Friml, composer, to write an operetta for the sound films.

"We must have music as well as plays that are original," he said. "This means that the talking film of the future will be in direct competition with the legitimate stage, and that is how it should be."

VENICE CANALS MUST GO

State Supreme Court Orders Los Angeles to Sign Contract for Filling Up Waterways

SAN FRANCISCO, May 31. (Exclusive)—Abbott Kinney's dream of keeping the canals of Venice, Cal., as a perpetual memory of the canals of Venice, Italy, was shattered by the State Supreme Court today in the form of a writ of mandate calling upon the Board of Public Works of the city of Los Angeles to execute a contract for the filling of the waterways.

R. A. Watson, contractor, who obtained a contract from the board for filling in the canals of the American Venice, sued for the writ when representations were made in court that Los Angeles was without authority to fill the canals because of the recommendations in Kinney's deed to the original city of Venice that they be maintained as a means of ingress and egress.

Because of the use of that term, the Supreme Court held the filling of the canals is valid in accordance with the provisions of the deed. Filled, the court held, the canals become highways and as highways, they continue to be a means of ingress and egress. On that basis, according to the court, the contract obtained by Watson under a public bid legally is enforceable.

Kinney was the founder of Venice and it was his ambition to preserve the canals in their original state as waterways for all time. The question of what was to become of the canals was one of the moot points brought out at the time Venice, by popular vote, annexed itself to Los Angeles.

"REALIZED INCOME" SOARS

Ninety-Billion Aggregate Figured for Nation for 1928 by Economic Research Bureau Expert

WASHINGTON, May 31. (AP)—The nation is credited with a $90,000,000,000 "realized income" for 1928 by Prof. Morris A. Copeland of Cornell in findings made public today by the National Bureau of Economic Research.

An increase of three-eighths was shown from 1921 to 1927 in this type of income, which does not include paper profits, profits from sale of capital assets or the value of housewives' services, he says. The average for each man, woman and child reached $750 in 1928.

DESPITE HANDICAPS

This growth, he explains, was accomplished in the face of agricultural depression, price changes and "deflation," with the Middle Atlantic, East North Central and Pacific States experiencing the greatest prosperity. An increased share, he said, went to employees and their income did not show the same fluctuations as the ups and downs of business.

He sees an apparent improvement in agriculture's position in average current income, although over a thirteen-year period the proportion going to agriculture decreased 3 per cent, which he explains as being due partly to increasing industrialization of the nation and partly to a change in the relative remuneration of farming.

Manufacturing property and borrowed capital, he finds, represented only small proportions of the total realized income.

BASIS OF CONCLUSIONS

Prof. Copeland's conclusions are based on an exhaustive study conducted by the research bureau for the committee on recent economic changes created, with Herbert Hoover as chairman, by the 1921 President's conference on unemployment. He prepared the chapter on "The National Income and its Distribution," which appeared in the report recently published by the committee, which was actively headed by Mr. Hoover until a short time before his election to the Presidency.

MAD VETERAN MOWS DOWN SIX

Three Dead When ex-Soldier Runs Amuck

CHICAGO, May 31. (Exclusive)—Two policemen and a civilian were shot to death and a third policeman and two civilians were wounded today, when Fred Preuss, a World War veteran with a deadly aim, went into a murderous drunken frenzy in and about his little flat at 2431 Thomas street.

The killer's mad rampage lasted only a few minutes. He fled, leaving a trail of death and blood behind him, and was seen last running down an alley brandishing a revolver taken from the holster of one of his police victims. The dead:

Policeman John Lee Conley, head of a detective bureau squad; Policeman Herbert Hagberg, a member of Conley's squad; Joseph Choraseak, coal dealer, neighbor and friend of the slayer.

Preuss, who was gassed in France during the World War, had been drinking moonshine whisky for the past three weeks. He had been drunk night and day and for some days had not gone to his work as a die maker, according to his wife. Hours before the shooting he had warned neighbor women to "keep your heads inside your windows if you don't want them blown off," police said.

DAM DISASTER HEROINE AWARDED SILVER MEDAL

NEW YORK, May 31. (AP)—Three women and one man today were announced as the 1928 winners of the Vail silver medals and $250 each awarded annually by the Bell Telephone system to those of its employees who, during the year have performed "the most noteworthy public service."

The four are Mrs. Mabel Hite, Porter, Neb.; Olin E. Purdue, Atlanta; Mrs. Athea P. Marks, Saticoy, Cal., and Miss Anna C. Yurecsko, Rockaway, N. J.

Mrs. Marks, a telephone operator, was cited for "courage and devotion to the public service" during the St. Francis Dam disaster when she remained at her post to warn her residents of the Santa Clara River Valley that the dam had gone out, although aware at the time that the flood waters might reach her.

Does your home still live in the bustle age ?

Pictured at the left is Miss Los Angeles of many years ago. We moderns laugh at her today and recall with mirth the age when an ankle was a curio and manly beauty was measured by the length of chin adornment. We wouldn't think of dressing like that today unless to attend a masquerade.

Yet to enter many a Los Angeles home today is to step back into the "bustle-age" of years ago. Perhaps part of the home is modernly dressed... but here or there may be an ancient piece that strikes a discordant note and harks you back to the long ago.

SUSPECTS HELD IN STAMP FRAUD

Accused Members of Ring Surrender

Rich Patrons Faced With Prison Terms

Sale of "Washed" Postage Nation-wide

NEW YORK, May 31. (Exclusive) Scores of wealthy business men and high corporation officials, if caught, will be liable to five-year terms in prison on charges of having bought "washed stamps" from a ring of canceled-stamp racketeers that costs Uncle Sam $4,500,000 annually.

This was the announcement made tonight by U. S. Dist.-Atty. George J. Mintzer after two accused members of the ring surrendered to Federal officials here.

WARRANTS ISSUED

Although names of the business men who bought washed stamps at half their face value are not yet known, Mintzer said he has evidence that many reputable citizens bought the cancelled stamps, knowing all well that the stamps had been illegally treated.

Knowledge that the government finally has trapped members of the ring which has been fleecing the Postoffice Department regularly, came today with the issuance of warrants for seven New Yorkers indicted for the fraud in North Carolina.

Two immediately surrendered here. They are L. A. Beebe, and Frank Marquis. The five others still sought are H. Chitaro, Sam Boyaner, Charles J. Gregory, C. C. Kelton and Edgar Nelton. Beebe and Marquis were held in $1000 bail each.

WIDE RAMIFICATIONS

From these men local authorities expect to learn the identity of business men throughout the country who bought the canceled stamps from which the marks had been washed off by the use of chemicals, knowing they were defrauding the government by so doing. According to law, buyers of such stamps are equally guilty with the vendors and liable to a five-year term in the penitentiary.

Ramifications of the ring extend to the Middle West and the Pacific Coast. In Chicago many persons not associated with the wholesaling ring were caught washing stamps. For example three boys, 9, 11 and 13 years of age, washed stamps their father had given them in the belief they were keeping a stamp collection. The boys did their work so proficiently that before they were caught they exchanged the stamps for many dollars' worth of candy sent to them by a mail-order house.

IOWA BUSINESS MAN CONFESSES PURCHASES

CEDAR RAPIDS (Iowa) May 31. (Exclusive)—Leo C. Critz, prominent local business man under Federal indictment at Charleston, S. C., for the illegal use of canceled postage stamps, today confessed to postoffice inspectors that he had bought about $1400 worth of the stamps in the last year from L. A. Beebe of New York, who also is under indictment.

About $250 worth of the stamps were found in Critz's home. He denied that he intended defrauding the government, asserting that Beebe told him the stamps were being sold at a discount because they came from matter improperly mailed.

Critz used the stamps on mail sent out by his business firms, the Mione Specialty Company, and the Joseph Barnett Company.

STRIKE HAS NEW PHASE IN MEXICO

More Than 200 Rail Union Men Fast in Courtroom as Protest to Ruling

MEXICO CITY, May 31. (AP)—More than 200 Mexican railway union men today took possession of one of the rooms in the Supreme Court Building, where business sessions were going on, and continued a hunger strike begun last night in protest against a judgment adverse to them by the court.

The court had upheld a declaration of an arbitration committee holding a railroad strike in 1926 illegal, and depriving the railway men of their status as union employees.

The arbitration committee ruled that the men who struck could not return to their jobs.

The hunger strikers have received messages of congratulation from various workers' unions and were offered support in case a strike should prove advisable.

Mrs. Roosevelt to Join Husband

SAN FRANCISCO, May 31. (Exclusive)—En route to the Near West to meet her husband wherever it is most timely, Mrs. Theodore Roosevelt, Jr., arrived by train today, remained five hours and sailed on the President Harrison.

Mrs. Roosevelt is meeting her husband so they may discuss his appointment to the Governorship of Porto Rico and the reunion may take place, she said, in Saigon, Shanghai, or Hongkong.

She will miss her brother-in-law, Kermit Roosevelt, by one day at Honolulu. The latter is returning from a big-game hunting expedition with the skin and skeleton of a giant panda shot by himself and Theodore, Jr., in Indo-China. It is to be presented to the Field Museum in Chicago.

Seven Out of Ten Want to be Flyers, State Education Chief Discovers

SACRAMENTO, May 31. (Exclusive)—Seven out of every ten boys in California's high schools harbor an ambition to be a Lindbergh or a Commander Byrd, it has been discovered by Vierling Kersey, State Superintendent of Public Instruction.

However, Kersey stated, safety factors and the lack of funds have been the principal limiting factors toward providing instruction in aeronautics.

"Training in design and the engineering phases of aeronautics are things in which it appears the schools could safely proceed," Kersey remarked.

ALIEN LEAK OF 'SEAMEN' UNCOVERED

Andrew Füruseth Tells How Undesirables Enter Nation from Europe

[Copyright, 1929, by the New York World]

GENEVA, May 31. (Exclusive)—Between 60,000 and 75,000 undesirable aliens are bootlegged into the United States annually as "seamen" shipping out of Bremen, Hamburg, Amsterdam and Antwerp, according to Andrew Furuseth, president of the International Seamen's Union.

Before coming to Geneva to attend the twelfth conference of the League of Nations' labor bureau, Furuseth spent five days in each of the above-mentioned sea ports secretly investigating for Secretary of Labor Davis the conditions which permit wholesale smuggling of aliens into America.

The average price for "passage" as a seaman is between $200 and $400, he says. Aliens who are refused passage because of moral turpitude or who have been deported easily obtain false seamenship papers through boarding masters and go ashore in American ports as seamen.

So long as the present control exercised by British and Norwegian ship owners is enforced, Antwerp and Rotterdam will remain clean ports with a minimum of smuggling of undesirables, says Furuseth. There is no control in Amsterdam, while Bremen and Hamburg both are wide open doing a flourishing business.

With refraining from making direct charges, Furuseth's report to Secretary Davis will reveal that American vessels are among the most flagrant offenders, while American consulates are indifferent and practically impotent.

RADCLIFFE FELICITATED BY HOOVER

President's Wife Carries His Greetings to College at Semicentennial Fete

CAMBRIDGE (Mass.) May 31. (AP) Mrs. Herbert Hoover extended the greetings of the President to Radcliffe College on the celebration of its fiftieth anniversary today.

She spoke before a gathering which included representatives of 100 colleges of the United States, Canada and several foreign countries and 1200 Radcliffe graduates and students.

"The President of the United States," said Mrs. Hoover, "appreciated the kindliness and the significance of your invitation to him to be with you today and much regretted that the business upon which he is engaged does not permit him to go so far away just now. So, by me, he sends his greetings on this occasion, and then I bring one not only from myself with the greatest joy but from three of those institutions of higher learning out in the far, far West. One, I think, is perhaps the farthest removed from you of any such institutions in the United States proper."

Speakers at a luncheon included Lucy Ward Stebbins, dean of women at the University of California, and President William Allan Neilson of Smith College.

High Fogs and Cool Nights in Store, However

Hot Days Aplenty in Sight for Southland

SANTA CLARA, May 31. (Exclusive)—Recovered from his recent illness, Father Ricard issued his regular monthly weather forecast for the Pacific Coast today.

He predicts unsettled weather and probable rain in Northern California early in the month, but generally clear weather, marked by hot days and cool nights for the greater portion of the remainder.

The forecast:

STARTS OFF WELL

June 1, 2—The fine weather along the whole Coast that marked the close of the month of May will continue on the above two dates.

June 3—Will see the beginning of a storm over the Pacific Northwest, disturbing the fine weather down this way, for the time being, at least.

June 4, 5, 6—The above storm will gather headway and with nothing to stop it should move down through Oregon into California, causing decidedly unsettled weather to break up a long period of sunshine over Northern California. The central and eastern portion should be marked by a partial cloudiness.

SUNSHINE RETURNS

June 7, 8.—The passing of the above storm to the eastward will gradually restore the welcome sunshine to the whole Pacific Slope.

June 9, 10, 11.—The most severe storm of the whole month will make its appearance off British Columbia, but will not move down this way into California. However, Northern and Central California will undergo a spell of high fog and cold weather. Southern California ought to have one very cold evening out of the three.

June 12, 13, 14, 15.—A period of fine weather—along the whole coast—with warm days but with decidedly cool nights—making the days seem warmer than they really are.

FINE WEATHER HERE

June 16, 17, 18.—Unsettled weather over Washington and British Columbia again but with no effect upon the fine weather along the balance of the coast.

June 19, 20, 21.—Will see the passing eastward of the storm over Washington, thus lending a touch of summer to the whole Pacific Slope. These dates ought to bring an increase of heat to the central and southern portions of California, mercifully offset by moderately cool nights.

NEVER TOUCHED US

June 22, 23, 24.—Weather again slightly unsettled over Northwest Washington, with balance of coast unaffected.

June 25, 26, 27.—Weather continuing unsettled over Western and Central Washington with more high fogs and cold nights in California.

June 28, 29, 30.—Disturbance in Northwest still persisting with little or no change down this way.

Mendoza Has 150 Injured; Boiling Water Reported Gushing from Fissures

[Copyright, 1929, by the Chicago Tribune]

BUENOS AIRES, May 31. (Exclusive)—Reports from the zone of yesterday's earthquake in Mendoza indicate that forty lost their lives and 150 were seriously injured.

A relief train which left Mendoza for Villa Atuel was prevented from reaching its destination by more than a quarter of a mile of twisted rails. The San Rafael district in the southern part of Mendoza apparently was the center of the disturbance.

Reports from Malvinas and El Escorial are to the effect that boiling water is gushing from giant fissures in the ground and this is hindering the work of rescuers. An inhabitant of Villa Atuel said that the locality experienced fourteen successive shocks, the first of which caused roofs and walls to collapse. Subsequent shocks razed the town.

Panic stricken, the inhabitants fled into the open where the intense cold caused great suffering pending the arrival of first-aid expeditions.

The volcano which appeared in the department of San Carlos, in the province of Mendoza, is belching forth great quantities of gas, according to information received by customs officials at Cruz De Piedra, situated thirty miles away. No eye witnesses of the disaster from close quarters have yet been found but it is expected that the entire district will be inspected today by airplane.

Navy's Balloon Ruled Winner

PITTSBURGH, May 31. (AP)—The United States Navy Balloon No. 1 today officially was declared the winner of the national elimination balloon race by the contest committee of the National Aeronautical Association.

It was announced that the first plane will be shot from the decks of the Leviathan on June 6 when the liner is 600 miles from New York on the return trip.

When the liner sails from Cherbourg Sunday it is expected to have heavy special mail for the air service.

MUSICIANS' CASE TO BE TEST SUIT

Bay City Union Fight to Retain Jobs Interpreted as Nation-wide Issue

SAN FRANCISCO, May 31. (Exclusive)—Indications that the most recent injunction application in the squabble here between union musicians and motion-picture theaters showing sound pictures would be used as a test case with nation-wide effect, as forecast last Sunday in the Los Angeles Times, were borne out today by Aaron Sapiro, New York attorney, who has come here to guide the musicians. He arrived last night.

"I can say," Sapiro said, "that this fight between the musicians and the theaters is fundamentally important to all labor. It will help solve one of the great legal disadvantages under which labor at present exists.

"Primarily, of course, the contract involved between the musicians and the theaters is of first importance.

"It is inevitable that every advance in any industry like sound devices in motion pictures throws a considerable number of people out of work. There always is a period of readjustment and it is this period that musicians and theaters now are going through. The sole point at issue here in San Francisco is who shall pay the cost of the adjustment, the musicians or the theaters.

"The same problem will be faced wherever the question comes up."

Santa Barbara Sheriff's Wire Halts Elopers

RENO (Nev.) May 31. (AP)—A message from the Sheriff of Santa Barbara county, California, stopped Evan James, 18 years of age, and Martha Doner, 17, as they started up the steps of the Courthouse this afternoon to get a marriage license. They arrived in Reno by automobile.

Their home county Sheriff said they are runaways. A Santa Barbara officer is expected to take them back tomorrow.

Miss Sears Sets Walking Record

PARIS, May 31. (AP)—After walking forty-two and one-half miles in eight hours and thirty minutes, Miss Eleanora Sears of Boston felt "fine" today.

The tanned Boston sportswoman and pedestrian started from Fontainebleau at 5:02 a.m., yesterday and arrived at the Ritz Hotel at 1:37 p.m., finishing fresh and chipper as ever.

Her time, an average of about five miles an hour, was better than that in previous walks between Newport, R. I., and Boston; and Providence and Boston.

Lights Dazzle Atlantic City

ATLANTIC CITY, May 31. (AP)—Amid a land and sea spectacle such as this city has seldom seen the inauguration of the golden jubilee of light marking the fiftieth anniversary of the invention of the incandescent lamp by Thomas A. Edison took place today. A million electric lights blazed from end to end of the resort tonight.

The festivities likewise mark the seventy-fifth anniversary of the founding of Atlantic City.

Alamedans Deny Liquor Charges

SAN FRANCISCO, May 31. (AP)—Fourteen of fifty defendants charged with complicity in Alameda county liquor and conspiracy cases pleaded not guilty when arraigned in Federal court here today.

Trials for some of them were tentatively set for the 24th inst. Arraignment of the others, including seven policemen, was delayed.

San Joaquin Valley Mishaps Take Heavy Toll

Sleeping Driver Dies from Crossing Smash-up

Child and Elderly Woman Kern County Victims

FRESNO, May 31.—Floyd Keiger, 37 years of age, former resident of Reedley, was instantly killed here early today when his automobile was struck by a train of refrigerator cars on the Southern Pacific crossing of the Fresno Traction Company tracks at Roeding Park. Keiger was killed by being crushed under his automobile, which was overturned by the slowly moving train.

According to information gathered by Coroner Kennedy from the train crew, Keiger apparently had driven his car from the highway nearby and stalled it on the crossing of the steam and electric line tracks. He is believed to have been asleep.

The accident occurred before daybreak, which was given as the reason for the train crew being unable to see the vehicle on the tracks in time to stop the train. The crew reported that the train was stopped within four feet after it struck the automobile.

Coroner Kennedy was attempting to locate relatives of Keiger.

BOY RUN DOWN AT PLAY IN STREET

BAKERSFIELD, May 31.—Traffic accidents in Kern county last night took the lives of a 6-year-old boy and a 60-year-old woman, and resulted in severe injuries for three other persons. One of the fatal accidents occurred here, the other in the desert community of Mojave.

The dead:

John Edward Marvin, 6, Mojave.
Mrs. Josepha Moralles, 60, Bakersfield.

The injured:

Mrs. Pedro Chagolla, Bakersfield.
Beatrice and Elvera Chagolla, Bakersfield.

The boy, son of Mr. and Mrs. John E. Marvin of Mojave, where the father is employed by the Santa Fe Railway Company, was fatally injured when struck down at a street intersection while playing. A fractured skull and internal injuries resulted in death at the Savage Hospital at Lancaster several hours later. The boy also leaves two aunts, Mrs. Helen Nash of Mojave and Mrs. B. Hazlett of Los Angeles and a younger brother, William.

Mrs. Moralles was instantly killed about 10:30 p.m. when the machine in which she was riding with her son, daughter-in-law and her three grandchildren, was involved in a collision at the intersection of Eighth street and the Cottonwood Road. Occupants of the other car were not hurt, it was reported.

Mrs. Moralles' son, Pedro Chagolla, and his 2-months-old baby were the only occupants of the Chagolla car who were not seriously hurt. Mrs. Chagolla's girls, Beatrice and Elvera, were taken to the County Hospital.

VISALIA GIRL KILLED AS AUTO OVERTURNS

VISALIA, May 31.—Coroner Hadley will conduct an inquest here tomorrow afternoon over the body of Miss Clara Hartman, 19 years of age, daughter of Mr. and Mrs. Robert Hartman of this city, who was instantly killed last night when the automobile in which she was riding with several friends overturned six miles north of here, on the road to Dinuba. Her skull was crushed.

The car was registered to E. L. Cummings. Other passengers were Darrel Moore, James Ewing and Cummings. Moore and Cummings are in the Kaweah Hospital.

The car is believed to have been traveling at a high rate of speed and to have gotten out of control. It crossed the highway and turned over in a ditch at the left side of the road.

Miss Hartman leaves her parents, two brothers and two sisters. Funeral services will be conducted Sunday morning at the Grace Lutheran Church here.

SECTION HAND LOSES LEGS UNDER TRAIN

TEHACHAPI, May 31.—Jose Madiral, 25 years of age, section hand of Woodford, lies in San Joaquin Hospital with both legs cut off below the knees as the result of an attempt to board a Santa Fe freight train near here last night.

The injured man was taken to Bakersfield in an automobile by Dr. R. G. Doupe, escorted by a motor officer.

According to hospital attaches, the man is unable to speak English and an interpreter is awaited in order to determine the circumstances surrounding the tragedy. Blood transfusions will be necessary to save his life, it is said.

GIRL STRUCK BY AUTO ON HIGHWAY

CORCORAN, May 31.—Evelyn Goodin, 4 years of age, was rushed to the Hanford Sanatorium early this morning for treatment of a fracture of the skull received when she was run down by an automobile driven by E. B. Keran, on the highway north of here. The child was playing with other children on the highway near their home and, according to Keran, she dashed directly in front of his car in such a way that he was unable to avoid striking her. She is the daughter of W. A. Goodin, a rancher of the Dallas district.

Chicago Union Calls Strike

CHICAGO, May 31. (AP)—The executive board of the Bridge and Structural Ironworkers' Union tonight issued a strike order, effective tomorrow morning, which is expected to tie up approximately $200,000,000 in new construction work here.

More than 2200 members of the union will quit work, union officials said.

Five Women Given Year of Life Survive Poison Held Incurable

NEW YORK, May 31. (Exclusive)—The year of doom beyond which they were told they would not live ends tomorrow for five New Jersey women, victims of radium poisoning who, a year ago, obtained cash settlement of $10,000 each from the United States Radium Corporation and were told they had a year or less to live.

Today a check-up showed that one is helpless in a hospital, another in a convalescent home, the third receiving treatment every other day and the remaining two in their homes.

NEW ANGLE IN CASE OF GANGSTERS

Elimination of Dellon as Suspect Adds Mystery Man to Death Hold-up

SAN DIEGO, May 31. (Exclusive) A "mystery figure," who thus far has not been named in connection with the Agua Caliente money-car hold-up and murder more than a week ago, appeared in the case today when police announced that Marcell Dellon, "the Greek," sought for questioning, has been definitely discarded as the driver of the "transfer car."

Recent developments in the case have proved conclusively, Captain of Detectives Paul J. Hayes, said, that Dellon was not at the scene of the killing and robbery or at Edgemont and B streets, where the first bandit car was abandoned and another utilized.

Insistence on the part of witnesses that a third man was implicated in the transfer of cars at Edgemont and B streets gives credence to the belief that some man, not thus far mentioned, had a part in plotting and carrying out the crime, police contend.

Police also have expressed the belief that Dellon probably knew nothing of the planning of the hold-up which resulted in the murder of the two guards, Nemesio Montoy and Jose Perez Borrego. Dellon fled and evaded capture because he learned of the case one or two days after the crime and probably aided in the distribution of the plunder and the destruction of evidence, police believe.

Tomb Shelters Drinking Bouts

SAN FRANCISCO, May 31. (Exclusive)—Police investigating today into charges that vandals have desecrated graves in Odd Fellows' Cemetery disclosed, they said, that not only had a bronze casket and body been removed from the Buckingham-Luchsinger vault, but evidence was found that drinking parties have been held therein after the remains of two others had been disturbed. The charges were made informally yesterday by Mrs. A. E. Buckingham, pioneer and prominent society matron, and taken to police today.

Detective Sergeant Ayer said similar vandalism has been practiced in three other cemeteries involved in condemnation controversies. They are the Laurel Hill, Masonic and Calvary.

Senate Indorses Special Counsel

WASHINGTON, May 31. (AP)—The Senate today confirmed the nomination of William Scallon, Helena, Mont., to be special counsel for the government in the prosecution of proceedings for recovery of two sections of land in Naval Oil Reserve No. 1, in California.

The land was ceded to California and resold to the Standard Oil Company of California, but the government contends it should be retained by the United States.

Plane Caravan to Tour State

SAN FRANCISCO, May 31. (AP)—A caravan of airplanes will start the first annual California air tour from Mills Field here tomorrow morning.

Stops and air shows at various cities throughout the State will be a part of the tour.

ANGELENOS FILE SUIT ON TRAFFIC BUTTON

SAN FRANCISCO, May 31. (Exclusive)—Asserting that small metal pedestrian lane markers used on the streets of this city are an infringement on patents owned by them, the Union Tank and Pipe Company of Los Angeles filed suit today in the Federal District Court against the Williams-Wallace Company of this city and the city and county of San Francisco for an injunction restraining the use of the markers and for an accounting of profits.

HOOVER NAMES ARMY MAN

WASHINGTON, May 31. (AP)—President Hoover today nominated Lieut.-Col. Jarvis J. Bain of the army engineers to be a member of the Mississippi River commission.

EXPERTS HAVING UPS AND DOWNS

Barometer of Reparations Session Fluxiates

Conferees Clear Boards of Many Minor Details

Then Later Looms Row of Germans and Belgians

PARIS, May 31. (AP)—The barometer of the reparations conference rose rapidly today with agreements on some of the German conditions, but dropped a bit tonight when it was learned that the German government has not, as expected, named a plenipotentiary to negotiate with the Belgians on the redemption of German paper marks imposed on that country during the war.

In keeping with the accelerated pace of the conference during the last few days, the experts had worked until midnight last night, and this morning disposed of several of the minor German conditions. Later they consented to lifting the lien on German railways, which, under the Dawes plan, had served as a guarantee for interest payments on the Dawes loan. They also came to an agreement with the Germans as to a modified form of eventual moratorium for two years on international payments of Germany on part of the protected annuities.

BELGIANS STAND PAT

The experts had supposed that they were rid of the question of German marks in Belgium by inducing the two interested governments to negotiate for a direct settlement. This evening, however, in the absence of any word that the Germans have named a delegate for that purpose, the Belgians reiterated their determination not to sign any reparations agreement unless the mark question is settled at the same time, either by the experts or by the governments.

The Belgians demand 25,000,000 gold marks annually for thirty-seven years to cover their claim and say they will wait no longer for settlement.

QUESTIONS TO SOLVE

Aside from this obstacle there remains for the experts to solve only the questions of how much of the annuities shall be considered as payable unconditionally, how much may be protected by a safeguard clause and how the last twenty-two annuities shall be paid.

Little difficulty was expected in dividing the annuities into conditional and unconditional. On the score of the last twenty-two annuities the Germans stick stoutly to their contention that the payments should be met by the states successor to the Austrian Kingdom as their portion of the Austrian debt.

The creditors resist that thesis, declaring it a political question into which they cannot go.

BIRTHDAY OF POPE BRINGS HIM NO REST

Pius Active as Usual on 72nd Anniversary as Many Send Congratulations

VATICAN CITY, May 31. (AP)—Pope Pius XI today celebrated his seventy-second birthday actively at work granting audiences and answering correspondence.

His Holiness postponed until later his replies to whole sheaves of congratulatory telegrams and cables, which literally inundated his secretarial staff.

The Pontiff, who was born at Desio, Italy, May 31, 1857, and named Achille Ratti, still is in vigorous health.

He had an anticipatory birthday thrill last night, trying out for the first time the luxurious automobile presented to him some weeks ago by the Italian Automobile Club. It is equipped with every modern device for comfort and safety.

Later in the evening there was a private family reunion of the surviving members of the Ratti family. The Pope's brother, Count Ratti, and his sister Camilla, and his niece, the Marchioness Ugolino Persichetti, and her husband were present.

San Diego Leads Country Self-murders

NEW YORK, May 31. (AP)—An crease in the suicide rate in United States is shown by a vey made by Frederick L. Hoffm consulting statistician of the dential Insurance Company.

The rate in 1928 was 17.5 100,000, the highest since 1916, wh it was 18. Although the pre rate is below that of 1908, when reached 21.5, the report says tendency is toward a higher rate the future.

"The increase in rate is diff to understand," says the report, view of the generally favorable dustrial and business condition the present period. But what true of the country in general is necessarily true of certain secti or particular elements of the p lation, which may be injuriously fected by industrial or financial pressions."

RIVER FIGHTERS TAKE TIME OUT

Lower Basin Conference to Recess to Monday

Meeting Waits Information on Colorado Flow

No Hope of Agreement Held by Members, However

WASHINGTON, May 31. (Exclusive)—The lower basin Boulder dam conference decided today to mark time without further meetings until Monday, when it is expected the Reclamation Service will be prepared to answer the questions submitted to it relating to the flow and possible use of the Colorado River at certain points. Most of the questions were drawn up by Arizona in an effort to find support for her claim to a larger share of water.

Answers to a number of the twenty-odd inquiries addressed to the reclamation officials on Wednesday were anticipated today, but the bureau found itself unable to assemble the necessary data, much of which has to come from its Denver office.

AGREE TO ADJOURN

When this word was given the conferees, meeting both morning and afternoon at the United States Chamber of Commerce, the commissioners from California, Arizona and Nevada agreed with Col. William J. Donovan, presiding for the government, upon an adjournment to Monday morning.

E. V. Debler, Reclamation Bureau official at Denver, in charge of water study in the Colorado River basin, is being called to Washington and will be here for the Monday conference.

CLEAR UP POINTS

The Reclamation Bureau's answers to the queries put to it by the California and Arizona commissioners are expected to clear up several comparatively minor, but nevertheless important, controversies in connection with the Boulder dam project. If this proves to be the case, the Washington conference will not be entirely barren of progress. The conference remains unanimous, however, in the opinion that there is no possibility of an agreement being reached at this time.

There has been much informal talk on the edges of the conference to the effect that the political situation in Arizona alone is enough to prevent that State entering the Colorado River compact any time in the immediate future.

STATE SENTIMENT

Public sentiment in Arizona must shift much further in favor of the project, it is said, before the new Republican State administration would feel justified from a political standpoint in dropping its long and bitter fight against the development. This is said to be especially true in view of the efforts by followers of former Gov. Hunt, still numerous in Arizona politics, to seize upon any mistake the new administration may make in failing to get everything possible out of the project or any error it may commit in sizing up majority public opinion.

There is so little for the conference to do, pending the arrival of the information requested of the Reclamation Service, that not even State commission meetings are scheduled for tomorrow and most of the commission are going tonight to near-by shore places to escape the capital heat over the week-end.

HUGE SLASH IN RATES ON GRAIN ASKED

Oregon Group Demands 35 to 50 Per Cent Cut in Freight Schedules

WASHINGTON, May 31. (AP)—An appeal for a 35 to 50 per cent reduction in freight rates on grain and grain products was made today before the Interstate Commerce Commission by William P. Ellis, counsel for the Oregon Public Service Commission.

This is the largest reduction yet requested by the representatives of the States west of the Mississippi who have appeared before the Interstate Commerce Commission this week in the investigation of grain rates under the provisions of the Hoch-Smith resolution.

Ellis contended that the reduction requested is not only necessary for the relief of grain growers but may be made without injustice to the railroads. He presented figures prepared by J. P. Newell, consulting engineer for the Oregon commission, which he said indicate that grain now is contributing an undue proportion of the cost of maintaining railroad service.

Discussing requests of the middle western States to preferred consideration as the leading grain producing area, Ellis declared that the Columbia River ports of Oregon are the largest grain exporting ports in the United States.

Four Hurt as They Dance to Tune of Shots

SEATTLE, May 31. (AP)—An enforced dance in fabled western fashion sent four Seattle high school pupils to the doctor's office to have bits of metal and concrete picked from their arms and legs.

Seven Queen Anne High School students were returning from a card party last night when they encountered two strange young men. One of them had a large handkerchief tied around his neck and was twirling a long six-shooter.

He stopped the youngsters and, with the brief announcement he wanted "to see some dancing," began shooting at their feet.

The high school students said they didn't have a chance to start dancing before four of them were hit by flying bits of metal and concrete.

The victims are Bernice Arenstein, 14 years of age, Gordon Wheeler, 17, Robert Wheeler, 16, and Clarence Olson, 16.

SODA FOUNTAIN SERVICE

FORMAL OPENING TONIGHT

8 p.m.

Watch for the Lighted Green Lanterns

HOW many soda fountains have you ever found that were above criticism? Think carefully . . . One? Two? How many blocks do you have to go to reach an appetizing fountain?

And you are just one among the million and a quarter.

There are others just as particular as you. So particular they have stopped going to soda fountains. Women, mostly. Mothers, a lot of them. No wonder many children have to coax for the ice cream cones and milk shakes, so good for them!

What on earth is the matter with the ordinary soda fountain? . . . But perhaps it's better not to talk about it. Besides, everybody knows, already. Hasn't it been going on for years?

* * *

NOW, However, you will have to revise your count of the soda fountains above criticism in Los Angeles! Today not just a few but dozens invite the particular women and men and children. There is one near you, no matter where in the city you live. Look for the GREEN LANTERN in your neighborhood.

On dozens of drug stores the Green Lantern sign now marks the location of a *new and better fountain service.* Better than the best you have found before.

* * *

How is GREEN LANTERN FOUNTAIN service better? Well, How would you like it to be? Suppose you were given the privilege of ordering a fountain complete. What would you have?

CLEANLINESS — that would be the first specification, wouldn't it? A fountain always spic and span and neat—with an attendant to match! You will find this miracle at every Green Lantern Fountain.

COURTESY—That's another point. Not simply "THANK YOU" with the check. There's too much of that kind. What you want is *action courtesy,* not words—quick and correct service! You will find just that at a Green Lantern Fountain. Not a "soda jerker" in sight. Attentive and polite attendants whose ability goes beyond mere dexterity in juggling.

* * *

What else? GOOD FOOD and DRINKS, of course. Green Lantern Fountain specialties and lunches will please you to a T. Before long they will be famous all over the city for the tempting way they are served, for their flavor-quality and their variety. This is not a mere prediction. It is a certainty. Green Lantern owners guarantee it.

What else would you specify? . . . You will find it all and more at Green Lantern Fountains. Every drink and fancy sundae concocted with a chef's skill, always the same, uniformly delicious. Every fountain serviced daily, insuring always fresh ice cream. And a speedier service on home deliveries, because so near you.

* * *

Is this a new chain of stores? No. Every Green Lantern Fountain is independently owned and operated by established druggists. That means *personal* service, *personal* desire to please you. Yet you get the benefit of chain store convenience and uniformity. Always a Green Lantern Fountain near you, always the same high standard.

These firms are banded together under a common promise to the public to maintain these high standards. And they have not been content with the promise alone. Every Green Lantern Fountain is rigidly supervised, and frequently inspected, to insure that these standards will be *maintained.* Visit the Green Lantern Fountain near you. See what a soda fountain *can* be.

Arizona Hermit to Be Quizzed

PHOENIX, May 31. (AP)—Living in a primitive State in a mountain dugout twenty-five miles west of Wickenburg, Ariz., Andrew Newton, 38 years of age, who told officers he is from Eastern Kansas, was taken out his hermit-like existence by deputy sheriffs this morning to explain why he has shunned all humans for the past five years.

His bed has been a pallet of rabbit skins and quail feathers. He gained his food by walking daily eight or ten miles to near-by mining camps and ranches.

LIGHTINING STARTS TONTO FOREST FIRES

PHOENIX (Ariz.) May 31. (AP)—Lightining has started fires in various sections of the heavily timbered area of the Tonto National Forest during the past few days, but so far the situation is not considered serious, it was stated this morning by J. H. Sizer, deputy supervisor at the Phoenix forestry office. T. T. Swift, forestry supervisor, now in the northern area, is expected here tomorrow, but may remain in that district if the situation becomes threatening.

TAX OFFICIAL NAMED

PHOENIX, May 31. (AP)—John W. Jones of Phoenix has been named chief of the Board of Tax Survey, created under the new State tax law, it was announced here today.

'Student Spies' Fund Refused

WASHINGTON, May 31. (AP)—Taking cognizance of reports that Brown University students had been offered $5 a day to act as undercover agents for the Prohibition Bureau, Commissionar Doran has written a letter to J. S. Ellis, prohibition administrator in charge of Rhode Island territory, in which he said that the "special employees" fund from which informers are paid could not be used in the employment of students.

Prohibition Bureau officials also declared that the law did not contemplate the employment of any particular class of persons in undercover work.

BODY OF MURDERED GIRL FOUND IN SWAMP

HEBRON (Ind.) May 31. (AP)—The body of a slain young woman about 20 years of age, was found lying in a swamp about four miles south of here yesterday. Her skull had been crushed and the body then laid in several inches of brackish water and partly covered with reeds. Coroner C. H. Miller of Porter county said the woman had been dead about two weeks Donald McLain, 10, stumbled upon the gruesome discovery while on a wild-flower expedition.

EDUCATOR RENOMINATED

WASHINGTON, May 31. (AP)—Perry W. Reeves of Indiana was nominated by President Hoover today for reappointment to the Federal Board for Vocational Education.

Sanction Urged for Rail Link

SALT LAKE CITY, May 31. (AP)—The Board of Commissioners of Salt Lake county today adopted a resolution urging the Interstate Commerce Commission to act favorably on the application of the Great Northern and the Western Pacific railroads for permission to connect their lines between Klamath Falls, Or., and Keddie, Cal. It also authorized the selection of a representative to appear before the commission in intervention on behalf of the application.

The board's resolution declares the proposed extension "will be of great value to the people and industries of this State, and will prove an important factor in the further development of Utah, Nevada and the Pacific Coast States."

Stabbing Laid to Angry Maid

CLEVELAND, May 31. (AP)—Mrs. Dorothy Snyder, wife of Alonzo M. Snyder, prominent Cleveland attorney, was stabbed to death with a butcher knife at her home here today. Police said the stabbing was done by Anna Szenan, a maid, who had become angry in an argument over her salary.

Mrs. Snyder, before her marriage in April, 1921, was Miss Dorothy Marsh, daughter of Mr. and Mrs. Luther S. Dickey of Chicago. Her husband is a member of a prominent firm of attorneys here.

Triple Slayer Expiates Crime

LINCOLN (Neb.) May 31. (AP)—Henry Sherman, 22-year-old slayer of three persons, died in the electric chair at the Nebraska State Penitentiary early today.

Sherman's crime included the killing of Mr. and Mrs. Roger Pochon, his employers, on a ranch near Burwell, the slaying of Mrs. Eugenia Pochon, mother of the former, the violation of 14-year-old Nellie Pochon and the beating of a 6-month-old baby.

He was crazed with liquor, he asserted, and angered by rebukes for his attentions to Nellie.

PORT-RAIL PLAN STARTS TODAY

Celebration to Mark New Era in Harbor Switching

Ceremonies Will be Held at San Pedro This Morning

Unified Operation to Cut Tonnage-Handling Cost

Leading harbor, railroad and shipping officials of the Southwest are all set to attend the ceremony at San Pedro this morning which will mark the opening of unified operation of all publicly and privately owned trackage at the port under the title of the Harbor Belt Line Railway.

The ceremony will take place in the vicinity of the Southern Pacific depot at the foot of Fifth street, where four or five large switching engines from the various railroad lines will be assembled.

President Walter B. Allen of the Harbor Commission, who also is chairman of the board of control, which directs the unified belt line, is scheduled to break a bottle of something that will resemble wine on one of the engines to christen the new service.

There will be speeches by some of the leading officials and the ceremony, which is expected to take about forty-five minutes, is scheduled to start sharply at 9:15 a.m.

The Los Angeles officials will make the trip to the harbor and return in the private car of D. W. Pontius, vice-president and general manager of the Pacific Electric, who represents that line as a member of the board of control of the belt line.

PACT FOR FIVE YEARS

The unified operation of the trackage will be for a period of five years and has received the approval of the Interstate Commerce Commission and the California Railroad Commission, after a number of hearings during which all details of the agreement between the city and the railroads minutely were considered.

The area covered in the agreement is from the outer harbor on the south, to Anaheim street on the north and Badger avenue on the east. The western boundary of the area is provided by the hills west of the West Basin and the business district of San Pedro.

For the purpose of unified operation the city's trackage will no longer be known as the Los Angeles Municipal Terminal Railway, but all trackage in the zone covered by the agreement will be known for the next five years, at least, as the Harbor Belt Line Railway.

George F. Squires, an experienced railroad expert with more than twenty years of experience in this district, is general manager of the belt line, working directly under the board of operations, comprised of five members, one for each of the four railroads and one for the city. The board of operations is under jurisdiction of the board of control, with eight members, the city and the four railroads having equal membership.

TOTAL VALUE $59,000,000

The lines represented in the agreement are the Southern Pacific, Santa Fe, Union Pacific and the Pacific Electric. The Santa Fe, newest line entering the harbor district, now is having trackage constructed to connect its line with the docks under an agreement with the Harbor Commission. The portion of this trackage to be laid south of Anaheim street will come under the jurisdiction of the Harbor Belt Line Railway.

One of the first benefits to result from the unified operation is the reduction of switching charges between San Pedro and East San Pedro, which at present is 80 cents a ton with a minimum of $14.40 a car. This will be reduced to 60 cents a ton and a minimum of $10 a car. It also will eliminate a switching charge of $3.60 a ton where two railroad lines are involved. The city gets $1 a car for every car handled.

The city's trackage in the zone represents fifty-seven miles and that of the railroads sixty-seven miles, a total of 124 miles, valued at approximately $59,000,000.

JURY SENT TO HOTEL FOR NIGHT

Eight Hours' Deliberation in Biescar Case Fails to Bring Verdict

Unable to reach a verdict after more than eight hours of deliberation the jury which heard the evidence in the case of Louis Biescar, member of a prominent La Crescenta family, tried on a charge of criminally attacking Yarmille Dushek, 18 years of age, was locked up at a downtown hotel last night. Deliberations will be resumed today at the court of Superior Judge Ageler, who presided at the trial.

The State contended that Biescar lured the girl to his mountain cabin and there forced his attentions on her after first having drugged her. Biescar took the stand in his own defense and denied the charge.

The case is Biescar's third trial on the charge. The first trial resulted in a disagreement of the jury and the conviction obtained in the second case was set aside on appeal.

CANDIDATES AT CLUB MEETING

Friday Morning Members Hear Bonelli and Porter

Other Speakers Air Views Concerning Bond Issues

Mary Austin Voices Plea for Interest in Indian Art

The Friday Morning Club devoted most of its time yesterday to hearing both mayoralty candidates and speakers for and against the proposed water and power bond issues. Mary Austin, California authoress, also spoke, urging the club women to take an active interest in the preservation of Indian art.

Bonelli, the first speaker, stated his political platform. "I am interested in keeping taxes down," he said. "I know how to effect economies in city government, and there will be a decrease of 15 to 20 per cent in the tax rate during the coming year.

"I am in favor of the water and power bond issues," he continued, "because we must do one of two things—turn back to private enterprise, or give the departments enough money to expand with the growth of the city.

STAND ON POLICE

"It is a matter of record in the City Council that on twenty-four occasions I have objected to brutality, the use of the third degree and discourtesy in the police department, and to the whitewashing of official misconduct. But to effect a change there first must be a change in the department management.

"I am opposed to bossism, and I object to having my opponents accuse me of being allied with political bossism in Los Angeles."

Mrs. Andrew S. Lobingier, who presided, introduced Porter. He told the story of his grand jury work. "There never has been a grand jury that accomplished so much for Los Angeles county as the 1928 grand jury," he said, "and it would not have done so if it hadn't been for me. I have many letters from prominent men stating this fact."

TALK ON BOND ISSUES

During the morning meeting, over which Mrs. Martin G. Carter, first vice-president, presided in the absence of Mrs. Sarah Bixby Smith, president, Mott Garrett opposed the power bond issue, although he voiced his approval of the water bonds. "Four million four hundred and sixty-seven thousand dollars of the power bonds would be spent for small power plants in the Owens Valley, and for transmission to this city," he stated. "These plants will be obsolete the minute Boulder dam power is available, or in about six years."

E. F. Scattergood, chief engineer of the Bureau of Power and Light, defended the issue. "Private interests don't want the city to have anything of its own," he said. "It will be an economy to expend a comparatively few millions to utilize an increased flow of water for more power."

Mrs. Carter paid tribute to the memory of the late Mrs. E. K. Foster, charter member of the club. The meeting of next week will be presided over by Mrs. E. B. Latham, second vice-president.

Obsequies for Venice Woman Will Be Monday

Funeral services for Mrs. E. G. Robinson, who died yesterday at the family residence, 22 Ozone avenue, Venice, will be conducted at 2 p.m. next Monday at W. A. Brown's funeral parlor, with Dr. E. P. Ryland officiating. Interment will be at San Gabriel Cemetery.

Mrs. Robinson, who was 79 years of age, was a native of Gallatin, Tenn., but had lived in Southern California for the last thirty-three years. She moved from Los Angeles to Venice six years ago. She was the widow of E. G. Robinson, who died in Los Angeles two years ago. A prominent member of the Baptist Church at Ocean Park, Mrs. Robinson was well known at the beach cities for her charitable work among the poor.

Mrs. Robinson leaves two sisters, Mrs. J. R. Westbrook of Riverside and Mrs. W. S. Coover of Dyersburg, Tenn., and four children, E. G. Robinson, Jr., of Portland, Or., Mrs. Elizabeth Taylor of Venice, Mrs. Warren Mather of Glendale and Mrs. Bruce Wallace of Alhambra.

Fire Fighters' Chief Espouses Proposition 3

R. J. Scott, chief engineer of the Los Angeles Fire Department, yesterday issued a statement explaining why his department is sponsoring Proposition No. 3 on the ballot at the election Tuesday.

The proposition is an amendment to legislation drawn to cover the operations of the fire-fighting divisions without consideration of special details. The proposed amendment, Scott explained, will modernize the law that has been in effect nearly fifteen years.

He stresses the fact that the proposed amendment will in no way affect the public. It will neither create new positions, raise salaries nor lessen or increase the working time of members of the department.

School Officers to Take Course

Monday will mark the opening of a special college course to be participated in by members of school trustee boards at the University of Southern California. The sessions will meet from 4 p.m. to 5:45 p.m. daily, from Monday to Friday, inclusive. Evening round tables will meet at 7 o'clock each evening.

The executive committee of the special university institute includes Eugene I. Fisher, president of the Board of Education, Long Beach, chairman; Pearl Merrill of the Board of Education of Culver City, and Dr. O. R. Hull of the School of Education, U.S.C., secretary.

POLICE SCORN TELEPATHY

San Diego County Motorists Will Have to Use Arms or They Will Land in Court

SAN DIEGO, May 31.—Nonsignaling motorists are going to come in for their share of court citations, according to Capt. Otto Langer, chief of the San Diego county detachment of State traffic officers, today. Langer has given orders to his men to first warn, then for a second offense, arrest the nonsignaler.

The nonsignaler has been called a "telepathist" because he apparently depends on thought waves or something to apprise other motorists and pedestrians of his intentions for the immediate future. Capt. Langer differs with this idea somewhat. The traffic officer is of the opinion that nonsignalers have no thought waves to broadcast.

"After years of observation, I am convinced that the nonsignaling driver either does not know his left arm from his right or is unable to decide just what he is going to do. For the first type, I concede the simple matter of arm signals must be confusing. As all motorists should know the left arm is used for signaling and an open window is necessary for the purpose. The State motor vehicle laws are very clear on the subject.

"As for the driver who apparently does not know where is is bound or just how he is going to go there, my men will warn him he is bound for trouble if he doesn't conform to requirements. Arm signals are just as necessary out on State highways as in town."

LAWYER SUES TWO OFFICERS

Ventura Sheriff and Aide Asked for $15,500

Action Results from Two Fights in Courthouse

Attorney Charges Physical Injuries and Abuse

VENTURA, May 31. — Jarett Beckett, local attorney, today filed in Superior Court two suits for damages amounting to $15,500 as a result of two brawls Tuesday and Wednesday in the hallways of the Courthouse.

He is suing Sheriff Robert Clark as an individual for $5000 damages as a result of the first fracas, charging that Clark was armed with an automatic revolver and that he made "a malicious, violent, oppressive assault" upon Beckett, and used "vile, obscene, threatening and slanderous language," laid violent hands upon him and beat and bruised him.

ANGUISH CITED

Beckett charges William Suytar with ill treatment causing him great humiliation, fright and anguish of mind, to the extent of $500 damages as a result of the part Suytar played on Tuesday when he held the Sheriff and the irate attorney apart. For the following day's affray Beckett asks $10,000 damages of Suytar, charging that he was wounded and ill treated, beaten and bruised and received a permanent injury to his nervous system, ribs and other internal parts and that it cost him $10 for a surgeon's advice. E. W. Howell, local attorney, appears in both suits for Beckett.

The fight on Wednesday, which followed the battle between Clark and Beckett on Tuesday, started when Beckett overtook Suytar as the deputy was walking down the hall toward Judge Dimmick's office. Beckett began chiding the deputy for keeping him away from Clark the day before and the two men exchanged words until Beckett is said to have told Suytar he was a "—— liar" and wanted witnesses before he talked any further with him.

TWO BLOWS STRUCK

Suytar said: "This has gone far enough. I'm not talking any more with you," and turned to start back down the hall. As Suytar turned, Beckett swung at him with his right fist, hitting the deputy just unde. the left eye.

Suytar, known as one of the fastest men with his fists in the Sheriff's force, swung back with his left and administered a solar plexus blow to the attorney which knocked him out and sent him sprawling. As he revived he began yelling for Dimmick, but before the judge arrived, Suytar had put him on his feet.

Disappointed Woman Severs Jugular Vein

GLENDALE, May 31.—Disappointed in her hopes of receiving a letter from her husband, Mrs. P. J. Poag, 41 years of age, of Del Rio, Tex., today slashed her throat with a razor at the home of her sister, Mrs. T. L. Wagenbach, 1357 Highland avenue, inflicting a wound from which it is believed she will die, according to surgeons at the Windsor Hospital.

Mrs. Poag has been here two months helping to care for her sister, who has been ill, and was planning to return to Del Rio. She made the suicide attempt in her bedroom at her sister's home and was found lying on the floor by Mrs. Wagenbach and her mother, Mrs. S. B. Swinney, who summoned a physician. Examination showed that her jugular vein had been severed.

MORE VALLEY FRUIT SHIPPED TO EUROPE

OWENSMOUTH, May 31.—The Canoga Packing plant on Roscoe street has just shipped six cars of oranges to Sweden and Denmark, and two cars of grapefruit to Liverpool, Eng. Last week the plant sent six cars of oranges to Liverpool for distribution into English markets. All of the fruit was grown in the foothill groves in the western end of San Fernando Valley. L. B. Forrest, manager of the plant, today stated there is yet no evidence of the foreign fruit fly which has crossed the Atlantic and has been found in Florida groves. He says that with the proper quarantine regulations enforced Pacific Coast citrus groves should escape ravages from the pest.

FRATERNITY MEETS AT BEACH HOTEL

SANTA MONICA, May 31.—A two-day gathering of the Delta Sigma social fraternity, fourth district, opened at the Miramar Hotel, here, with a luncheon today. Delta Gamma chapter, of Santa Monica, was host to the conclave, and Don McGregor, fourth district commissioner, presided. Delegates from Oregon, Nevada and California numbered 150, and the program of business meetings and beach recreations will wind up tomorrow night with a banquet at the Miramar.

MURDER TRIAL OPENS

LONG BEACH, May 31.—Trial of Lewis Rodriguez on a charge of murdering his mother-in-law, Mrs. Rose Dyer; attempted murder of his wife, Mildred Rodriguez, and assault with intent to murder Elmer Eastling, boarder in the Dyer home, was started in Department A of the Superior Court today. Drawing of the jury was not completed when court adjourned until Monday.

MAN SEES FIANCEE KILLED

While Inspecting Future Home, Bride-to-be Backs Machine Off of 200-Foot Embankment

GLENDALE, May 31.—Arrangements were completed today to ship back to her old home in Pittsburgh, Pa., the body of Miss Adelaide Gibson, 22 years of age, who died late yesterday from injuries received when an automobile in which she was riding plunged over a 200-foot bluff, while her fiance, Marion J. Gibson, 413 Wing street, looked on helplessly.

Miss Gibson and her fiance, to whom she was to have been married June 14, had gone to the house at 3155 Buckingham Road, where they planned to make their home. While backing the coupe in which they were riding out of the garage Miss Gibson failed to stop as she reached the ten-inch curbing on the outside of the road and went on over it.

The car raced down a long slope to the top of the cut on Linda Vista Drive and whirled over the embankment, landing upside down and inflicting injuries that caused death within a few minutes.

When Gibson reached the car he found the girl pinned underneath it and hurried her to the Research Hospital in a car belonging to H. P. Merry, 3350 Linda Vista Drive, who helped remove her from the wreck. Dr. D. W. Hagin pronounced her dead on arrival at the hospital.

VICTIM OF AUTO DIES OF INJURIES

GLENDALE, May 31.—James A. Bush, 65 years of age, of 1133 East Palmer street, succumbed today to injuries received Wednesday night when he was struck by an automobile operated by Clem Wendling, 10124 South Figueroa street, Los Angeles. Death is stated to have been due to a skull fracture.

Wendling took Bush to the Research Hospital and reported the accident to the police, stating that he was unable to see Bush in the darkness until he was within a few feet of him and that he swerved the car to avoid striking him head on. Detective Lieutenant Charles P. Blake, in charge of the case, has not taken any action pending the outcome of the Coroner's inquest Monday.

IT'S GETTING TEPID DOWN IN IMPERIAL

Women and Children to Start Annual Exodus as Schools Dismiss

EL CENTRO, May 31.—With the closing of practically all schools in Imperial Valley today, the wives and children of ranchers and business men will start their annual exodus to mountain and beach resorts to escape from the high summer temperatures of the next three months.

The caravan of motors which leaves the valley each year during the week-end following the closing is expected to be smaller than usual this season due to the fact that the cool weather which has prevailed during May gives promise of continuing into the early part of June.

Local weather observers report that all previous records were broken during May this year when the thermometer passed the 100-deg. mark only once during the month. The temperature went up to 103 last Saturday, but has dropped again with an average maximum ranging from 83 to 98 this week. Desert dwellers do not complain of heat until the 105-deg. mark has been passed.

Boy Drowned While Fishing in Reservoir

REDLANDS, May 31.—Donald Lee Johns, 11-year-old son of Mr. and Mrs. Lee Johns, was drowned in the reservoir at the England Estate Prospect Park on Cajon street when he fell in while fishing. The sides of the reservoir are steep and slippery and before Harold Hettma, who was with him, could get help the boy had drowned.

The Coroner's jury made a recommendation that the city put fences around all such reservoirs and that gates be locked.

Donald and Harold had decided to fish in the reservoir because they had been told there were fish in it, but workmen on the estate said that there have never been fish there. The boys succeeded in eluding all the workmen and reaching the reservoir without being seen.

Sheriff Given Time to Plead

EL CENTRO, May 31.—On petition of his attorneys, Sheriff Charles L. Gillett of Imperial county, who is facing three grand jury indictments and an accusation involving charges of theft, fraud and malfeasance in office, was granted additional time in which to prepare his plea when he appeared before Judge A. C. Finney to answer the complaints this morning. The court extended the date to June 7. Gillett is now at liberty under $10,000 bond.

The 1928 grand jury which brought the indictments against him asked that steps be taken to suspend him from office pending the outcome of the charges against him but no action has been taken.

Fair Building to be Started

POMONA, May 31.—Construction will begin on the $210,000 exposition building at the Los Angeles County Fairgrounds here, Monday morning, it was announced today by Hunter & Lipton, Los Angeles contractors, who were awarded the general contract by the County Supervisors.

Pouring of the concrete foundations and buttresses will be the first step in the erection of the gigantic structure, which will be 350 by 130 feet, and will replace the mammoth tents that have been used in previous years.

Construction of the exposition building is the first step in a $1,000,000 program extending over a period of ten years, which also includes a comprehensive scheme of planting, lighting and other improvements.

SUIT WOULD CHECK PIER ASSESSMENTS

REDONDO BEACH, May 31.—Papers were received today by city officials here in a new suit against the City of Redondo Beach, a complaint in intervention for the purpose of having the court declare null and void all assessments and proceedings involved in the construction of the municipal pier. The suit asks that the assessments or any reassessments under these proceedings be not allowed to constitute a lien against any of the property assessed, and recites asserted delinquenc. on the part of the contractor in the work of constructing the pier.

George H. Anderson, City Treasurer; E. Jensen, Superintendent of Streets; P. V. Krantz, contractor, and the Municipal Bonding Corporation are named defendants with the city and City Councilmen. The plaintiffs are J. R. Richardson, former street superintendent and one-time Mayor of the city, and others.

Boy May Lose Eye From Blast in Laboratory

PASADENA, May 31.—James H. Kindel, 15-year-old son of James H. Kindel, local automobile dealer, may lose his right eye as the result of an explosion in the Pasadena Junior College laboratory today, according to Emergency Hospital officials.

The explosion is said to have occurred when the young student mixed iron filings, red phosphorous and potassium in a test tube.

After the victim had been treated in the Emergency Hospital for burns on his face and arms caused by the blazing phosphorous, he was transferred to the Pasadena Hospital, where an operation was performed tonight in an effort to save his right eye, which was badly seared by the blast. Kindel lives at 1276 New York avenue.

Newport Opens New Library

NEWPORT BEACH, May 31.—The new city library building at the corner of Bay and Central avenues was opened to the public with appropriate ceremonies last night. The building is of California Spanish architecture with timber truss tile roof, the entrance being from the Island-avenue side. The interior construction is such that natural divisions are formed by which the books are divided according to classification and thus are easily located.

Many new books have been added to the shelves, among which some thirty-five were donated by H. L. Sherman of Balboa. The present members of the board are Mrs. W. W. Crosier, chairman; H. L. Sherman, L. G. Wilkinson, Mrs. R. G. Burlingame and Mrs. Miriam Porter.

FINAL SERVICE FOR OJAI INSTRUCTOR

SANTA PAULA, May 31.—Funeral services for Addison Howard Gibson, 69 years of age, school teacher for the last nine years at the Ojai Summit school, were conducted this morning at the Skillin funeral chapel with Rev. H. H. Fisher of the Presbyterian Church officiating. Gibson died Saturday at the home of Albert Hofmeister in Ojai after a short illness. Following services here the body was taken to Los Angeles, where the Knights of Pythias lodge was in charge of services at the grave in Rosedale Cemetery.

FAITHFUL DOG SEEKS MASTER

Has Lain at Bowling Alley Doorway Two Weeks for Man Who Vanished

ONTARIO, May 31.—Refusing to move until his master comes through the doors from a bowling alley here, a large collie dog has lain there nearly two weeks, night and day, furtively eyeing every man who enters the place, evidently confident that the right one will make his appearence eventually.

The dog's master told the dog to lie down at the front door while he went in to bowl a game, according to the attendants at the place. He slipped out without the dog seeing him and the creature has refused to move ever since.

PUBLIC AID FOR COLTON GRADUATES

Graduation Assured to Senior Class of School Closed Over Finances

SAN BERNARDINO, May 31.—Reopening of the Colton High School, closed Wednesday because of a deficit in the Board of Education's funds, appeared likely today when a fund to finance the operation of the school for the next two weeks was being raised through popular subscription. Norman H. Cooley, president of the Colton board, announced that the senior class would be graduated by the district.

At the same time V. M. Pinkley, president of the San Bernardino board, offered this board's assistance in completing the education of the senior students who are within ten days of actual schooling of receiving their diplomas. Cooley, not yet ready to announce the details of his plan to reopen the school, stated that it is virtually assured that the senior class, at least, will complete the school year.

Ranchers Are Held Liable in Brush Blaze

SANTA PAULA, May 31.—Flames spreading from burning brush piles on the Doheny Tapo ranch yesterday burned over forty acres of brush and grass land before a corps of 100 men under the supervision of county fire wardens gained control.

Although the men burning brush were granted a permit to do so, it was announced this morning their employers will be asked to pay approximately $150, the cost of fighting the fire. This action, the first of its kind this year, will set a precedent, it is believed. In granting a permit to burn brush the fire wardens do not grant immunity from the damage that may be done, it was said. The flames, fanned by a slight southwest wind, looked at the start as though they would cover much ground, and for that reason the large party of men was called.

MORE BUSINESS BARRED AT BEACH

REDONDO BEACH, May 31.—All permits for hot-dog stands or other merchandising in the Strand district lying between Fifth and Ninth streets are to be denied by action of the City Council until such time as a definite zoning plan for the ocean front can be outlined. The action of the Council followed the request of the Strand Improvement Association, which is endeavoring to establish a more distinct line between the apartment-house district and the amusement zone.

POWER BUDGET $750,000

GARDENA, May 31.—The expenditure of $750,000 is announced by the Southern California Edison Company in its budget for this district for the year 1929. This covers the installation of a high-tension service substation, ground for which is being broken in the La Fresa tract, near One Hundred and Eighty-second street and Redondo avenue. The station will take care of a territory sixty-five miles square, according to District Manager C. W. Koiner.

STAR CAMP PLANS FUTURE

International Organizer Discusses Proposal to Change Order Led by Krishnamurti

OJAI, May 31.—At the annual business meeting of the Star Camp, Rajagopal, international organizer, in speaking of the coming change in the form of the Order of the Star, said:

"What is the order, after all? As it is now, it is a gathering of people with a common belief, and Krishnamurti's teachings impel us to get rid of that organized belief, and so when we meet him in Ommen, Holland, this August, when people representing many countries come together, we shall all discuss and plan a method of work which will be effective, which will be flexible and which can be turned from moment to moment to different purposes.

"That is all that is going to take place as far as I understand the present position. So, do not be distressed when you hear the order is going to be dissolved, or has been dissolved. Let us go, saying you have been in it, given it your support and enthusiasm, that in that form it has, perhaps, done its work, and turn your energies to the new position, the new object that will be created to carry out within ourselves and in the world the great ideas that Krishnamurti is placing before us."

Louis Zalk, camp manager, announced that in 1930 the camp will be in session for ten days instead of one week. The date set is May 21 to 30, inclusive. It will be thrown open to the public. The registration fee has been much reduced and part-time registration of not less than two days will be accepted. Visitors not registered will be admitted free to all sessions, and they will be able to avail themselves of cafeteria service at a daily rate.

Regarding the rumor of a camp in the East for next year, it was stated that nothing definite at present could be given out.

BLAST WRECKS EDISON UNIT

Redondo Transformer Plant Explosion Unexplained

None of Employees Near Building at Time

Part of Roofing on Near-by Structure Damaged

REDONDO BEACH, May 31.—The transformer room of the steam plant of the Southern California Edison Company here was damaged by an explosion this afternoon. None of the eight workmen now employed at the plant was near the transformers, which are housed in a building separate from the main plant, at the time of the explosion, and so escaped injury.

Portions of the wooden roof of an adjoining shed, and the windows of the transformer room were blown into the yard by the force of the blast.

Firemen of the Redondo and Hermosa departments, who responded to the call, were unable to determine the reason for the explosion this afternoon.

The plant has been in virtual disuse since the opening of the newer steam plant at Long Beach and is now a reserve unit for emergencies and for switching.

Standardized Petitions Urged

SAN DIEGO, May 31.—City Manager Fred M. Lockwood began work today on a standard form of petition for public improvements which he intends to present to the City Council and ask its adoption.

The City Manager said the operating department has borne the brunt of frequent complaints by property owners that when they signed a petition they were wrongly informed as to its purpose. Lockwood said he would ask the Council to adopt a standard that would name every piece of improvement work to be included in the project.

This would mean, the City Manager said, that the petition would originate in the City Engineer's office. Petitioners asking public improvements would apply to the City Engineer's office for a standard petition to be issued following investigation of the engineer of what would be necessary to improve the street in addition to the paving.

Pomona Police Salaries Rise

POMONA, May 31.—Salary increases ranging from $5 to $25, and a policy of promotions within the department due to the elimination of the position of assistant Chief of Police, were announced by Chief William S. Kirby today. With resignation of Currier Thatcher as day desk sergeant, the announcement that he himself would be a working Chief and that he did not need an assistant gave Chief Kirby an increased income on his budget allowance which he chose to give to the men under him.

F. C. Hunter has been promoted to the position of day desk sergeant, while Charles Emery, former patrolman, takes the night position. The salary of policewoman was reduced $10 per month, the only slash in the department. These changes take effect tomorrow.

Beach City to Clean Up

HUNTINGTON BEACH, May 31. A clean-up campaign which will affect more than 1000 lots is to be launched by the City Engineering and Street Departments within the next few days. Cards have been mailed to all property owners asking them to clean weeds off the lots.

The program is one followed out each year to make the city more presentable for the summer season. Property owners will be given a short time to clean the lots and then the city crew will start work. The lots will be cleaned and the cost of the cleaning will be placed on the tax bills. City Engineer Merwin Rosson and his assistant, Harry Overmeyer, are in charge of the campaign.

FOUR WOMEN HURT AS MACHINE UPSETS

ARTESIA, May 31.—Miss Eva Westover of Wilmington was in the Artesia Hospital today suffering serious injuries sustained last night a few miles south of here where the automobile in which she was riding turned over. Three other women, the Misses Juanita Colvin, Josephine McGinnis and Geraldine Westover, riding in the same machine, were slightly injured but were able to be moved to their homes in Wilmington. Neil E. McBurney, driver of the machine, and Everett Gough, both Wilmington men, escaped uninjured. A defective steering wheel is reported as the cause of the mishap.

LONG BEACH RECALL VOTE SET JULY 10

LONG BEACH, May 31.—Electors will ballot on the recall of four Councilmen July 10 in a vote authorized by the City Council this afternoon. The recall is directed against Councilmen Hicks, Evans, Alexander and Taylor. Petitions signed by 3500 voters asking that the recall be held were filed several weeks ago and when the Council refused to issue the call the matter was taken before the Supreme Court on a writ of mandate action and the high court instructed the Council to call the election.

FRANKLIN FIELD, PHILADELPHIA, May 31. (AP)—Stanford University's brawny band of athletes, coached by "Dink" Templeton, dominated the qualifying trials of the intercollegiate A. A. A. A. track-and-field championships today.

By capturing fourteen places in the preliminaries, four more than Pennsylvania, eastern "dark horse," the Cardinals from Palo Alto demonstrated that there was no ballyhoo about the advance notices of their prowess. Iowa Accepts Bid for Peace

IOWA CITY (Iowa) May 31. (Exclusive)—No time was lost by University of Iowa officials tonight in accepting the offer of the Big Ten conference faculty committee to meet with them early next week on the question of a reconsideration of Iowa's ousting. Their anxiety of the last few days was lessened appreciably by the message from Prof. G. A. Goodenough that representatives of the faculty committee would hear their petition for reinstatement. Iowa officials prepared to send their faculty representative, Prof. Louis Pelzer, and the new director of athletics, E. R. Lauer, to the conference, which from indications tonight probably will be held in Chicago.

It was the first of two contests between the two star professionals, the second to be run off at Birmingham tomorrow.

ARCHIE COMPSTON

The open champion's defeat today was by no such margin as his 18 and 17 reverse at Compston's hands last year, but that match was at seventy-two holes. If this had gone another thirty-six holes, probably he might have been just as soundly trounced. He lost six holes in a

Two American Stars Now in Semifinal Bracket

BY THOMAS T. TOPPING
Associated Press Staff Writer

PARIS, May 31. (AP)—Three American tennis stars joined in a determined effort today to shatter the myth of European supremacy on the courts in the quarter-final round of the French championships. When the smoke of the day's battles had cleared away, two clean-cut victories had been chalked up for the United States while the third invader from overseas seemed well on his way to triumph.

HELEN WILLS

Big Bill Tilden and Helen Wills, America's first ranking stars, went into the semifinals by defeating a pair of Europe's leaders, Baron Humbert De Morpurgo of Italy and Helene La Faurie of France. The tide of the third match seemed to be turning strongly toward a victory for Frank Hunter over Jean Borotra when darkness put an end to the day's play.

After a very shaky start which cost him the first two sets, Tilden, once the greatest exponent of the tennis comeback, brought off one of the most brilliant rallies of his career to down the Italian ace by scores of 9-11, 3-6, 6-1, 6-2, 8-6.

MISS WILLS WINS

Miss Wills scored her usual easy victory in the meeting of Helen and Helene, defeating Mme. La Faurie with the loss of only five games. The scores were 6-4, 6-1. The victory put her in the semi-finals where she will meet her opponent of last year's final match, Eileen Bennett of England.

Hunter captured the first and third sets of his battle with Jean Borotra of France to hold the lead by scores of 8-6, 8-10, 6-4, when play was halted. The match will

Burkett's Home Run Starts Hollywood Splurge

Cleo Carlyle, Heath Wallop Out Circuit Clouts

BY BOB RAY

With the score tied, 3 to 3, in the seventh inning, Howard Burkett clouted a home run over the left-field fence and the wallop served as a signal for the Hollywood Stars to stage a five-run rally that gave them an 8-to-3 victory over Oakland yesterday at Wrigley Field.

HOWARD BURKETT

Burkett's four-base smash, his first of the season, put the skids under Charley Jeffcoat, who had been waging quite a hurling duel with Frank Shellenback, the Stars' spitballer supreme. Jeffcoat was lifted in the seventh after two runs came in and his successor, young Chuck Kasich, was pounded for three more Star scores before the big round ended.

Shellenback, who wobbled during the first three innings and allowed the Acorns to put across their three runs, pitched invincible ball for the last six frames. After being presented with that five-run lead in the seventh Shelly just breezed through to victory.

The Hollywood attack, which combed the offerings of Jeffcoat and Kasich for a dozen hits, was featured by three home runs. Aside from Burkett, Cleo Carlyle and Mickey Heath punched out four-base wallops. Carlyle's homer came in the third to tie the score, 3-all, while Heath's four-bagger arrived in the seventh and scored Eli Funk from second.

DEL MONTE, May 31. (AP)—A 19-year-old boy who won paternal consent to his recent marriage, and with it a seat on the Los Angeles Stock Exchange by trouncing his dad at golf, today became a finalist for the 1929 California amateur championship along with a 40-year-old veteran of the links.

JACK NEVILLE

Their 36-hole semifinal victories were the greatest upsets of the present tournament. Francis Stevens, Jr., of Los Angeles, defeated Fay Coleman, from the same city, 2 and 1, and Jack Neville, Monterey Peninsula Country Club, edged out John McHugh, defending champion from San Francisco, by the same score.

In the background of these two matches are sketched bits of human interest almost without parallel in golf. Stevens entered the tournament unsung and unheralded, but remained to brush aside favored opponents in three of his four matches. Four weeks ago he broached the subject of marriage to his father, and was informed that consent depended on the result of an 18-hole match. He not only defeated the senior member of the Stevens family, but did such a thorough job of it that a seat on the exchange was added to the matrimonial detail of the agreement.

DEMPSEY TO TURN PROMOTER

Former Champion Affixes "John Henry" to Contract With Chicago Coliseum; Announces Intentions of Signing Up Leading Ring Stars

CHICAGO, May 31. (Exclusive)—Jack Dempsey today came to terms with Charley Hall, president of the Coliseum company, whereby the ex-heavyweight king will invade Chicago next fall as a promoter.

JACK DEMPSEY

No papers were signed, but all details were worked out and turned over to attorneys to be drawn up in proper form. Jack's next move will be to apply to the Illinois State Athletic Commission for a license as a promoter.

In order to get through a loophole in the law, Dempsey will come in as an individual and will be the whole works in the promotion. The law specifies that any club, corporation or group promoting shows, must be made up of residents of Illinois. The word "individual" is left out, which oversight opens the door for Dempsey or anyone else, so long as they are not backed by, or are working for a club.

"I'm not going after big battles," said Dempsey. "In the first place there are not enough of them to go around. I intend to run twice a month and at popular prices."

Dempsey, as usual, seems fit.

ANGELS, INDIANS BATTLE TO FOURTEEN-INNING TIE

SEATTLE (Wash.) May 31. (AP)—Darkness today again stopped the Los Angeles and Seattle Coast League clubs in a 4-to-4 tie. The two teams struggled through fourteen innings today, five more than they played in yesterday's tie.

The score was tied at three-all in the fifth, where it remained until

Bill Spaulding Likely to Sign New Contract for Five Years With U.C.L.A. Bruin

MENTOR SCANS LATEST OFFER

New Agreement Tendered to Football Coach

Old Contract Still Good for Another Season

Spaulding Intimates He Will Accept Terms

"Bunker Bill" Spaulding, dropped his golf clubs long enough yesterday to scan a new five-year contract with the University of California Bruins as head football coach and athletic director. His old contract still has a year to run.

COACH SPAULDING

Spaulding came to the Bruins from Minnesota four years ago when U.C.L.A. was known as Southern Branch and a member of the Southern Conference group. He indicated last night that he will begin the new contract in a few days.

Since taking over the Bruins Spaulding has brought U.C.L.A. over the football hills to the "big league" or Coast Conference division. Spaulding is very popular at U.C.L.A. with the student body and school officials. He is also well liked by the rival coaches in the Coast Conference.

Steve Cunningham, graduate manager at U.C.L.A., made the announcement of the new contract tendered Spaulding.

U.C.L.A. will move into its new quarters at Westwood in the fall, and the Bruins will celebrate their second year in Coast Conference football circles when they tackle the Trojans at the Coliseum next September.

Spaulding's new contract goes into effect on August 15, 1930, at which time his present agreement expires.

Neither Cunningham nor Spaulding would divulge the terms of the new contract.

COLEMAN AND M'HUGH LOSE

(Continued from Ninth Page)

the State crown, was a star before his prospective opponent of tomorrow was able to swing a club. He has stroked a brilliant path through this tourney in a remarkable comeback that today saw him put out the favorite, McHugh, holder of the championship for the past two years.

Playing as of old, Neville, went out in this morning's round in 35, 1 under par for the tricky Pebble Beach course on which the national amateur is to be played in September. He came in with 39 for a 74, 2 over par, and had McHugh 3 down.

McHUGH RALLIES

McHugh rallied with a desperate comeback in the afternoon and won the twenty-fourth and twenty-fifth and twenty-sixth holes to become only 1 down. He turned the nine in 36. In the twenty-ninth, McHugh evened the match and took a 1-up lead on the thirtieth. It was the only time during the day that McHugh held an advantage and this was short-lived. Neville won the next two holes to become 1 up again. McHugh squared matters on the thirty-third, but the former picked off the next two to end the match on the thirty-fifth.

Neville outdrove McHugh almost throughout, and his putting was superior. McHugh's chip shots and approach putts were short.

In the lower bracket semifinal young Stevens outhit Coleman, while his second shots were much firmer. The first nine of the afternoon round saw Stevens turn in the amazing total of 34 strokes, 2 under par, and the lowest figures for the outgoing stretch yet posted for Pebble Beach. He birdied the second and sixth holes, and equaled par for the rest. Par out was 454-435-434—36. Stevens went out in 444-434-344—34.

Starting the second eighteen, Coleman was 1 up, but he soon lost the advantage and Stevens finished the twenty-seventh with a one-hole lead. Coleman equalled par for that nine, but Stevens was 2 strokes under. On the thirty-fourth and thirty-fifth Coleman had an opportunity to square the match, but fell down with a bad chip and a poor putt.

The victories today eliminated the two lads who jointly shared medal honors. McHugh and Coleman qualified with scores of 153. Neville qualified with 159, while Stevens was far down the list with 167 for his thirty-six holes.

RABBIT PUNCHES
BY PAUL LOWRY

A TOUGH PROPHECY

THERE'S no telling what will happen in the finals of the California amateur golf championship at Del Monte today. After the way Jack Neville and F. C. Stevens, Jr., kicked the dope bucket around in the semifinals it is positively unsafe to register any kind of a prediction on the outcome of their encounter.

The only thing that has run true to form in the tournament is a North-South final. The committee quite considerately placed Johnny McHugh, champion for the past two years, and Fay Coleman, ostensibly the best of the Southland contenders, in opposite sections of the draw.

But Neville licked McHugh two and one, and Stevens, a rank dark horse of nineteen summers, disposed of Coleman in the same manner.

Neville, a veteran who has won the State title four times in the course of competition which started back in 1912, should be a natural favorite over a youngster who won his first major tournament at Ojai just a few months ago.

And every few years Neville has a knack of rising to the spirit of the occasion and playing simply marvelous golf. He did that in 1922, when he won his last State crown.

The year before he had been playing wretched golf, but he waded right through the boys in '22 for his fourth title.

This seems to be another of Neville's seasons, and his experience will be of tremendous advantage to him against young Stevens today. The latter barely got into the championship flight with his 80-86 for a 166, but he has been playing championship golf ever since and he may upset Neville's applecart today.

BORAH IS VICTIM

WITH the exception of Charley Borah's pulled muscle in a heat of the 220 everything seems to have developed according to Hoyle in the preliminaries of the I.C.A.A.A.A. meet.

Borah's injury negatived whatever chance the Trojans had of pushing the Stanford Cardinals for first place in the eastern track-and-field classic, and it appears almost certain that Templeton's boys will walk off with their third straight title.

Stanford qualified about all the men it could reasonably expect to land—Dyer in both sprints, Morrison in the quarter, Nichols, Edmonds and Smith in the high hurdles; Krenz, Rothert and McLeod in the discus; Dowell in the broad jump; Rothert with a new I.C.A.A.A.A. record and Krenz in the shot; Kibby and Sparling in the javelin. Forster was shut out of the shot.

The Trojans have Maurer in the 100, Wehner in the 220, Webber in the high hurdles; Ernie and Jimmy Payne in the low hurdles; Hill and Paul in the broad jump; Schleimer in the shot, and Mortenson in the javelin.

California placed Pogolotti in the low hurdles and Churchill and Curtice in the javelin.

Edmonds apparently stayed out of the low hurdles in order to be somewhat fresh for the pole vault, the lows generally being run about the time the boys reach their decisive heights in the pole.

PAGE MR. DARO

A LETTER from an old friend—Jimmy Dougherty—incloses clippings from a Philadelphia paper showing his boxfighter, black George Godfrey, holding a 174-pound man aloft with one hand.

The good Baron says his ebony charge is so puissant these days that he threatens to make a wrestler out of him.

In fact he suggests that if Carnation Lou Daro has any really good grapplers he wants thrown just send for George, and let George do it.

Godfrey, it seems, may soon be heading for the West Coast. Mickey Grealis says Mexico City promoters have a yen to stage a Milk Fund show in which Godfrey will be featured against some tough heavyweight.

The wife of President Portes Gil is said to be one of the sponsors of the show.

"WILD BILL" ON WAY

ANOTHER friend is on his way to the West Coast. None other than Senator "Wild Bill" Lyon.

Although the Senator avers he never reads newspapers I am sure this notice will find its way into his possession.

Through the medium of his advance literature the Senator announces he will be at home to his friends at the Biltmore, June 5 to 8.

His friends will be there.

HUSKIES LEAD IN TITLE MEET

Washington Qualifies Nine Trackmen in Pacific Northwest Cinder Battle; Oregon Holds Second Honors In Preliminaries; Anderson Is Star

BY FRANK G. GORRIE
(Associated Press Staff Writer)

HAYWARD FIELD, EUGENE (Or.) May 31. (AP)—With nine men qualified, the University of Washington took first honors today in the preliminaries of the northern division Pacific Coast Conference track and field meet. The finals will be run off tomorrow. The track was fast today, but a stiff cross wind was blowing over Hayward Field.

Washington captured nine places, including one in the high hurdles which was conceded to Steve Anderson, Olympic star.

The University of Oregon track squad garnered seven, Washington State College and Oregon State College tied with six each, while Montana won only one.

The University of Idaho did not enter the five preliminaries today. The preliminaries consisted of 100-yard and 220-yard dashes, high and low hurdles, and 440-yard run.

The only upset in the qualifying heats was the elimination of Bob Bale of Washington, in the second heat of the 440-yard dash. Kelley of Washington State, T. Davis of Montana, and Clyde Ritter of Oregon State College, were the three to qualify in the second heat.

PASADENA GO SIGNED

Don Kennedy and Charley Kaiser will tangle Thursday night at the Pasadena Arena, Matchmaker Morrie Cohan announced. Cohan expects a capacity house at his new arena when the two bantamweights lock horns.

THRASHER SHARK IS HOOKED AT HERMOSA

HERMOSA BEACH, May 31.—An unusual bit of finny "what have you" was taken from the Pacific at this place yesterday by an angler fishing from the Olympic barges. It was a giant thrasher shark, most savage of the shark family, but the last one of its kind to attack human beings. When hooked up, or in combat with any other citizen of the deep, these "hard to look at creatures" which have a long flat tail for defensive purpose, use it to mean advantage, thrashing it about, dealing destruction with everything it comes in contact with.

CORONADO TRIPS UP SAN DIEGO NINE, 6-5

SAN DIEGO, May 31. (AP)—Coronado rallied in the ninth to turn back San Diego, 6 to 5, in a California State League game here today and even the series at two games all.

Bob Smith's double with Brandie on second base brought in the winning tally. The score:

	R.	H.	E.
San Diego	5	7	2
Coronado	6	13	2

(Continued from Ninth Page)

immediate shifts that will appear in the champion's line-up:

Gene Robertson will be on third base instead of Mark Koenig, who will watch the game from the bench.

Leo Durocher will return to shortstop and Lyn Lary, the Pacific Coast star for whom the Yanks paid a substantial part of $100,000, will return to his seat in the dugout.

And in left field, either Ben Paschal or Cedric Durst, who made their debuts as Yankee regulars in the lamented double-header in Washington last Thursday, will continue to alternate at that post while Bob Meusel takes a rest on the bench.

There is also the possibility that benching of regulars will not end with Koenig and Meusel, for it may come to pass that Earl Combs will be asked to join his veteran comrades in the dugout for a few days while young Sammy Byrd gets a crack at center field. But on this point Huggins today remained silent.

MRS. ROY GREEN ANNEXES TITLE

Mrs. Fellows Defeated, 2 Up in California Finals

San Gabriel Celebrates Its Silver Anniversary

Amateur Golf Championship Plans Announced

BY EDWARD LAWRENCE

Mrs. Roy Green yesterday won the California Country Club women's championship by defeating Mrs. C. W. Fellows, 2 up, in the eighteen-hole finals. Mrs. Green played remarkably consistent golf throughout the week to win, after annexing medal honors last Monday with an 82. Mrs. Fellows, incidentally, was second low with 88.

Mrs. A. G. Lind defeated Mrs. Pete Daley, 4 and 2, in the first-flight finals. Mrs. Fred Lang won in the second flight, 2 and 1, over Mrs. H. Teege. In the third flight, Mrs. Ben Gubser defeated Mrs. R. D. Klise, 1 up. Consolation-flight finals went to Mrs. W. R. McConnell over Mrs. George Gardiner, 2 and 1.

RAILSBACK ANNOUNCES GOLF BIRTHDAY EVENT

President Leigh M. Railsback of the San Gabriel Country Club writes in to announce the silver anniversary of his club on Saturday, the 8th inst.

Here is what President Railsback has to say of the occasion, "I believe the San Gabriel Country Club is one of the oldest clubs in Southern California, and if I am not mistaken it is the oldest one in its original location. The San Gabriel Country Club was founded on the grounds it still occupies.

"A sort of open house is being held all day with plenty of golf and other entertainment. The presidents and secretaries with their wives of the Southern California Golf Association clubs are being invited as guests."

San Gabriel has outlined a brilliant program of events, starting early in the morning and winding up late in the evening. Events are scheduled for both men and women. There will be medal and match play for men and medal play for women. Dinner and entertainment will be held both in the main dining-room and grill room to be followed by a dance.

GOLF ASSOCIATION SCHEDULE AT DEL MONTE ANNOUNCED

Plans for the thirty-third competition for the amateur golf championship of the United States were announced yesterday by the United States Golf Association.

The tournament will be held at Pebble Beach, September 2 to 7. There will be two rounds of qualifying play, eighteen holes Monday, September 2, and eighteen Tuesday, September 3. First and second-round matches will be eighteen holes, quarter-finals, semifinals and finals being over thirty-six holes.

Entry for the amateur closes Tuesday, July 23, and must be accompanied by a $5 entry fee.

HOLLYWOOD A.C. TOURNAMENT OFF

A dearth of entries has led to the calling off of the Hollywood Athletic Club championship golf tournament, scheduled to begin with a qualifying round over the west course at the Fox Hills Country Club today. Announcement of the cancellation was made by Hugh Ross, manager.

Jackrabbits Favored to Annex Title

FULLERTON, May 31. (Exclusive) If today's showing is any criterion, Long Beach Poly will win the Southern California prep swimming meet title at stake here tomorrow. This afternoon the Jackrabbit swimmers made a very creditable showing placing a team of six men in eleven events besides qualifying two relay teams. Placia of Long Beach was the big star of the meet qualifying in three events, the 50, the 100 and the 100-yard back stroke. In both the 50 and the 100-yard free style he made the fastest time of the day, racing the 50 yards in 26 1-10s. and the 100 in 59s. flat.

Coach John Perry's San Diego High mermen were close behind Long Beach qualifying seven men in ten events. Inglewood, L. A. High, Hollywood and Santa Maria all boast strong teams and may surprise the dopesters to take the title.

The finals of the diving were run off, McDonald of Long Beach winning, with Kurtz of Hollywood second, Davie Galitzen of Roosevelt, Mickey Riley's young brother, copped third with Searle in Alhambra fourth.

SUMMARY

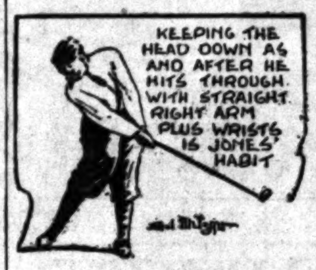
Diving finals—Won by McDonald (Long Beach,) Kurtz (Hollywood) second, Kalitzen (Roosevelt) third, Searle (Alhambra) fourth.

Stance Like Punching Bag



KEEPING THE HEAD DOWN AS AND AFTER HE HITS THROUGH WITH STRAIGHT RIGHT ARM PLUS WRISTS IS JONES' HABIT

BY SOL METZGER

A golfer is nothing if not a punching bag when he drives. The latter, as you know, is attached to both floor and ceiling. The bag plays back and forth from these fixed points.

So a golfer hits the ball. His two fixed points are his feet and head, the floor and ceiling of the punching bag. They must remain fixed. If he goes back and gets his weight so much on his right leg that he cannot bring it forward as he swings through, the lower of his fixed points has moved. His shot is topped or foozled in some way, as all golfers know.

Same with the head. Sway it back and forth and the chances are greatly against you hitting the ball true. Worse than all, raise it before or just as you make contact. We all know the result, for looking up is the most common fault in golf. Keep the head still when you swing. Otherwise your shot will be wrong. Try a simple test as proof. Take your stance with club back of ball. Without moving your hands or arms raise the head. You will feel your club pull up from the ball. Or pull your head to the right or left. In either case you move the clubhead. That's why a golfer like Jones glues his head to the same space and keeps looking down at where the ball was long after he has hit.

A few simple but vital points to remember in putting will keep your score down. Write Sol Metzger, care of The Times, and get his leaflet on putting, which is free. In writing inclose stamped, addressed envelope.

JUNIOR NETTERS IN SEMIFINALS

Midwick Country Club Scene of Play Today

Several stiff semifinal singles and doubles matches are scheduled today in the Southern California junior net championships at the Midwick Country Club. Finals in the several events for the Southland titles will be staged tomorrow afternoon.

The junior semis candidates are Ellsworth Vine and Hugh MacArthur in the upper bracket, and Lester Stoefen and Jack Tidball in the lower half. Stoefen and Vines are the favorites for the final posts but either or both may be upset today. MacArthur is the reigning high-school player on the Coast. Tidball is the bright light of Hollywood High School's championship varsity.

Rivalry between Helen Marlowe and Carolyn Babcock will be renewed this afternoon at 3 o'clock, when the pair clash in a semifinal singles for the junior girls' crown. Miss Marlowe won over Miss Babcock in their first and last engagement in the women's championships in straight sets but a reversed decision is predicted today. Violet Doeg and Dorothy Workman are the remaining pair of survivors.

8:30 a.m.—C. Mako vs. J. Lang, R. Underwood vs. R. Braly, H. Clark vs. N. Russell, J. Craemer vs. R. Layne.

Kennedy Beats Tiny Roebuck at Hollywood

Les Kennedy, one of Southern California's most promising young heavyweights, defeated Tiny Roebuck, giant Haskell Indian, last night in a bloody ten-round bout at the Hollywood American Legion. Kennedy won every round except the second and ringsiders had to be very generous to give Roebuck the shade in that session.

The 229-pound Indian had nothing but a weak left, which wasn't very effective against the shifty Kennedy. Les's best round was the fifth, in which he almost knocked Roebuck's head off with his powerful wallops. The Indian just stood and "took it," failing to put up very much of a defense against the torrent of blows. Although Kennedy was outweighed thirty-five pounds (he weighed in at 194,) he was master of the affair all the way and Referee Billy Burke had no trouble at all in picking the winner.

Carmen Tuzzolino, curly headed Italian slugger, and Paul Delaney, a newcomer from Tacoma, battled to a six-round draw in the semi-wind-up. Delaney tried to fool Carmen with a bandage over his right eye. After Tuzzolino had knocked it off, he discovered Delaney had a cut over his left eye, which the Tacoma lad had been trying to keep hidden.

In the six-round special event, Harry Wallender left hooked his way to a decision over Joe Hernandez. Matt Codan scored a one-round knockout over Eddie Lozano. The loser hit the floor for a four count before going out all together. Jimmy Peterson defeated Eddie McGutty in the four-round curtain raiser.

CARDS QUALIFY FOURTEEN MEN

Rothert Sets New Record in Shot Event

Pennsylvania Surprises to Take Second Spot

Borah Fails to Finish as Leg Again Injured

(Continued from Ninth Page)

men in eight of the eleven events in which trials were held. The Cardinals placed three each in the discus and high hurdles, two each in the shot put and javelin, one each in the broad jump, 100-yard dash, 220-yard dash and 440 run.

Although the trials revealed no team with sufficient strength to menace Stanford's dominating position, Pennsylvania pulled a big surprise by qualifying ten athletes. Lawson Robertson's Quakers clinched second position when a late ruling by officials added Harold Lamberg to the discus qualifiers. One of Lamberg's throws hit a rival marker and was close enough to the qualifying limit to give him a chance in the finals tomorrow.

In the battle for intersectional honors, Stanford will have considerable aid from Southern California, which qualified nine men in spite of the elimination of Charley Borah, former champion, in the 220-yard dash, and Vic Williams in the quarter-mile.

New York University, eastern indoor champions, made a good showing with eight qualifiers, tying with Yale, but Violet hopes for tomorrow rest chiefly upon two half-mile aces, Phil Edwards, the champion, and Fred Veit, who outdid his team-mate today by running his heat in 1m. 57 6-10s.

The defeat of Borah, who failed to recover his form after an injury several weeks ago on the Coast, left the Pacific Coast's hopes for sprint honors up to "Hec" Dyer, Stanford sophomore, who qualified handily in both dashes. Dyer was beaten by John Harwood of Syracuse by an eyelash in his heat of the 100, in which Jimmy Daley of Holy Cross, set the pace for the field with a 9 8-10s. performance, but the rangy Stanford youth came back in the 220 to win his trial and share the best time of the day, 21 8-10s., with Karl Wildermuth of Georgetown. Borah was fourth in the first heat, won by Kent of Colgate in 21 9-10s.

KRENZ RALLIES

Rothert finished the day's record-breaking stunts early when he twice shattered the meet record in the shot put. On his second toss, the Stanford star added 7-8 of an inch to the record of 50ft. 1in. set by Krenz in winning last year. On his next throw, Rothert negotiated 50ft. 3in. Krenz, off form at first, needed his last throw of 48ft. 5in., to qualify. Barney Berlinger, Pennsylvania all-around ace, surprised by gaining second position with a throw of 49ft. 3 5-8in., more than a foot beyond his best previous performance.

While the invading talent from the Far West focused its main attention on the field events, the track trials saw the easterns doing their best to solace themselves for the prospective loss of team honors once more. Among the star exhibitions were those of John Collier of Brown, who led the 120-yard high hurdle qualifiers in 14 8-10s., and "Pete" Bowen, fleet Pittsburgher, who reeled off the fastest quarter-mile, 48 4-10s., after qualifying in the 100 in 9 9-10s.

The Stanford captain, Ross Nichols, who holds the high hurdle championship, was beaten in his heat by McCoy of Pennsylvania, but the time was slow, 15 2-10s., indicating that Nichols was taking it somewhat easy in preparation for a stiffer battle tomorrow.

The complete list of qualifying places scored: Stanford, 14; Pennsylvania, 10; Southern California, 9; Yale and New York University, 8 each; Harvard, 6; Georgetown and Syracuse, 5 each; Cornell, Colgate and Pittsburgh, 4 each; Dartmouth and California, 3 each; Holy Cross, Bates, Brown, Penn State, Michigan State, Princeton, Boston College, Haverford, Swarthmore and Maine, 1 each.

Cardinals Crush Cincinnati to Regain National Lead

PIRATES KNOCKED OUT OF FIRST PLACE BY PHILS

O'Doul Hits Homer to Cinch Tussle for Philadelphia; Athletics Humble Tigers, 9 to 6

ST. LOUIS, May 31. (AP)—The St. Louis Cardinals regained leadership of the National League by taking five victories in three days over the Cincinnati Reds, winning today, 8 to 1, while the Pittsburgh Pirates were losing to the Phillies.

The Cardinals bunched hits off May in the first three innings and knocked him out. Kemmer, who relieved him, allowed only one hit and struck out six men. Chick Hafey hit his eleventh homer of the season in the first inning, scoring behind High and Frisch. Frankhouse allowed the visitors ten hits, but was effective in the pinches.

BUCS TUMBLED

PITTSBURGH, May 31. (AP)—Philadelphia jolted the Pittsburgh Pirates in the opening game of a series here today, 10 to 7. The defeat dislodged the Buccaneers from the league leadership. The punch of the visitors was much in evidence, Klein and O'Doul leading the attack with home-run smashes into the right-field stands. Each club used three hurlers.

The Quakers amassed a five-run lead only to have the Pirates deadlock the tally in the fifth. The Phils forged ahead again in the eighth when Thompson sent two runners across with a double and O'Doul hammered out a home run.

A'S WIN AGAIN

PHILADELPHIA, May 31. (AP)—The Athletics clubbed the Tigers into submission here today to win the opening game of the east-west series by 9 to 6, the fourth successive Philadelphia victory. Jimmy Foxx hit safely in his fifteenth consecutive engagement and left no doubt about having hit. His total was a homer, a triple and a single which drove in four runs. His homer was the ninth of the season.

Howard Ehmke made his first start of the season and left the game after holding his former mates to two runs in seven innings. Eddie Rommel permitted Detroit batters to reach him for five hits and four runs in the ninth and this onslaught gave the Tigers a margin of fifteen to fourteen hits.

Neither Owen Carroll nor Emil Yde proved particularly difficult for Athletic batsmen. The A's increased their lead over the Browns to four and one-half games, and over the Yankees to eight.

row from the twenty-fourth through the twenty-ninth.

The only sparkle to Hagen's play of the day came at the thirtieth hole, after the match was over. He garnered a birdie two at the 200-yard one-shotter when they were playing only for fun. The gallery of 2500 following the match gave the American a big round of applause for the feat. It was the first putt longer than his driver that he had holed all day.

From the first tee there was a lack of zest in Hagen's play, but even without any enthusiasm for the contest his natural artistry with his clubs enabled him to stick close to Compston through twenty-one holes of play.

The visitor had gone to luncheon two down and lost the first hole of the afternoon round to permit Compston to be three up. Three holes were halved and then Hagen won the twenty-third and was only two down. Then came the deluge. Compston won six holes in a row and the match was over. developing acute

The champion was obviously tired, but Compston played neat golf. His putting was deadly. He missed only one in the morning and none in the afternoon. The Briton outdrove the American twenty, thirty and forty yards. Compston had a score of 71 to 73 for Hagen in the first round, and the home star did the eleven holes played in the afternoon in eleven fours.

Hagen kept the crowd waiting nearly one hour this morning. Although the British press contains caustic criticism of "Hagen's irresponsibility," the Moor Park gallery did not seem offended.

At a luncheon in the Moor Park clubhouse between rounds Viscount Leverhulme toasted the two players, and Hagen, replying, seemed to make a distinct hit by saying that he liked England so well and had so much fun there he had difficulty in finding time to play golf. He said he wanted to go home, work hard and make enough money to come back and stay a year in this country.

Hagen and Compston went to Hagen and Compston went to Birmingham tonight to play thirty-si. holes tomorrow over the Blackwell Park course.

Seals Defeat Portlanders

PORTLAND (Or.) May 31. (AP)—The San Francisco Seals beat the Portland Ducks today, 4 to 3, in an exciting game in a windstorm which swept the park in each of the last four innings. Portland got runners on bases, and in the last three innings Pitcher Gomez purposely walked a batter in the pinch. The strategy succeeded each time. Score:

NEW GYM OPENS TODAY

Miss Elsee E. Greene, former physical directress at the Los Angeles Athletic Club and well known among the women sports followers of this section, has established an exclusive health and youth studio in the Oviatt Building here, which will be formally opened at 2 o'clock this afternoon. Mrs. Carlin G. Smith, Glendale club woman, will act as hostess.

JUNIOR OLYMPIC FINALS TODAY

Star Youngsters to Show at Moore Field

Four Winners Get Free Trip to Honolulu

Baker, Deal, Bresslin Best in Junior Division

(Continued from Ninth Page)

track-and-field stars are also slated to appear on the program. They are Bud Houser, Herman Brix and Frank Wykoff. Houser will throw the discus in which he holds the world's record. He was Olympic games champion in 1924 and again in 1928. Brix will try for a new world's record in the twelve-pound shot. He is national champion and won second place for the United States in the Olympic Games last year.

AFTER RECORD

Wykoff is slated to go after a new record in the 75-yard dash. The Glendale speedster is national 100-meter champion and placed fourth in the Olympic Games.

Boyd Comstock, director of the Junior Olympic Games, announces that contestants may report at 10:30 this morning to be classified and get their basketball throw out of the way. This will aid in speeding up the program.

The competition promises to be terrific in both the junior and senior divisions. Athletes from nine counties are competing in today's program, but with the exception of three or four outsiders all the present leaders hail from Los Angeles and vicinity. This may not mean much, however, when the battle starts, for athletes have a habit of disregarding odds and sailing into their task with the intention and expectation of upsetting the dope.

Johnny Falcon was Southern California and national senior champion last year. He is not eligible this season so a new senior king will be crowned.

BAKER BRILLIANT

Jerry Deal copped honors in the junior division and is competing again today, but so far has been forced to play second fiddle to Vane Baker, brilliant Huntington Park youngster who was Los Angeles county champion last season. Baker repeated that victory again last week, rolling up the astounding total of 749 points.

Deal is a fighter, however, and promises to give Baker a real battle. Jerry scored 670 points last week, which is quite a handsome total in itself.

A third junior may upset the calculations of both Baker and Deal. He is Lisle Bresslin of the San Bernardino Y.M.C.A. Two weeks ago Bresslin rang up 652 points and last Saturday he was on deck to watch Baker and Deal fight for Los Angeles county honors.

It's a bit unusual that these three were also the leading juniors last year.

The only junior who appears to have a chance of cutting in on Baker, Deal and Bresslin is Edward Wileman of Ventura county. He hails from Fillmore Junior High School and scored 669 points about one month ago. His coach, Eugene Kennedy, believes he will better that figure this afternoon.

Baker's strength lies in his remarkable chinning ability. Last week he astounded everybody by scoring forty-one chins, an almost unbelievable total. Vane, however, is also good in other events. He broad-jumps 7ft. 7 3-4in., throws the baseball 192 feet, runs the dash in 83-5s., and sinks thirteen out of twenty in the basketball.

STARS AT BASKETBALL

Deal is an artist with the basketball, making sixteen out of twenty last week. He is also good at chinning, having done twenty - nine times. His time in the dash was the same as Baker's, while in the baseball throw he did 229ft. Jerry broad-jumped 7ft. 5in.

Bresslin, in the San Bernardino county finals, broadjumped 8ft. 3 -4in., threw the baseball 221ft., chinned twenty-eight times, tossed fifteen out of twenty in the basketball, and did the seventy-five-yard dash in 9 4-5s.

As for the seniors the leaders have been four Los Angeles Playground boys. They are Robert San Jose, Walter Waers, George Warboys and Fernando Ramos. Their scores in the Los Angeles county finals last week were 677, 659, 615 and 612, respectively.

On the basis of comparative scores but two out of town youngsters have a chance of cutting into this quartet. They are Louis Haley of San Bernardino and Albert Steele of Imperial. Haley scored 594 points to win the San Bernardino county title while Steele, with 563, was crowned senior king of Imperial county.

San Jose has been "Old Man Consistency" all season. He won nary a first place last week but was so strong in each of the five events that nobody could nose him out. San Jose's marks were as follows: Broad jump, 9ft. ½in; baseball, 253ft. 9in; chinning, 27; seventy-five-yard dash, 8 2-5s., and basketball, 16 out of 20.

Waers has a fine chance of finishing ahead of San Jose. His marks were almost the same as San Jose's, except that he fell down a oit in the basketball. His records follow: Broad jump, 9ft. 1in.; baseball, 243ft. 7in.; chinning, thirty-one times; seventy-five-yard dash, 8 4-5s., and basketball, 14 out of 20.

Warboys is no slouch himself. He got 17 out of 20 in the basketball, chinned 27 times, ran the dash in 8 4-5s., threw the baseball 257ft. 7in., and broad-jumped 8ft. 1in.

Today's meet will be run off under the direction of Boyd Comstock and Sig Nylander.

The program and names of competing athletes and the counties they represent, follow:

RIVAL CLUB NINES TO MIX

Los Angeles Athletic Club baseball players engage in their thirteenth game of the season this afternoon when they meet the Hollywood A.C. nine on the Griffith Park diamond. Caddy Works, well-known baseball star and popular U.C.L.A. basketball coach, will start the game on the mound for the Mercuries with Perry Payne in reserve.

STAR RALLY FELLS OAKS

Five Runs in Seventh Breaks Tie and Gives Vitts 8-3 Win; Shellenback Hurls Victory

(Continued from Ninth Page)

game for the Stars was the hard hitting of Burkett. The former Angel hammered out two singles besides his homer and was robbed of a double by Tony Governor his last trip to the plate. Carlyle and Red Rollings helped Burkett lead the Hollywood attack by lacing out two hits apiece.

Shellenback experienced a decidedly rough first inning but he steered his spitter through the storm with only one Oakland run scoring. Three hits over second base, all of them just out of reach of Lee and Burkett, produced the lone run. Governor led off with a single and Vergez followed with one to the same spot after Brubaker had flied out. Arlett clicked the third hit across the middle cushion, scoring Governor and sending Vergez to third. Big Buzz stretched the blow into a double when Lee and Burkett left second base uncovered while trying for the ball. Roy Carlyle was purposely walked, filling the bases and Shellenback then went to work getting out of the bad situation. He fanned Schino on a fast-breaking spitter and got Read to force R. Carlyle at second, Lee to Burkett, for the third out.

Hollywood scored in its half when Lee walked, Burkett singled, and Rehg's hit to left sent Dud over the plate. Read broke up the rally with a headlong diving catch of C. Carlyle's low foul on an attempt to sacrifice. That catch of Read's was one of the best we've ever seen a backstop make. The Oakland catcher straightened out in midair to get to the ball and landed as flat as a pancake.

A walk to Bassler, Shellenback's double off the left-field wall and Lee's infield out put the Stars temporarily ahead in the second.

ACORNS TAKE LEAD

In the Oakland third Brubaker's single, Vergez's double off the left-field bricks and Arlett's hit gave the Oaks two runs before a man was out in the third. R. Carlyle then hit into a double-play and Schino fanned to end the inning. Vergez's clout started out as though it were going to be his sixteenth homer of the season, but lacked a few feet of clearing the wall.

Cleo Carlyle rammed one of Jeffcoat's fast ones into the center-field bleachers in the home half of the third to knot the count.

Burkett's homer over the left-field fence opened the seventh and started the Stars on the way to victory. C. Carlyle followed with a walk and reached second on Rehg's infield out. Funk lined a double to right center that scored C. Carlyle and caused Manager Ivan Howard to send Kasich in to replace Jeffcoat. Kasich proved quite a help to the Hollywood cause, Heath immediately touching him for a towering home run into the center-field bleachers and scored behind Funk. Rollings and Bassler followed with singles to right and Shellenback's sacrifice fly brought the Redhead over the plate with the fifth run of the round. Brubaker made a sensational leaping catch of Lee's line drive to finally bring the inning to a close.

The Oaks used three pinch-hitters in the ninth but Shelly disposed of them in rapid order, slipping over a third strike on Ernie Lombardi, the league's leading hitter, to end the game. Score:

DEMPSEY GOES WITH COLISEUM

(Continued from Ninth Page)

He's exercising daily, but declares he has made up his mind that he never will box again. "I've been punched for the last time," was the way he put it.

As to reports from New York that he pulled a "runout" on Humbert Fugazy when he declared the contract with the Brooklyn promoter broken, Jack said:

"That agreement was broken when he failed to provide an arena. I was paid under the terms of the contract. Why, if I had wanted to I could have stuck around New York, doing nothing, except being paid. I want action. That's why I came out here."

Jack doesn't know how long he will remain here, maybe only a day or so, or perhaps a week. He will then leave for his home in Hollywood and will begin to line up fighters from there.

Jefferson Nine Trims Franklin in Wild Battle

In one of the wildest games seen on the Franklin High field this year Coach Bill Lopez's Panther nine lost, 10 to 7, yesterday to Coach "Ching" Duhm's Jefferson outfit, winner of the city pennant last year.

Jefferson scored first, pushing two runs across the plate in the third inning, when Schweinfurth made a single into a homer on Livesay's error, scoring Nick Summo ahead of him.

In the eighth inning, with the score 8-1 in Jefferson's favor, the Panthers rallied to push five markers around the bags. Hits by Red Ford, Allaire, Childers and Tony Redondo aided the Franklin cause.

Lefty Moore, heavy-hitting Jefferson center fielder, garnered most of the hitting honors, connecting for a triple, a double and a single out of five trips to the plate. "Chili" Childers, Panther first - sacker, banged out a homer and a single in two times at bat. The score:

SHRINE TALENT FOR BROADCAST

Visitors Much in Evidence on Air Next Week

Bands and Chanters Slated fo rLocal Studios

Tomorrow KHJ Will Offer First of Programs

BY DR. RALPH L. POWER

Shrine talent will be much in evidence through some of the local broadcast studios for the next week. The programs will serve the dual purpose of entertaining Southern Californians and providing a thrill for those back East who can dial around and pick up their own home group plying here in the West.

Probably two-score and more of programs by bands and chanters are in store for the radio audience. No attempt, however, is being made by any of the radio stations to break the record established by The Times when it was owner of KHJ.

RECORD STANDS

In 1925 the station was on the air for 150 consecutive hours for the Shrine radio marathon. Broadcasts at night were of as high caliber as the day-time entertainment and that record still stands.

KHJ, the Don Lee station, will have as guest entertainers tomorrow two famous Shrine bands. The Zenobia Band from Toledo, O. goes on the air between 3 and 4 p.m. whil El Katiff Band from Spokane will broadcast between 10 and 11 p.m.

KEJK, Beverly Hills, will join in the hospitality by offering its studio to the visiting groups. The Shrine Band from Jacksonville will play from that station for an hour tomorrow commencing at noon.

PROGRAM AT PARK

During the evening the same station will have an hour and a half Shrine program between 9 and 10:30 p.m. with Shrine bands from Duluth, St. Paul and Minneapolis.

Islam Temple band will be on the air over KFI tomorrow at 6:45 p.m. while KNX's part will be to present Moslah band and Moslah chanters from Fort Worth, Tex., during the 2 to 4 o'clock broadcast of the City Park Board from Westlake Park. Thousands will make the trek to the park to see as well as hear this famous group.

STATIONS CO-OPERATE

KMTR will have two Shrine radio events tomorrow. One will be for an hour at 3:30 p.m. by Al Kaber band and chanters, Portland, Or., and Damascus band and chanters of Rochester, N. Y., from 7 to 8 p.m.

On Mondy KHJ will start the broadcast week by playing host to Mirza band of Pittsburgh at 3 p.m. and to the Sioux City chanters at 10 p.m.

MONDAY HOURS

KMTR from 9 to 10 p.m. Monday will have Ben Ali Band of Sacramento and Moolah chanters and band of St. Louis. On Tuesday it will broadcast Oasis band from Charlotte, Va., and the Sacramento group again, the time being 9 to 10 p.m.

KFI on Monday will present Ben Ali chanters from Sacramento at 7:30 p.m. for a half hour, and Za-Ga-Zig band and chanters from Des Moines for the 10 to 11 p.m. hour. Then on Tuesday it will have Mohammed Temple trumpeters from Peoria, Ill., from 9 to 9:30 p.m.

Practically all of the broadcasters in the city and county will offer their facilities to visiting Shriners during the next week.

Nueva Fase de las Huelgas en Méjico

CIUDAD DE MEJICO, Mayo 31.—Hoy se apoderaron más de 200 ferrocarrileros sindicalizados mejicanos de una de las salas del edificio de la Suprema Corte, donde se estaban celebrando audiencias, para deliberar allí sobre una huelga de hambre que iniciaron anoche en son de protesta contra una sentencia adversa que les dictó la corte.

Esta apoyó la declaración de un comité de arbitraje, que sostuvo había sido ilegal una huelga ferrocarrilera en 1926, y no les reconoció a los operarios su calidad de obreros sindicalizados.

El citado comité decretó que los hombres que se declararon en huelga no podían volver a sus puestos.

Los huelguistas del hambre han recibido mensajes de felicitación de varias uniones obreras, y se les ha prometido apoyo caso que sea de recomendarse una huelga.

Lindbergh Va a Ser Inscrito en la Lista de la Alta Sociedad

NUEVA YORK, Mayo 31.—Dice el Evening Post que el nombre del coronel Charles A. Lindbergh, que ha adornado las primeras planas de todos los periódicos del mundo, será impreso por primera vez el mes entrante en las páginas más selectas del Registro Social. En la próxima edición de verano, aparecerá esta partida: "La señorita Morrow, Anne Spencer (Dwight W.) contrajo matrimonio el 27 de Mayo, en Englewood (Nueva Jersey), con Lindbergh, coronel Charles A."

A esta política se ha ajustado siempre el registro social, de dar entrada al matrimonio de las personas ya listadas, como la señora Lindbergh. El registrar en posteriores ediciones a la persona que se casa con otra ya registrada, es cosa que se deja a la discreción del comité que juzga de los méritos del candidato.

Es casi seguro que Lindbergh quedará listado por derecho propio en la edición subsecuente del registro; por más que no siempre sucede esto con los individuos que se casan con mujeres ya listadas. Ejemplo: el caso de Irving Berlin, que no figura en el registro, a pesar de haberse casado con Ellen Mackay.

Oferta de los Ingleses a Samuel Goldwyn

NUEVA YORK, Mayo 31.—Ha regresado hoy de Europa, a bordo del Berengaria, Samuel Goldwyn, cinematografista, quien dice estar todavía meditando la reciente oferta que le hizo una compañía británica de ponerse a la cabeza de élla, y trasladar todo su personal de producción de cintas de Hollywood a Londres.

"La invitación es halagadora", manifiesta Goldwyn, "y estoy meditándola. Quiero, como es natural, pesar todos los factores de la cuestión."

Dice el famoso productor que, en París, contrató al compositor Rudolph Friml para que escriba una opereta, que se pondrá en la pantalla parlante. "Es preciso que tengamos, tanto música como piezas de teatro originales", agregó. "Lo que significa que, en lo futuro, las cintas habladas harán competencia directa a las tablas, y es lo que debe ser."

Los Rotarios Eligen Presidente a Eugene Newsom

DALLAS (Tejas), Mayo 31.—En la última sesión de la vigésima convención anual celebrada aquí por los rotarios, nombraron éstos presidente de la Rotaria Internacional a Eugene Newsom, de Durham (Carolina del Norte).

La votación para presidente fue de 1354 votos en favor de Newsom, contra 959 en pro de Raymond Knoeppel, de la ciudad de Nueva York. A moción de este último se hizo unánime la elección.

Dos Abogados de El Paso Asesinados en su Oficina

EL PASO (Tejas), Mayo 31.—H. D. Oppenheimer y Frank Lyons, abogados que estaban en sociedad, perecieron hoy de sendos balazos que recibieron en sus propias oficinas, ubicadas en el quinto piso del edificio del Primer Banco Nacional, de esta ciudad. La policía detuvo a un individuo que dijo llamarse José Marín, y que confiesa haber dado muerte a los letrados.

Al presentarse la policía en las oficinas de los socios, se encontró con que habían sido cortados los alambres del teléfono, lo que hizo imposible a las víctimas pedir auxilio.

Un Barón Holandés Sorprendido al Ver Nuestros Geranios

El barón Van Steinwyk, ayudante del gobernador de Diepenheim (Holanda), se halla de viaje en los Estados Unidos, adonde ha venido a estudiar las condiciones gubernativas y los trabajos de administración. Hace dos días que arribó a esta metrópoli de Sudcalifornia, e inmediatamente llamó su atención una cosa misteriosa.

"Me gusta muchísimo la comarca donde ustedes viven. Pero hay algo que me tiene intrigado. ¿Qué maña se dan ustedes para que sus geranios crezcan tan altos y robustos?" interrogó el señor barón.

"En Holanda, plantamos los geranios bajo campana de vidrio. Pasado mucho tiempo, se convierten en plantas que, a lo más, tienen doce pulgadas de alto. Luego, florecen, se marchitan, y mueren para siempre. Aquí hacen ustedes setos y vallas de esa planta", dijo sorprendido nuestro visitante.

En Holanda se ocupan ahora más de 40,000 hombres en levantar terraplenes para desviar el curso del Zuyder Zee, que es la desembocadura del Rin, con la mira de arrancarle al agua toda una nueva provincia. Tal relató el barón.

Tras haber pasado dos días en el Hotel Ambassador, el barón Van Steinwyk partió anoche rumbo al Valle de Yosemite.

YANKEE TENNIS STARS TRIUMPH

(Continued from Ninth Page)

be completed tomorrow before the semifinals start.

Tilden made use of every bit of the judgment and court strategy the years of his campaigning have taught him, to pull out a victory over his younger opponent by his skill rather than speed and physical strength that once were enough. The American made up whatever he may have lost in speed of foot by clever judgment of pace and striking. He outguessed De Morpurgo in nearly every exchange, gambling with the waning strength of his opponent and forcing him to play the Tilden game.

Continually mixing chops and soft drop shots across the net with longer drives, Tilden kept the Italian running from the baseline to the net and back until his strength gave out. But during the process of killing off the younger Italian, he came very near to the limit of his own stamina and both players were groggy when they left the court at the end of the long battle.

Simpson Wins Lap in Derby

DUNCAN (Ariz.) May 31. (AP)—Paul Simpson, Burlington (N. C.) college youth, forged to the front today in the sixty-second lap of C. C. Pyle's bunion derby, running the thirty-eight miles from Lordsburg to Duncan, in 4h. 57m. and 50s.

Simpson, fifth in elapsed time for the transcontinental trek, two days ago finished next to last when he was troubled by his stomach. Today he averaged 7.6 miles an hour over dirt roads and desert country, despite a broiling Arizona sun.

Giusto Umek, Italy, was second in 5:10:40, strengthening his hold on third place. For the second consecutive day the two leaders in elapsed time, Pete Gavuzzi, England, and Johnny Salo, Passaic, N. J., paced each other into the control point. They were tied for third in the day's run in 5:12:10, Gavuzzi retaining his lead of 21m. 10s. The field was reduced by one today when Colombo Pandolfi, Italy, withdrew.

The leaders in elapsed time:

Pete Gavuzzi, England	404:23:47
John Salo, Passaic, N. J.	404:44:57
Giusto Umek, Italy	418:48:56

Senators Turn on Missions

SAN FRANCISCO, May 31. (AP)—The Sacramento Senators turned the tables on the Mission Reds today, winning 7 to 5. The two teams played an even hitting game, the Senators roping in eleven to the Reds' twelve. The Senators, however, made the wallops count throughout the nine innings, while the San Francisco nine obtained four of its five runs in the final inning.

BANK CLEARINGS SHOW DECREASE

May Totals Exceed April But Behind Last Year

Advance of 3 Per Cent Scored on Preceding Month

Los Angeles Figures Surpass Those of Bay City

For the first time in about a year and one-half Los Angeles monthly bank clearings dropped below the figure for the corresponding month of the preceding year, according to the report on May clearings issued yesterday by the Los Angeles Clearinghouse Association. The total, however, exceeded the volume for April and surpassed that of San Francisco for May.

The combined bank clearings in Los Angeles for May reached a total of $936,194,540.21, as against $995,672,153.98, for May, 1928, a decrease of $59,477,613.77, or nearly 6 per cent. September and July in 1927 were the only months during the past three years when the totals fell below that of the preceding year.

The May total, however, exceeded substantially the figure for April and for February this year. The amount for the month just closed passed April, which totaled $909,251,813, by $26,942,727, or nearly 3 per cent. February clearings were $919,564,197.

San Francisco clearings for May were reported yesterday at $887,600,000, as against $1,061,600,000 in May, 1928, a drop of $174,000,000, or 17 per cent. Los Angeles clearings exceeded San Francisco by $48,500,000, or more than 5 per cent. While San Francisco clearings for the full year 1928 exceeded the totals in Los Angeles, clearings here have surpassed those of the Bay City each month of the current year.

Clearings for the five months since January 1, last, reached an aggregate of $4,886,625,545. This contrasts with $4,405,699,092 reported for the corresponding period last year and represents an increase of $480,926,453, or more than 10 per cent.

In January of this year a record for monthly volume was established at $1,078,224,435, which was also the first time a monthly figure had crossed the $1,000,000,000 mark. March totals were the second largest of any month for all time reported at $1,043,390,559.

Comparative figures of clearings since the first of the year with the twelve months of 1928, follow:

Bank of America Listed on Mart

Bank of America of California stock has been approved for listing and will be called for trading Monday on the Los Angeles Stock Exchange, it was announced yesterday following a meeting of the board of governors of the exchange. The stock has been traded on the Los Angeles Curb Exchange.

The bank has an authorized capital of 2,000,000 shares of $25 par value of which there are outstanding 712,355 shares. The stock sold yesterday at 172½. Current dividends are being paid at the rate of $5 annually.

Curb Seat Sale Sets New Mark

Transfer of a seat on the Los Angeles Curb Exchange has been arranged for $58,000, a new high record and up $3000 on the last sale several months ago, Phillip S. Leo, secretary and manager of the curb, announced yesterday. Names of the principals in the deal are being withheld for the present.

The Los Angeles Curb Exchange began operations almost a year ago today, opening its doors June 4, 1928. It is now reputed to be the fourth largest security market of the nation in point of share turnover. Mr. Leo also stated that the exchange operates at present a total of 106 tickers.

COTTON MARKET

NEW YORK, May 31. (AP)—Opening advances on reports of heavy rains in Texas over the holiday were followed by declines in the cotton market under realizing or liquidation and local selling promoted by weakness of wheat and failure of bullish features to create a more aggressive demand.

Early advances were not only lost, but the market sold well below Wednesday's closing quotations, with prices showing net declines of about 8 to 15 points around 2 o'clock.

LOAN TOTAL TO BROKERS ON DECLINE

Drop of $232,000,000 at New York Reserve Bank Largest in Weeks

WASHINGTON, May 31. (AP)—Loans to brokers and dealers held by New York Federal Reserve member banks for the week ending May 29, were announced by the Federal Reserve Board today as $5,288,000,000, representing a decrease of $232,000,000, as compared with the preceding week.

The decrease was the largest that has been registered in any single week since the Federal Reserve Board inaugurated its campaign to restrain the use of Federal Reserve credit in speculation.

The loans for the week ending May 29, 1928, were $4,469,000,000. The detailed distribution of the loans over the three weeks dealt with in the board's report was:

	May 29, 1929	May 22, 1929	May 29, 1928
For own account:	$ 773,000,000	$ 827,000,000	$1,219,000,000
For account of out-of-town banks:	$1,540,000,000	$1,651,000,000	$1,808,000,000
For account of others:	$2,975,000,000	$3,042,000,000	$1,842,000,000

German General Electric Soars

BERLIN, May 31. (AP)—A marked advance in the A.E.G. or German General Electric stock from 173 per cent in the middle of May to 200 was registered today, due chiefly to American buying. It was believed in well-informed Boerse circles that the rise was due to the company's reported intention to increase its common capital stock from 150,000,000 marks to 180,000,000 marks. Confirmation of this report was not available.

Of the new 30,000,000 marks issue, it was understood that the American General Electric will take 25,000,000 marks, without voting rights, at 200. It was believed that the remaining 5,000,000 marks new issue may be used to convert the still outstanding preferred stock of the A.E.G., which was mostly bought up during the last few months.

LOAN FIGURES HOLD SECRET

Current Reduction Helpful, But Not Likely to End Deflation; Reparations Parley Watched

BY EARLE E. CROWE

Last week's decrease of $232,000,000 in brokers' loans, as reported yesterday after the close of the market, goes a long way in reducing the total, but it is likely that there still is considerable reducing to do before the Federal Reserve barons approve the loan figures. The summer months of June and July, with their prospects for the stiffest demands the money market has yet encountered in the current campaign, are expected to do the work.

Stock market operators who were fortunate enough to liquidate their holdings before the last break are again watching the brokers' loans as the best guide to the future course of the market. It is recognized, however, that only expert analysis of these figures will reveal the true status of the security market, since the total loans are bound to reflect the burden of carrying the new stock issues coming out under subscription rights. The total required to take up these rights is estimated at about $1,250,000,000.

FIGURES CLOUDED

Liquidation of securities may proceed quietly, and still leave the brokers' loans not greatly affected. The situation is further complicated by the hint that the Federal Reserve Board could actually show great declines in the total figures than it has reported. The presumption is that the true statement of decreases in loans would encourage another furious burst of speculation which would defeat the purposes of the reserve bank campaign.

Despite the rallies that ordinarily interrupt a period of distribution, the outlook is for continuing liquidation of securities and consequent reduction in stock market loans. The recent break undoubtedly left a great many people hung up with large lines of stocks at higher prices, and it is not likely that these people will exhibit any great amount of patience. Margin calls and discouragement are two powerful arguments influencing the sale of stocks in times like the present.

NEW MOVE LIKELY

When brokers' loans will reach the right figure in the eyes of the Federal Reserve Board and when the prices of stocks should start up again are questions that even the best informed operators in the market are unable to answer. It is generally agreed that sufficient plans and projects are pending in the business world to warrant operations for the advance in the good stocks, but nobody is willing to move until the money question is settled.

So confident are many of the well informed operators that they are not selling the stocks they own outright even in the face of prospects for additional declines in quoted values.

About the only development that might upset these calculations would be the settlement of the reparations conference on a satisfactory basis. Such an announcement could induce a renewal of operations in the stock market on the theory that the uncertainties of international finance and trade would be removed. But again, there would also be the question to consider of what effect the flotation of any German bonds arising out of the settlement would have on the American money market.

Utility Elects Two Officials

B. C. Cobb has been elected chairman and Thomas W. Martin president of the new Commonwealth and Southern Corporation, which has acquired large blocks of common stocks of Commonwealth Power Corporation, Southeastern Power and Light Company and Penn-Ohio Edison Company, it was announced yesterday following an organization meeting.

Mr. Cobb is president of the Commonwealth Power Corporation and chairman of the Allied Power and Light Corporation, while Mr. Martin is president of the Southeastern Power and Light Company. Directors include a list of names prominent in the public utility field.

Bay City Accountants Establish Los Angeles Office

Hood & Strong, certified public accountants, are establishing a Los Angeles office in the Van Nuys Building under the direction of Oliver M. Weed, C.P.A., a native of Los Angeles.

The partnership has an office in San Francisco, and has been in operation since 1916. Growth of their business in Southern California has necessitated the branch, it was stated.

SPECIAL DIVIDEND PAID

DETROIT, May 31. (Exclusive)—Parke, Davis & Co. has declared a special dividend of 10 cents in addition to the regular quarterly of 25 cents, payable June 29 to stock of record June 18.

Irregular Tone Noted in Trade Survey of Week

NEW YORK, May 31. (AP)—Bradstreet's tomorrow will say: There is rather more irregularity in trade and, to perhaps a lesser extent, in industry, the advent of real summer weather after a cool and wet spring has given a much-needed stimulus to retail trade in wearing apparel of all kinds, with vacation supplies coming in for mention, because of the weather and the holiday this week.

On the other hand, wholesale and jobbing trade seems to reflect an increase in conservatism as regards future buying, moving elements in this direction being the effect of high money on certain lines of trade and the recent decline in farm-product prices, which later tends to create uncertainty as to the buying ability of parts of the rural community.

In industry, also, there are more signs of irregularity, in that, while the metal producing and consuming trades, led by iron and steel, continue, as a rule, at a high rate of speed, and building and allied trades show more effects of the high rates for loans, and leading textiles and some few other lines note quieting down of various degrees.

Taken as a whole, future trade is about on a par with a year ago, retail distribution is still better than last year, and industry, factory lines particularly, though quieter than of late, are still in the lead in the matter of gain over the like period a year ago.

Franchise Tax Commissioner Issues Ruling

Every corporation having a fiscal year closing at March 31, 1929, must transmit a return to the Franchise Tax Commissioner before June 15, 1929, according to a statement made yesterday by Reynold E. Blight, Franchise Tax Commissioner, who is now in Los Angeles. Blank forms of return may be obtained from Sacramento.

The franchise tax return is based upon the net income disclosed by the return at the rate of 4 per cent, after certain offsets for taxes paid.

Taxpayers finding it impossible to prepare the return by June 15 may obtain an extension of time by application to the commissioner. A failure to transmit the return or to obtain an extension of time, will involve the taxpayer in a penalty of an additional tax of 15 per cent, according to Mr. Blight.

New corporations that have begun business since March 1, last, are required to pay the minimum tax of $25, although a return is not required from them at this time.

Cotton Broker Closes Office

DALLAS (Tex.) May 31. (AP)—Readjustment of accounts to meet the recently adopted Rule 33 of the New York Cotton Exchange, limiting credit to dealers and calling for early settlements, was responsible for the announcement in New York today that the M. H. Thomas Company of Dallas has suspended business temporarily, Mike H. Thomas, head of the concern, said today.

The company, Mr. Thomas explained, had contracts for credit with clients which it could not cancel, and it was decided to notify the New York exchange that it was unable to liquidate its assets and readjust to comply with the new rule by the time set by the exchange.

NOBLITT SPARKS VOTE SUBSCRIPTION RIGHTS

CHICAGO, May 31. (Exclusive)—Directors of Noblitt-Sparks Industries, Inc., have voted to offer to stockholders of record, June 3, the right to subscribe to additional capital stock in the ratio of one share for each four shares held, at $40 a share. Rights will expire June 15. The directors declared the regular quarterly dividend of 50 cents, payable July 1 to stock of record June 20. This dividend will apply on the new stock, it was stated.

RESOURCES GAIN

Building and Loan Company's Progress Shown

Showing an increase of $4,360,244.82 since January 1, last, resources of the United States Guaranty Corporation yesterday totaled $31,157,227.89, Gilbert H. Beesmyer, president, announced. Loans in force totaled $26,286,043.28, as against $22,540,134.21 on January 1. Record gains in resources during the period were shown by each of the eight building-loan associations under the Guaranty banner, Mr. Beesmyer said.

A gain of 82 per cent in resources during the past sixteen months has been made by the Guaranty Building and Loan Association, increasing from $5,045,505 on January 1, 1927, to $9,216,680 on May 31, last, according to Mr. Beesmyer.

BANKERESSES ADOPT SLEEVES

Security-First National Drops Gentle Hint That Bare Lateral Extremities Are Improper in Counting Houses of Southern California Cities

GLENDALE, May 31. (Exclusive)—Patrons of the Security-First National Bank of Los Angeles must not have their attention distracted by the sight of dimpled elbows or vaccination marks when they come into the bank or any of its branches to make deposits or ask for extension on loans.

This is the edict, couched in the form of a friendly suggestion, that has emanated from the higher officials of the bank, advising the girl clerks to wear dresses with long sleeves during banking hours.

The official ukase confines itself exclusively to the matter of sleeves and does not attempt to dictate the length of the skirts that are to be worn, nor does it enter into the question of the use of cosmetics.

It also skillfully dodges the debatable point as to whether the girls may or may not wear hose during working hours.

Anyway, the sleeveless dresses have disappeared and the girl clerks are now abiding by the rules laid down, at least during working hours.

RICHFIELD OIL INVADES EAST

Marketing Subsidiary Formed in New York City

Will be First of California Concerns in Field

Step Known for Some Time as Under Consideration

Formal entrance of the Richfield Oil Company of California into the east coast gasoline market was forecast yesterday in reports from New York of the organization of the Richfield Oil Company of New York, a new company to distribute and market Richfield products in the eastern States.

This will be the first time that a western petroleum company has invaded the eastern market on a retail basis.

While confirmation of the New York report was not obtainable in Los Angeles because of the absence from the city of Richfield executive officers, it has been understood for some time that the company contemplated this step. Several months ago the purchase of the Walburn Petroleum Company, a distributor of petroleum products on the Atlantic Coast, was announced, and this company is probably the nucleus around which the eastern organization will be built.

In addition to the Walburn purchase, it has been further reported that Richfield has acquired several other distributing companies in eastern States. Among this number is included, it is understood, the Acewood Petroleum Company, an old-line distributor of gasoline in the eastern wholesale market.

From the Walburn, Acewood and other purchases, the Richfield Oil Company of New York will start operations with three terminals, located at Baltimore, Bayonne, N. J., and Providence, R. I. These terminal facilities will handle the shipment of Richfield products from the parent company's refineries on the Pacific Coast.

Los Angeles Harbor reports state that the Richfield company has shipped ten cargoes of gasoline to the Atlantic Coast in the month of May or about 25,000,000 gallons of gasoline. This would indicate that the marketing companies which Richfield of New York will acquire are already retailing Richfield products in the East.

Richfield recently entered the Vancouver market with bulk distributing facilities, and presumably plans other expansion steps, probably with the intention of eventually marketing its products on a nation-wide scale. It is reported that Richfield gasoline gallonage is running at a rate that indicates the first six months of the year will equal the gallonage for the full twelve months of 1928.

In connection with the formation of Richfield Oil Company of New York, the New York reports suggested that a minority interest in the company may be offered to the public.

May Imports and Exports Show Advance

Imports and exports of ports of entry in Southern California showed a marked increase during the month of May, it was shown yesterday by figures compiled by Collector of Customs Schwaebe.

It was shown that the imports for May, 1929, were valued at $5,100,000, compared to $3,521,841 in May, 1928, showing an increase of $1,578,159. The exports for May, this year, were valued at $14,950,000, it was estimated. For the same month in 1928 the exports were valued at $11,564,667, which was $3,386,333 less than for May, this year.

Shipments to Hawaii reached $675,000 in May, this year, compared to $592,884 for May, 1928. Shipments to Alaska were valued at $52,034 and at $654 to Porto Rico. Customs collections for May, this year, were $565,000, compared to $564,575.45 for the same month in 1928.

Postoffice receipts for May, this year, showed an increase of 10.44 per cent over the same month in 1928, it was shown by Postmaster O'Brien's figures. Collections for May, 1929, were $893,038.01, compared to $808,618.27 for the same month in 1928.

Utility System Earnings Gain

Associated Gas and Electric Company reported total gross revenues of the Associated system for the year ended December 31, last, of $42,163,550, an increase of 19 per cent over the previous year, according to annual report mailed to stockholders yesterday. Total net revenue amounted to $19,170,637, an increase of 13 per cent.

Gross sales of electric and gas appliances aggregated over $2,500,000, nearly four times as great as the sales total in 1927. Total assets of Associated Gas and Electric and subsidiary and affiliated companies as of December 31 amounted to $318,514,494, as compared with $312,701,682 at the end of 1927 and $62,257,097 at the close of 1924.

J. F. HOGAN ELECTED BY WESTERN PACIFIC

J. F. Hogan has been elected by the directors of the Western Pacific Railroad Company as vice-president in charge of traffic, effective the 15th inst., according to an announcement by the company yesterday. Mr. Hogan has for some time past been vice-president of the Chicago and Western Indiana Railroad and also vice-president of the Belt Railway of Chicago. He formerly represented the El Paso and Southwestern System in California before it was sold to the Southern Pacific.

AIR LINE TO BRIDGE GAP

First Transcontinental Two-Day Plane and Rail Trip Starts at New York July 8

BY JOHN F. SINCLAIR

(Copyright, 1929, by the North American Newspaper Alliance)

NEW YORK, May 31.—Regular two-day passenger service, New York to Los Angeles, begins July 8. Then, the Transcontinental Air Transport, working in conjunction with the Pennsylvania and Santa Fe railroads, begins forty-eight-hour coast-to-coast service.

The first passengers to go on this first epoch-making journey will depart from the Pennsylvania station in New York, and will arrive at Los Angeles forty-eight hours later. They will sleep on trains at night, and travel in planes during the day.

Passengers will go from New York to Columbus by train, and after breakfast in Columbus will board the latest type Ford three-motored airplane, carrying ten passengers. They will stop for the plane's refueling at Indianapolis and St. Louis. Luncheon will be served on the plane immediately after taking off from St. Louis. Stops will be made at Kansas City and Wichita for refuelling. Reaching Waynoka, Okla., in the early evening, the passengers will again entrain, for Clovis, N. M., and then again by plane to Los Angeles.

The matter of fare is important. It is still higher than all-rail fare. The New York-Los Angeles rate will be $344.50, as compared with $320 in a drawing-room from New York to Los Angeles by the all-rail system.

Air transportation probably will not begin to reach its maximum until the fares are reduced considerably under the schedules now in existence.

Not long ago Morris L. Cooke, Philadelphia engineer, was asked by the Federal Power Commission to make a survey of electric rates in all parts of the United States. The survey said that electric rates were too high, and that public utility companies could make a fair profit by selling to the consumer at 5 cents a kilowatt hour. This finding is disputed by many public utilities.

The Philadelphia Electric Company, however, has just announced another reduction in the price of electric current for domestic use in and around Philadelphia, which means about $900,000 annual saving to its thousands of domestic users.

This is the fifth voluntary reduction the company has made in the last seven years, and the second for residence rates.

In this latest cut, the rate first is reduced from 7 to 6 cents a kilowatt hour for 708 kilowatt hours used in a three months' period. This is the equivalent of thirty-six kilowatt hours a month. Under this rate the first twelve hours cost 96 cents a month, as in the former schedule, while the next thirty-six hours cost 6 cents, a reduction figured at 14 per cent. The third step, or wholesale domestic rate, remains at 3 cents.

As nearly all the domestic consumers now use more than twelve kilowatt hours monthly in Philadelphia, it is estimated that more than 92 per cent of all domestic users will benefit by the newest reduction.

Concern Formed to Supply Gas

SAN FRANCISCO, May 31. (AP)—Formation of a $1,000,000 company to supply natural gas from the Kettleman Hills oil field to several Central California municipalities was announced here last night by Max Thelen, a Berkeley attorney.

Thelen said the directors included Paul S. Marron, Oakland lawyer; Paul Kayser, of Houston, Tex., and Marguerite Filben and Gordon Johnson of San Francisco, but that these persons may be only temporary officers. He declined to say who the backers of the project were. Kayser, said by Thelen to have had considerable experience in the oil fields of Texas, was designated president.

RANCHER'S INJURIES BY TRACTOR FATAL

PLACENTIA, May —Funeral services for C. Winthrop Bowen, 41 years of age, well-known Placentia rancher, will be held Tuesday at 10 a.m. from the Fullerton Episcopal Church with Rev. J. C. Maltas officiating. Bowen was fatally injured Wednesday afternoon while working on his ranch here. He told Mrs. Bowen after the accident that he had dismounted from his tractor, leaving the motor running while attempting to adjust a valve. In some manner the tractor went into gear, knocking Bowen down. The tractor and a disc passed over his body. Bowen was a trustee in the Fullerton Union High School District.

DEMAND ON WOOL MART SLACKENS

Weekly Survey Reports Buying Volume Light in All Districts

BOSTON, May 31. (AP)—The Commercial Bulletin tomorrow will say:

There has been a slackening in the buying movement in wool this week both in the eastern and western markets. Prices are hardly changed for the week.

Manufacturers report fair repeat business at the mills in men's wear and in certain lines of women's wear, notably the broadcloth section. Knit-goods manufacturers, also, have been getting more business of late on the lower basis of wool prices.

Foreign markets are generally quiet, although there are predictions of improved business in Yorkshire in the near future.

Mohair is in limited request at steady prices.

The rail and water shipments of wool from Boston from January 1, 1929, to May 29, 1929, inclusive, were 76,378,000 pounds, against 74,344,000 pounds for the same period last year. The receipts from January 1, 1929, to May 29, 1929, inclusive, were 98,161,265 pounds, against 117,535,300 pounds for the same period last year.

The Bulletin will publish the following wool quotations tomorrow:

Scoured basis: Texas—Fine twelve months (selected), 95@97; fine eight months, 85@88. California—Northern, 95@98; Middle county, 85@88; southern, 80@85. Oregon—Fine and F. M. staple, 95@98; fine and F. M. French clothing, 92@95; valley No. 1, 80@82.

Territory: Montana and similar—Fine staple, choice, 98@1.00; ½-blood combing, 92@95; ⅜-blood combing, 80@85; ¼-blood combing, 78@80.

Pulled: Delaine, 1.05@1.07; AA, 1.03@1.05; fine A supers, 97@1.02; A supers, 95@97.

Mohair: Good original bag, Texas spring, 61@62; Texas kid, 80@82; good original bag, Arizona and New Mexico, 56@57; original bag, average twelve months, Oregon, 58@60.

Graded stock: First combing, 63@70; good carding, 45@50.

Stocks Weak on London Market

LONDON, May 31. (Exclusive)—Local stock market was weak today due to enormous victories by Labor in the elections. Heavy losses were sustained in gilt-edge securities.

Textile, nickel and artificial silk issues were all lower and a weak tone was noted in tobaccos. Home and Argentine rails moved downward and margarine issues and mining stocks likewise fell to lower levels. Oils were easier and there was a downward drift in rubber stocks. Ford Motors, Ltd., held around £3 1-4.

Foreign securities were comparatively quiet.

ESPEE PLANS ISSUE OF EQUIPMENT TRUSTS

WASHINGTON, May 31. (Exclusive)—Southern Pacific today applied to the Interstate Commerce Commission for authority to issue $6,825,000 of 4½ per cent equipment trust certificates series "L." The certificates will be sold by the Pennsylvania Company, to a syndicate composed of Estabrook & Co., Edwards, Lober & Co., the R. L. Day Co., and the Old Colony Trust Co., at $5.41. The certificates are being issued in connection with the purchase of forty-four locomotives and other rolling stock costing $9,113,000.

STOCK DIVIDENDS FOR MONSANTO CHEMICAL

NEW YORK, May 31. (Exclusive)—Directors of the Monsanto Chemical Works adopted a resolution today declaring their intention to pay quarterly stock dividends of 1½ per cent in addition to the quarterly cash dividend. This shall be done if the two-for-one split-up is ratified by stockholders on July 2. The board intends to pay the first stock dividend in August. The regular 62½ cents cash was declared payable July 1 to stock of record June 20.

ENGELS COPPER NET DECLINES IN APRIL

SAN FRANCISCO, May 31. (Exclusive)—Engels Copper Mining Company today reported for April net profits of $50,814, as compared with $96,940 for March. Net profits for the first four months of 1929 amounted to $235,228. April production was $20,375 pounds costing 13.09 cents per pound and selling for 18.37 cents, while during March the production totaled 1,043,231 pounds costing 12.54 cents per pound, and selling for 21.64 cents.

SALE OF ESCONDIDO BANKS SANCTIONED

SAN FRANCISCO, May 31. (AP)—Will C. Wood, State Superintendent of Banks, today approved the purchase and sale agreement by which the Security Trust and Savings Bank of San Diego acquires the First National Bank and First Savings Bank of Escondido. The premises of the Escondido branch will be used as a branch for the San Diego institution.

LOS ANGELES EXCHANGE

Irregularity Hits Stock Market as Trading Activity Drops to Slow Pace

As the volume of operations was again held to quiet levels, few major price changes took place in yesterday's session of the Los Angeles Stock Exchange. The entire list was irregular and at the close indicated the general unsettled attitude of traders that has prevailed for some time.

Southern California Edison common was one of the strong spots of the day and on a brisk demand advanced 1 7-8 points to 58 1-8. Pacific Finance, on a smaller turnover, moved up 1 3-4 to 113 3-4 and Seaboard National Securities gained a full point to 46. All other market changes were of fractional dimensions.

Byron Jackson was unusually quiet compared with past sessions and dropped off ½ to 36. Douglas Aircraft added 1-4 to end at 36 1-4. Emsco dropped another full point to 34. Banks as a whole were unchanged and sparsely traded.

Trading was restricted on the oil board and no well-defined price trend developed. Rio Grande swung back 1-4 point to 31 3-4 and Union Oil, 1-8 to 47 7-8. Union Associates was held firm at 47 3-4. Standard of California yielded 1-8 to 73 3-4, while Signal improved, selling ex-dividend at 37½.

Grain Markets Continue Drop to Lower Level

CHICAGO, May 31. (AP)—Tomahawking of grain values took a fresh start today, and wheat, corn, oats and rye all suffered infliction of worse and worse low-price records. New selling tension, which brought about this result, had its origin in Winnipeg, where quotations on wheat were cut right and left yesterday during the time United States grain exchanges were closed in observance of Memorial Day. A reason given for the Canadian price lashing was that the German wheat tariff is likely to be raised following jumps the last few days in the French duty and in the Italian import rate as well.

Chicago closing quotations on wheat today were unsettled, 2⅝@2¾c net lower, with rye 2⅛@6⅛c down, corn 1⅛@8⅛c off, oats at 1@3⅛c drop and provisions varying from 25c setback to a rise of 10c.

Adding to the violence of today's breaks in grain prices was the fact that month-end settlement of accounts was in progress. Besides, leading crop authority here estimated that the United States winter wheat yield this season will be 40,000,000 bushels in excess of last month's official forecast. Relatively little notice was taken that he also figured the condition of domestic spring wheat to be 85.3 per cent, with a 5 per cent reduction of acreage, whereas the ten-year average condition is 88.4 per cent. Meanwhile, rains beneficial to Canadian crop counted as a further influence toward lower prices.

Notwithstanding that Chicago wheat values gave sharply under the weight of increased selling today, the market here held up better than was the case either at Winnipeg or Liverpool. Part of the buying which checked downturns in Chicago and which inducted late rallies was ascribed to reports of excessive rains over domestic winter wheat territory Southwest. Talk was also current that there had been export purchases of North American wheat today totaling 2,000,000 bushels, about half of which was said to be United States hard winter wheat and durum.

Despite assertions which are circulated that Argentine shippers were urgent sellers at Liverpool and were apparently determined to unload Argentine wheat ahead of the movement of new wheat from the United States, Argentine shipments for the last week were only 3,624,000 bushels, compared with 6,572,000 bushels the week previous. Australian wheat exports were also the smallest in a long time, 496,000 bushels.

At one time today rye showed a collapse of nearly 8c a bushel in the price of May delivery. The extreme weakness of rye appeared to be due chiefly to the drop in wheat prices and to unexpected selling of rye into store here.

In the corn market, large receipts of corn here increased the depressing effect of wheat action. Furthermore, corn-planting conditions today were suspicious, and corn that is up was reported to be showing a good stand.

Provisions averaged lower, sympathizing with grain, although hogs were 10@15c higher.

NEW YORK CURB STOCKS

NEW YORK, May 31. (AP)—Conflicting price movements today marked the resumption of trading after the holiday in the curb market, with public utilities soaring into new high territory and more than two score industrials and specialties at new lows.

The market opened strong, but with the further collapse in wheat prices and sharp declines on the "big board," selling broke and for a time carried even some of the utilities down. Plentiful call funds at 6 per cent seemed to hearten traders and stocks swung upward, with the majority of issues closing at or within a point or two of their best prices of the day.

Gains in the utilities ranged from 5 to 19 points, but activity was chiefly in stocks of companies ranked under the Morgan-Bonbright-Drexel banner. American Super Power issues all established new highs, the "A" opening at 180⅛, shooting up to 194⅛, and closing at 194 for a net advance of 19 points. The "B" closed at 194 for a 14-point gain and the new stock at 39½, up 3¼. Both issues were down fractionally from the day's high.

Allied Power and Light, and Buffalo Niagara & Eastern also touched new peaks. Gains of 4 to more than 10 points were tallied by Buffalo Niagara & Eastern "A," Electric Bond & Share, Electric Investors, Mohawk Hudson Power, St. Regis Paper, and Southeastern Power.

Minneapolis Honeywell Radiator soared 7⅛ points to 86, a new high, and closed at 84⅛.

The slump in wheat carried farm equipment stocks, Deere & Co., and Minneapolis-Moline Power Implement Company to new lows, but in the afternoon rally the former wiped out its 22-point loss, and the latter reduced its 4½-point drop to a fraction.

Oils followed and uneven course and closed for the most part lower. Humble was down a point. Although the aviation stocks registered losses at the close, they were up several points from the day's low levels.

Club Aluminum, trading in which was suspended for a time in Chicago earlier in the week, dropped to a new low on the president's prediction dividends will be passed.

The closing price is omitted when same as the low, and both low and close when same as the high.

LOS ANGELES CURB

Los Angeles Curb Exchange stocks were traded at irregular intervals yesterday and closed the session in an unsettled manner with few changes and about an equal number of losses and gains. The day's sales were considerably smaller than usual.

Lockheed Aircraft, stimulated by eastern buying, was the most active trader of the session and after hitting 19 1-4 dropped back to close at 18 3-4, off ½ net. Maddux was a feature of the activity on the expectation of an announcement of a deal with Transcontinental Air. The stock yielded 1-8 to 12, having ranged between 11 7-8 and 12 1-8.

Security Company units were strong, up 2 points to 64⅛. Consolidated Steel regained 1-4 to 19½. Fokker was unchanged at 48½. Kolster Radio dropped down another 1 1-4 points to 25 3-4. Samson slumped 1 1-4 points to hit a new low at 20 3-4. Mexican Seaboard broke 1 3-4 to 39 3-4.

Sales totaled 108,520 shares valued at $424,417.

SAN FRANCISCO

SAN FRANCISCO, May 31. (AP)—Trading was light in volume and the market hesitant on the San Francisco Stock Exchange today, with prices moving within a narrow range and fluctuations largely fractional. Industrial and bank issues were mixed, the radios and oils sluggish.

Pacific Lighting climbed 1 point to 80 and slight gains were shown by Pacific Gas and Electric common at 57½, Pacific Gas and Electric preferred at 26 and Crown Zellerbach vtc. at 16¼.

Caterpillar Tractor opened weak at 75½, but climbed steadily to 77⅛, softening to close at 77⅛, with a gain of ⅛ from Wednesday's closing sale.

Atlas Diesel sold off 1⅛ at 45 and Clorox Chemical 1⅛ at 28⅛. Fractional recessions were chalked up against John Bean at 51, Illinois Pacific Glass at 30½, Aviation Corporation of California at 25 and Golden State Milk at 56. California Packing, selling ex-dividend, opened at 73, an overnight loss of 1⅛, but strengthened to close at 74, with a net loss of ⅛. Four new lows were registered in the industrial group by Associated Insurance at 8⅛, Oliver Filters "A" at 30½, Oliver Filters "B" at 28 and Leon Magnus "A" at 20⅛.

Among the oils, Union added ⅛ at 47⅛. Standard of California at 73½ and Honolulu Consolidated at 43 were steady. Slightly lower levels were touched by Richfield at 42 and Union Associates at 47.

Kolster Radio dropped 1 to 25½ and Magnavox dipped ⅛ to 6½.

The outstanding gain of the session was that of Bank of California, which with a limited number of sales, jumped 6 points to 320. Transamerica sold off ⅛ at 135⅛ and American Company hit a new low at 135.

Total sales: Bonds, $1000; stocks, 29,388 shares of $1,410,985 market value.

PRICES TURN UP AFTER SETBACK

(Continued from Twelfth Page)

ference caused some buying of the copper shares, but they quickly ran into profit taking. The weekly business reviews indicated that high interest rates and the break in wheat prices have caused some hesitancy in wholesale buying, but pointed to sustained activity of the steel and other metal trades.

TRADING SLACK

The pace of trading was comparatively slack, as many traders extended the Memorial Day holiday to include the week-end. Total sales were less than 3,300,000 shares. The Associated Press index of fifty industrials held steady, and the indices of twenty rails and twenty utilities showed substantial gains, the latter mounting more than 8 points to within less than a point of its record high level.

American Water Works, concerning which vague merger rumors have been circulated of late, was pushed up 17 1-2 points to a record price at 116 1-2, and closed at 117. North American Company was sent up about 9 points to a new top. Atchison was again a leader of the rails, mounting 9 points to 224 1-2, another new peak, in response to bullish earnings estimates, indicating that 1929 net will equal more than $20 a share, and prospects of a stock dividend or split-up. New York Central sold up about 8 points.

NEW LOWS SET

Scores of issues were carried to new low levels for the year in the morning break. Case Threshing dropped 15 points to 293, in contrast to the year's high of 509, Advance Rumely common dropped 4 points to 27, in contrast to its recent peak of 104 7-8. International Harvester, and Montgomery Ward reached new 1929 bottoms, and Sears, Roebuck broke more than 7 points.

Federal Mining and Smelting broke 13 points, Johns Manville dropped about 5 points to a new low, then rallied for a net gain of 4 points. United Aircraft dropped 7 points, then reacted its steps to close steady. Wright Aero lost about 8 points, and closed off 4. Several motor shares dropped 1 to 4 points to new lows for the year, including Chrysler, General Motors, Hudson, Studebaker and Nash, but regained some of their losses before the close. United States Steel and Radio both recovered from early heaviness and closed more than a point higher.

Commodities were generally heavy. The drop in wheat carried the May delivery to a low of 93 1-4 and July to 96 cents, but closing quotations were about 1 cent above the bottom. The drop was in response to the break of nearly 5 cents in Winnipeg yesterday, when American markets were closed. Other grains were heavy, and cotton eased in sympathy.

Foreign exchanges developed rather puzzling heaviness, in view of the favorable reparations progress and the easing money rate at New York. Sterling cables again fell to $4.84 7-8, which, theoretically, would make gold imports profitable.

NEW YORK BOND PRICES

NEW YORK, May 31. (AP)—Under the leadership of the German obligations, bond prices made a slight recovery today. With the exception of a few issues in the foreign list, notably the German Central Agricultural Bank bonds, the gain was not of sufficient proportions to be termed a rally, but the general tone of the market as a whole was better, although trading was still sluggish.

The reparations agreement reached in Paris on Wednesday turned attention to the foreign list where some of the best buying of the day appeared. German Agricultural Bank securities moved up from ½ to 2½ points, while the German General Electric 6s advanced 3⅝. The Rhinelbe 7s, with and without warrants, were strong, and the German Republic 7s improved fractionally.

French and Belgian obligations were in demand in fair volume, the latter showing gains of ¼ to 1, while the French Republic 7½s gained 1⅝ and the 7s a small fraction.

The British election caused some notice to be taken of United Kingdom 5½s, which dipped to a new year's low of 102¾, a net loss of half a point.

Rails moved irregularly, although some of the higher-priced issues made up losses suffered earlier in the week. Central of Georgia 5½s, Chicago, Rock Island & Pacific 4½s, Atchison general 4s, and Texas & Pacific 5s were strong points.

Industrials and utilities were spotty and made no outstanding fluctuations on small inquiry. International Telephone debenture 4½s, up 1⅝, Utah Power & Light 5s, and Utilities Power & Light 5s, up 2 each, reflected better investment buying. The convertibles were again led by the Atchison 4½s, which closed 3½ points higher on the strength of the stock. Improvement also was shown by the two popular telephones, International, and American, the former gaining 2 and the latter a fraction, both of heavy buying. Missouri Pacific 5½s got into new high ground at 106, up 1¼ for the day.

United States government issues made only slight price changes in an easy market, but no new lows were recorded for the first time in several days. Fluctuations were less than half a point in all the Liberties and Treasury notes.

The quotations represent sales of bonds (in thousands of dollars) and the high, low and closing prices in the order given. To expedite transmission, the close is omitted when the same as the low, and both low and close when same as high.

OIL NEWS

BY HOWARD C. KEGLEY

By a vote of four to two, the City Council of Santa Barbara, yesterday adopted an ordinance to become effective in thirty days, to lift the restrictions against drilling projects on the area directly east of the Palisades tract, three miles west of the city.

Elimination of restrictions trebles the acreage possible for oil prospecting purposes at that place. There was some show of opposition by property owners, it was reported, but not sufficient to delay the City Council's plans to increase the acreage and possibility of extending the present field.

The thirty applications submitted for action yesterday were approved by the City Council. Applications will be accepted by the City Clerk from operators to drill on the newly added acreage, but drilling operations will not start until thirty days have elapsed.

The Major Oil Company's No. 1 well, about 800 feet southeast of the Lomas No. 1 discovery well, spudded in two days ago.

Another well that is to spud in soon is the George W. Ring No. 1. Derricks are reported to be up for no less than a dozen projects, and by the end of next week a number of these will have spudded in.

New applicants have joined the long list of those who will try their luck in that area. The latest to file include the following: Trask Petroleum Corporation for Lot No. 7, Block 1, La Mesa tract; Lot No. 5 and Lot No. 7, Block M, Palisades Tract No. 9. Max Pray, for Lot No. 17, Block M, Palisades Tract No. 2; James L. Roggie, for Lot No. 6, Block M, Palisades Tract No. 2.

Ten applications have been filed this week for permission to drill. They will be formally acted upon next Thursday.

Additional Tanks Up

With the construction of additional tanks, the Olympic Oil and Refining Company is able to handle oil being produced from the Lomas No. 1 discovery well, in the Palisades tract, three miles west of Santa Barbara.

According to field reports, a marine pipe line will be needed to handle the oil from that area. Lack of tanks and a pipe line resulted in Olympic's project being shut down temporarily. The surplus oil on hand is being hauled to the Seacliff Refinery, at Summerland.

Operators are beginning to wonder what is to be done if the pipe line is not put in if new completions come in. It is not known if Olympic has made application to construct a pipe line.

Abandons Wilcat Project

The Rosa Schyvers No. 1 wildcat, drilled to 2661 feet by the Standard Oil Company, on a 10,000-acre lease northwest of Lompoc, has been abandoned after failing to pick up favorable showings.

The drill penetrated a hard, gray sand formation that looked so unfavorable that Standard is said to have decided that it had no chance of picking up any oil formation.

The tract tested is the Schyvers Rancho, which was leased by Standard last December. Operations on its project were started in January.

Under Control

It has been learned that the Rohde No. 1 well, of Rohde & McAdams, at Santa Fe Springs, blew in suddenly while operators were testing for a water shut-off, and that for a time it caused considerable concern.

This completion has settled down to a steady output of 5800 barrels per day from a depth of 6817 feet, along with 8,900,000 cubic feet of gas. Pressure on the tubing is 480 pounds.

Rohde & McAdams intended running three-inch tubing just as soon as they were certain the water shut-off was successful, but the sudden blowing in of the project prevented this, and as a result the well is flowing "barefooted." To run tubing, it will be necessary to kill it, and this will not be done, now that the water is shut off.

Rohde No. 1 is a recompleted project, having been a producer from the Buckbee sand putting out about 400 barrels of oil per day when killed to deepen. It is situated near the intersection of Willis and Park streets.

The Rohde No. 4, for which location has not as yet been selected, will be started shortly.

Eighteen-inch surface casing has been set to 860 feet in the Rohde No. 3, and drilling has been resumed below 2020 feet.

Preliminary Work Completed

The Richfield Oil Company has just completed foundation for its Kern No. 26 well in the Kern Front field, and will start construction of derrick this week.

Derrick was completed yesterday for the Kern No. 27 project, and rotary is rigging up for the Kern No. 28.

Casing has been cemented at 2063 feet, in the Kern No. 13, with bottom of the hole at 2071 feet.

Test Successful

A successful water shut-off test has just been made in the Maricopa No. 3 well of the Signal Oil and Gas Company, at Maricopa Flat. The project is drilling ahead below 2388 feet.

Ten-inch casing has been set to 2375 feet in Signal's No. 4 well in the same district. Fifteen and one-half-inch surface casing has been set to 350 feet in the Wallace No. 1, which is only a short distance from the No. 2 discovery well.

Shell Recompletion

The Shell Oil Company yesterday recompleted its Binkley No. 4 well, at Signal Hill, for an initial flow of about 100 barrels of oil a day, from a depth of 6380 feet.

Several months ago, this project was completed at 7237 feet, for about sixty barrels of oil a day. It was plugged back, and perforated tubing was run higher in the hole to pick up better production.

Signal Hill Summary

Daily average production of oil from deep sand from 365 wells at Signal Hill, for last week, totaled 127,500 barrels. Daily average production from deep and shallow producers was 175,500 barrels of oil. There were 135 active projects, and twenty-five rigs and locations.

To Build Tank

Field reports state that the Olympic Oil and Refining Company has staked out location for an 80,000-barrel storage tank to be erected on the Mesa, just north of the little schoolhouse, which is about 200 feet west of the Lomas No. 1 discovery well, west of Santa Barbara.

MADDUX JOINS AIR TRANSPORT

Merger Announced by Head of Local Concern

Transcontinental Service to Start July 8

Companies Will Retain Their Individual Entities

Consolidation of two major units in the field of commercial aviation, the Maddux Air Lines Company and the Transcontinental Air Transport, Inc., yesterday was announced by J. L. Maddux, president of the first-named company, on his return from New York, where the proposed merger, he said, was ratified, subject to the stockholders' approval, at a special meeting of the board of directors. The deal will bring into operation, July 8, next, probably the largest air transportation system in the United States.

RAIL CONNECTIONS

On that date, it was announced, regular transcontinental service will be inaugurated over the Transcontinental Air Transport route, with a fleet of sixteen-place, all-metal Ford planes similar to those now operated by Maddux. In addition, it is understood negotiations are pending by which several other railroad systems may be linked with Maddux and T.A.T. and thus create a nation-wide network of rail and air lines operated jointly.

IDENTITY PRESERVED

Despite the merger, it is announced, the Maddux concern in no way will lose its present identity, but will continue to operate as heretofore, with J. L. Maddux as president. The latter also will serve as vice-president of the Transcontinental Air Transport, Inc., in charge of that company's western activities. The Grand Central Air Terminal, Glendale, it is announced, will continue to be the base of the Maddux company's operations, and also will serve as the Los Angeles terminal of the T.A.T. The joint use of the shops located there for the servicing and maintenance of the all-metal planes is expected greatly to reduce the overhead of both companies. The Alameda Airport, recently acquired by the Curtiss Airports Corporation, an allied interest, will be the San Francisco Bay terminal for the two units in the merger.

In exchange for voting trust certificates, it is announced, stockholders of Maddux Air Lines Company will be offered similar voting trust certificates representing stock of T.A.T., Inc., on the basis of one share of the latter for two of the former. The deal is considered highly beneficial to stockholders of both organizations, Maddux declared.

EX-CHAMPION'S WIFE SAYS ALL'S SERENE

Estelle Taylor

DEMPSEY TO COME HOME NEXT WEEK

Arrival Here Expected to Refute Divorce Story on Heels of New York 'Affair'

Jack Dempsey is coming home next week to join Estelle Taylor, thereby discrediting recent rumors of divorce proceedings being instituted between the Dempseys. He is expected by his wife on Tuesday, according to her announcement yesterday.

Recently when Dempsey was reported engaged in combat with his one-time pal, Joe Benjamin, former boxer, rumors started in New York where an asserted fistic encounter between the two occurred, that the incident would have its culmination in a divorce between the former heavyweight champion and Miss Taylor.

Dempsey is coming to Hollywood from Chicago and probably will visit one day at Salt Lake City with his parents. Miss Taylor was unable to say yesterday anything about his future plans except that he might go to Ojai for a short time to train. Whether his trip to the training camp there means a ring comeback, she was unable to say.

As far as she is concerned, everything still is peaceful in their household, and she expects a picture contract within a short time for her first talkie. They are attempting to dispose of their Los Feliz home to take an apartment in Hollywood, she said.

Chaplin Expects to Resume Film Work Monday

Charles Chaplin, film comedian, probably will be able to return to his picture work on Monday, following a serious attack of lumbago, which sent him to bed Thursday, according to announcement from his studio yesterday.

While Chaplin managed to go to the studio yesterday for a few hours for conference on his forthcoming comedy, he did not attempt an appearance before the camera and ordered work suspended for the balance of the week.

The comedian was stricken by lumbago following an afternoon of tennis, when he sat down to cool off without putting on a sweater. He is still under care of a Beverly Hills chiropractor and is responding quickly to the treatment.

SITE PURCHASE FIGHT REVISED

Amended Injunction Plea Names Officers

Land for State Building Called Too Costly

Counsel Preparing Reply for Supervisors

An amended petition in the injunction suit brought by Leslie Saunders against county officials to restrain them from purchasing the so-called William M. Humphreys site for the State office building, at the northeast corner of First and Hill streets, was filed by Saunders's attorneys, the firm of McDonald & Thompson, yesterday.

It names County Auditor Payne and County Treasurer Byram in addition to the five Supervisors, and asks that any and all steps to acquire the Humphreys site be enjoined by the court.

ORDER SIGNED

Superior Judge Valentine signed an order to show cause why the injunction should not be granted, and the hearing was set for the 6th inst. before Superior Judge Gates.

The amended complaint supersedes the original complaint, which was to have been heard yesterday, and that hearing was postponed automatically.

The suit sets up the contention that the $490,000 the Supervisors voted to pay for the 34,200 square feet of land owned by Mr. Humphreys was too much to pay for the property, and names other sites in the Civic Center which can be purchased for less money.

COSTS CITED

It is asserted that severance and other damages that will be the result of county condemnation suits which County Counsel Mattoon already has been ordered to file, will amount to at least $650,000 in addition to the $490,000 that the county must pay for the irregularly shaped plot that is intended as a nucleus for the $2,500,000 office building site.

Other sites are available, it is contended, at prices that will save the county from $500,000 to $800,000 over the $1,140,000 said to be the price of the Humphreys site.

MATTOON TO REPLY

No action has been taken by county officials toward buying the Humphreys site, other than to vote for the purchase, County Counsel Mattoon said yesterday. Service of the new complaint and its summons was made yesterday on County Treasurer Byram, and the secretary of the Board of Supervisors.

Counsel Mattoon and Assistant Counsel O'Connor immediately began preparation of the county's reply to the complaint, which will be, first of all, a demurrer, it was said.

New Safeguards Being Added to Huge Monoplane

As a means of counteracting any chance of a fatal side-slip in the take-off of the heavily loaded Albatross that will start a nonstop flight to Guatemala sometime next week, Jimmie Angel, chief pilot, is having new and larger ailerons installed on the plane which will give 50 per cent quicker action when the controls of the ship are moved. The lives of the six passengers and the crew of four depend on a perfect take-off, Angel said.

The power plants of the ship are three Axelson 150 horsepower engines. They seem tiny in comparison with the bulk of the monoplane, but in trial flights have achieved a speed of better than 120 miles per hour.

The Albatross is at Midway City, from where it will start its 2600-mile flight as soon as the new ailerons are installed and test flights have been completed.

"FLYING BANQUET" TUESDAY

Lieut. Emile Chourre, U.S.N., attached to the aircraft squadron of the U.S.S. Saratoga, will be the principal speaker at the "flying banquet" to be given by the Big Brothers class of First Methodist Church next Tuesday evening. The efforts of boys in the field of model-airplane building and flying will be discussed by Louis Orsatti, director of the Hawley Junior Airport. An exhibit of model aircraft will be in charge of Lynn Sullivan.

STADIUM LEASE DISFAVORED

Mayor Cryer Returns New Contract Unsigned; Idea All Right, But Terms Too Loose, He Says

Accompanied by a lengthy message setting forth his objections in detail, the supplemental lease agreement covering the extension of the Community Development Association's term of management of the Coliseum and the enlargement of the structure's seating capacity was returned to the City Council yesterday by Mayor Cryer without his signature. The Council at the same time received a report from Roy A. Knox, director of the Bureau of Budget and Efficiency, setting forth his objections to the present terms of the agreement.

The Mayor made it clear in his message that he is not opposed either to the continuation of the management of the Coliseum by the Community Development Association, or to the plans to enlarge its seating capacity, and replace the present temporary seats by permanent construction, but has objection merely to some of the specific terms of the agreement.

"I am not opposed," he says in his message, "to the plan of enlarging and improving the Coliseum. On the contrary, I favor it.

"I am not opposed to the idea of having the organization which initiated the project eight years ago carry it forward to completion. But I do insist that the contract under which the work is to be done should fully protect the interests of the people and insure to the taxpayers the full benefits to be derived from their large investment in the enterprise."

The contract and the Mayor's message were referred by the Council to its Finance Committee without discussion. Although when the Council originally approved the contract on April 16, the vote in favor of it was 13 to 2, there will be no immediate effort to repass it and direct the President of the Council instead of the Mayor to sign it. It is understood that Chairman Alber of the Finance Committee will arrange a conference of all the interested parties, including the Mayor, Mr. Knox and directors of the Community Development Association, at which an attempt will be made to iron out the differences between the Mayor and those in favor of the present contract.

DEAL MADE FOR CORNER DOWNTOWN

Height-Limit Building to be Erected at Eighth and Olive Streets

Sol Malsman, owner of the Jewelers' Exchange and other downtown properties, yesterday purchased the northeast corner of Eighth and Olive streets for $750,000 and announced a height-limit building to be erected on the site.

The property was owned by Pacific-Southwest Realty Company, which was controlled by a group of stockholders of the former Los Angeles-First National Trust and Savings Bank. When this bank consolidated with Security Trust and Savings Bank, it gave up its tenancy of the present Eighth and Olive-street building.

Robert Baker, downtown real-estate broker, represented both parties in yesterday's deal, and will handle the leasing in the new building.

Mr. Malsman is leaving, accompanied by Mr. Baker, in the near future, for New York and while there will make an intensive study of office buildings to determine the type of unit best suited to the Eighth and Olive corner.

The holding is seventy-five feet on Eighth street with a depth of ninety-five feet on Olive street. It now is occupied by a three-story building which will be razed.

DENIES HE SOLICITED KLAN AID

Porter Faction Counters With K.K.K. Charge But Bonelli Scouts It

Flat denial that he sought the indorsement of the Ku Klux Klan in his race for Mayor was made yesterday by John C. Porter at the Verdugo Woodlands Breakfast Club. The Klan's indorsement of Porter was made public yesterday in a letter from T. S. Moodie, Grand Dragon of the Realm of California, in answer to a Klansman's inquiry.

While there was considerable difference of opinion as to the probable effect of the indorsement on Mr. Porter's candidacy, those of his supporters who felt that it may prove a disadvantage countered with a charge that William G. Bonelli, rival candidate for the mayoralty, has made application for membership in the Klan, the application not to be acted on until after election. Mr. Bonelli declares emphatically that he is not a member of the Klan, has never been a member and never will be a member.

An open letter sent to Mr. Bonelli by Rev. G. A. Briegleb, pastor of St. Paul's Presbyterian Church and supporter of Mr. Porter, says in part:

"What grieves me beyond measure is that I am informed upon reliable authority that you put in your application to the Highland Park Klan with the understanding that nothing public should be done concerning the matter until after June 4. I am further informed that the women's division of the K.K.K. has indorsed you."

In his Breakfast Club speech Mr.

FOSTER CHARGE TO BE AIRED

Accusation Against Parrish of Activities in Campaign to Bring Health Commission Hearing

An investigation into the charges by Councilman Foster, made at Wednesday's Council meeting, that Dr. George Parrish, city health officer, is using his office, employees under him and city equipment for electioneering purposes in behalf of Thoms W. Williams, Foster's opponent in the Twelfth District for Councilman, is to be held by the Health Commission at a date to be chosen by President D. W. Pontius.

This was the action taken by the commission at its regular meeting yesterday on the communication received from the Council, following a talk by Marshall Stimson in behalf of Councilman Foster, and the receipt of an affidavit refuting the charges against Parrish, signed by four persons who attended the Micheltorena school meeting Monday, where Dr. Parrish spoke.

The decision to investigate was made on motion of Commissioner Fred Wilkie, who stated the board needs time to study the charges and their refutation. He was seconded by Commissioner James Woods, who stated that no effort should be made to take away the rights of citizenship from any persons but that if employees of the department are engaging in politics it is not in good taste.

STIMSON'S SPEECH

Stimson, who said he was speaking as a former president of the Civil Service League of Southern California, made no direct reference to Dr. Parrish. He said he felt that the Health Department, because of the nature of its work, is one of great power and that for this reason it has no right to interfere in personal politics. Such influence, he held, would give it too great a power in the City Council and that holders of civil service jobs should not engage in personal politics.

He told of political literature and

SANTA MONICA'S MAYOR GETS LOCKED UP IN JAIL

By a "Times" Staff Correspondent

SANTA MONICA, May 31.—Mayor Michel of this city was locked up in jail this morning. As Commissioner of Public Safety, the Mayor has a perfect right to inspect the city's bastile any time he wants to, according to police officers; and today he conducted a very thorough inspection.

Not a thing was missed except the key which unlocks a certain cell and His Honor couldn't let himself out after closing that heavy steel door on himself and his guest, Austine McFadden, Santa Monica property owner. McFadden's daughter recently became the wife of the Mayor's son Clarence.

After a brief incarceration Mayor Michel and his unruffled fellow-prisoner admitted they would rather be on the outside looking in than on the inside lokoing out.

As boss of the local hoosegow, however, the city's chief executive added that he prefers his own neat and tidy jail to any other.

SHRINE HORDES REACHING CITY

Several Delegations Here for Imperial Sessions

High Officials Among Those Arriving Yesterday

Parades of Uniformed Bodies to Begin Tomorrow

The jubilee started yesterday with the arrival in Los Angeles and Southern California of several delegations from different parts of the country for the fifty-fifth annual Shrine convention here next Tuesday, Wednesday and Thursday.

Scarlet fezzes began to appear on the streets by the thousands beneath the banners and bunting of welcome that decorate the city. Thousands of members of Al Malaikah temple, divided into more than a score of committees to handle the convention, were putting their offices in order for the reception of the further inrush of visitors today and tomorrow.

At the Biltmore, the official headquarters of the conclave, a small army of workmen was occupied with the building of booths for the different branches of the organization. Several members of the Imperial Council and past potentates of the order took up their official residence at the hotel.

HIGH OFFICIALS HERE

The high officials who arrived yesterday are Esten A. Fletcher, Imperial Chief Rabban; James C. Burger, Imperial Treasurer; James H. Price, Imperial Recorder; W. Freeland Kendrick, Past Imperial Potentate and until recently Mayor of Philadelphia; Judge Hugh M. Tate of Knoxville, Tenn.; James Watt of Albany, N.Y., secretary of the Shrine hospital board, and others.

While a scattering of delegates from all sections of the nation was pouring into Los Angeles by trains, automobiles and airplanes, only three official bodies arrived in Southern California. Elf Khurafeh Temple of Saginaw, Mich., shared honors with Palestine Temple of Providence, R. I., in being the first arrivals. The Rhode Island delegation detrained from a Union Pacific limited at Riverside, 12:30 p.m., and left immediately for an automobile tour to San Diego and Mexico, where they will stay until tomorrow. They are expected to arrive in Los Angeles Monday morning.

PHILADELPHIANS NEXT

The next delegation to reach the State was Lulu Temple of Philadelphia, which left a Santa Fe train at San Bernardino and proceeded to the U. S. Grant Hotel in San Diego to stay until tomorrow.

A few members of the Mizpah Temple at Fort Wayne, Ind., came into the city on the Santa Fe yesterday morning. Several parties of scattered delegates and unattached Shriners were sighted in hotel lobbies, according to Imperial Recorder James H. Price. The delegation from Kerbela Temple at Knoxville, Tenn., arrived under the leadership of Judge Hugh M. Tate. Other official and unofficial delegates reported to be here are from the Middle West, Halifax, Nova Scotia, and a group from Wilkes Barre, Pa.

Past Potentate J. G. Burlingame of Al Amin Temple at Little Rock, Ark., accompanied by his wife, ended an 1800-mile automobile trek to the conclave yesterday when he arrived at the Biltmore. The other officials representatives of that body are Judge Guy Fulk, C. Eugene Smith and Potentate Theodore Treadway, president of the Shrine Directors' Association last year. They are due tomorrow.

Throughout the day a staff of more than 100 persons was busy at the registration headquarters for unattached Shriners. Several thousands of registrations have been made since the opening of the bureau on Wednesday, according to L. B. Servis, chairman of the committee. Registration of officials and delegates will begin at 10 a.m. tomorrow on the ground floor of the Biltmore.

QUICKLY REGISTERED

An example of the efficiency of the registration bureau was reported by Servis yesterday. It seems that Fred H. Dormer, Past Potentate of Tripoli Temple at Milwaukee, and four members of the party left their special train in Kansas City and chartered a Western Air Express plane for Los Angeles in order to surprise their friends here.

GRIMES-CASE STORY BEGINS

First Witness Called in "Frame-up" Trial After Attorneys Make Opening Statements

Testimony in the case against Mrs. Callie Grimes and five police officers, accused of "framing" the arrest of Councilman Jacobson on a morals charge, got under way yesterday afternoon in Superior Judge Wilson's court after both prosecution and defense attorneys outlined what they expect to prove for the benefit of the jury.

The first witness was Albert F. Nathan, a Times reporter, who accompanied the squad of police who arrested Councilman Jacobson in the house of Mrs. Grimes at 4372 Beagle street. He was questioned by Dep. Dist.-Attys. Dennison and Bush, and his examination will be resumed when the trial is continued next Monday morning. Judge Wilson announced yesterday that night sessions will be in vogue to hurry up the case. The jury is being kept under guard in a hotel except when in court.

OPENING STATEMENTS

Mr. Dennison, in his opening statement, declared that because of Councilman Jacobson's crusade against organized vice, which he instituted about two years ago, "the invisible government decreed that he be destroyed." The arrest, which Dennison contended was falsely effected, was the method of destruction.

Joseph Fainer, attorney for Defendants Harry Raymond and Frank Cox, then addressed the jury, declaring that the arrest was one in which the police engaged as a routine affair. Paul B. D'Orr, for Captain of Detectives Wallis, Paul Schenck for Detective Lieutenant Lucas and Joseph Ryan for Captain of Detectives Williams, declared that there was no conspiracy, but that the officers seized Jacobson under such circumstances that they were justified in locking him up and later bringing him to trial. Leo Daze, for Mrs. Grimes, denied that she was a part of any conspiracy, stating that her "confession affidavit" and subsequent testimony before the grand jury, in which she accused officers and others of plotting Jacobson's downfall, was "bought and paid for," she receiving $1250 for it, and that these

The Lancer

by Harry Carr

YEH, children, I have found a town that delights my heart.

It is rich with color and romance and history. So far it is untouched by the demon tourist.

We were headed for the caves at Carlsbad. The wind that roared across the desert stopped us at Las Cruces. We found this little Mexican town of Mesilla on the banks of the muddy Rio Grande—concealed in the woods.

ITS MEMORIES

It looks exactly like the old Mexican towns on the west coast. You would think you were in Tepic or Acaponeta. Sleepy little Mexican streets, the old cathedral with twin spires, the funny little tumbledown old jail where Billy the Kid was once a prisoner; the old cottonwood tree where the American flag was first raised when the Gadsden Purchase gave the great Southwest to the United States.

CABEZA DE VACA

Cabeza de Vaca came through this little valley in 1558 with the three companions with whom he had wandered for nine wretched years trying to make his way from the wreck of the Narvez expedition in Florida to Mexico.

THE WHITE CROSSES

Later the Apaches attacked a caravan carrying pinons and hides to Mexico south along the great trade route from Santa Fe. So many were massacred that the hill where they made their stand was dotted with white crosses. That is where Las Cruces got its name.

DRIVEN OUT

After the Mexican War the discharged United States soldiers made so much trouble for the Mexicans in Las Cruces—claiming their land—that 300 families moved across the river into what was then Mexico. That was the beginning of Mesilla. With book and bell it was founded by the priests.

STARS AND STRIPES

When the Gadsden Purchase was arranged the event was celebrated in the little town. A company of American soldiers came over from old Fort Fillmore, now a crumbling adobe ruin. A company of Mexican soldiers came also. The two flags were raised, saluted, and the Mexican tricolor was lowered for the last time. The old tree is still there.

AN OUTLAW'S SECRET

I met a charming old Spanish gentleman—Juan Fountain—who knew Billy the Kid when that famous outlaw was a prisoner in the little adobe Mesilla jail. Fountain's father defended him from two charges of murder. He was acquitted of one; but convicted of the other.

When they took him away to be executed at Lincoln, he showed Fountain—then a young boy—how he intended to escape. He had tiny slender hands and feet. He showed the ease with which he could slip off the shackles and handcuffs. History tells how he did this and escaped after killing his jail guard.

Fountain remembers his quick, blue eyes; his lithe, slender figure and how he could shoot dollars in the air with a gun in either hand.

STILL MEXICAN

Mesilla has long been under

Wealthy Merchant Made Target of Blackmailing Gang's Extortion Plot

CASH DEMANDED OF W. E. COOPER

Conspirators Threaten to Blow Up Home

Pose as Veterans Who Lost Souls in War

Write Letter of Apology When Plan Fails

A plot to blackmail W. E. Cooper, wealthy hardware and lumberman, who lives at 1718 Milan avenue, South Pasadena, of $3000, was revealed at the District Attorney's office yesterday.

When the story of the attempted blackmail was made public it was revealed that officers co-operating with Mr. Cooper in an attempt to apprehend the criminals, had left a package supposed to contain the $3000 in bills at the appointed spot in Alhambra, but it was retrieved by the blackmailers before they were even seen by the investigators.

With that episode the case was closed, except for a telephone conversation between an officer who answered the telephone in Mr. Cooper's home a few minutes later and one of the blackmailers, and a letter written to Mr. Cooper later in which the blackmailer said it was "all a joke."

POSE AS VETERANS

The mysterious blackmail letters were typewritten in red ink and indicated that they came from a group of five ex-service men who were attempting to obtain money from those who had made profits during the World War.

In the first letter, mailed April 28, last, the writer said:

"Our consciences are killed. We do not believe in a life hereafter. So it is dog eat dog with us. We feel that your child has no more right to live than any other child. You yourself have no more right to live than any other human being."

In another paragraph the writer pointed out that the "Five" had been carrying out the same system of blackmail for many years without detection.

"This has been going on for seven years," the letter said, "without a hitch, because we have a perfect system.

"We have placed a radio bomb under your home in South Pasadena which we can explode ten miles away.

SAY JOBS REFUSED

"We have investigated your financial standing and find you are able to stand $3000. We find you gained by the war, higher profits, etc. Two of our men applied at your place for jobs and were turned down because they were disabled veterans.

"For these crimes you will have to pay $3000.

"You will have to May 11 to get $3000 in unmarked bills and deliver them to a place which we will designate later."

The next letter, mailed May 8, last, was addressed to Mr. W. E. Cooper and Charles M. Cooper, his son. It gave them instructions not to inform the police and to call at Marguerita street and Huntington Drive on the night of the 11th inst. for instructions as to where to leave the money.

The letter ordered Mr. Cooper to sit on the front porch of his home and to have his son deliver the money. An officer from the District Attorney's office posing as Mr. Cooper took his seat on the front porch at the appointed hour. Another officer posing as the son drove Mr. Cooper's car to Huntington Drive and Marguerita street, where he found a note directing him to go to a telegraph pole in the rear of a parking station near Wilson avenue and Main street, Alhambra.

PACKAGE VANISHES

On the telegraph pole the officer found another note which directed him to leave the money there instead of continuing on to other places as the original note had indicated. The officer left the package containing a wad of newspaper clippings, drove around a corner and returned to find that the package had disappeared.

When the investigator returned to Mr. Cooper's home he received a telephone call from the blackmailers who asked, "What is the idea of double-crossing us like that?"

The officer replied that he knew the members of the mysterious organization and would arrest them soon. A few days later Mr. Cooper received another letter from the same men in which they apologized for annoying him, saying that the original letter was the product of a disordered mind.

PORTER PLEADS FOR CLEAN CAMPAIGN

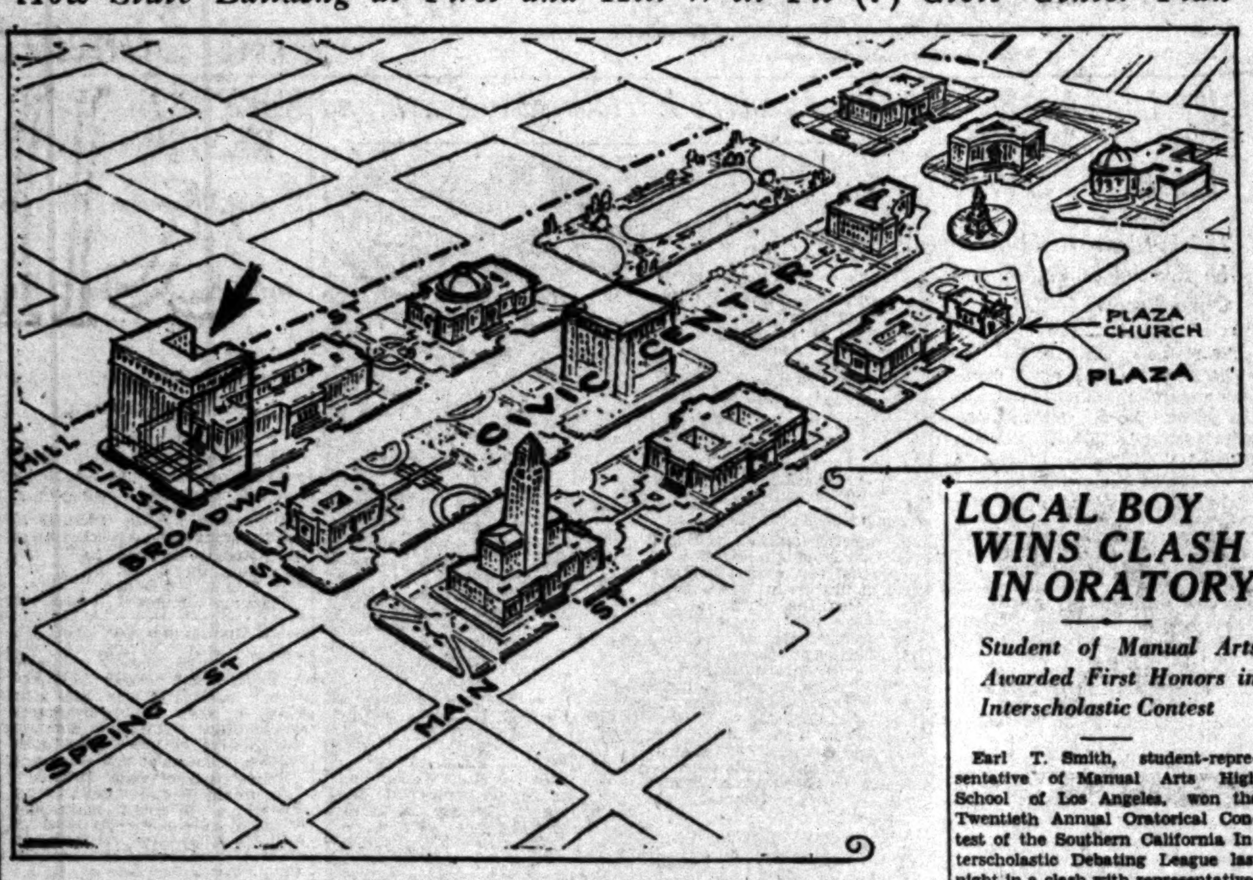
John C. Porter, candidate for Mayor, last night issued the following statement:

"As we approach election day when the people will decide who and what policy will govern our city for the next four years, I am well aware of the high tension the supporters of both candidates are under. To date I am sure it has been possible for both candidates to control the style, manner and distribution of their political literature and publicity.

"As the campaign waxes hot during the closing days, overenthusiastic supporters are tempted to lean on the old adage 'Fight fire with fire.' I seriously desire at this time to beg my supporters to keep their hands and minds clean.

"I positively repudiate and condemn any scurrilous, false statements or political printed matter that may be given circulation in my behalf."

How State Building at First and Hill Will Fit (?) Civic Center Plan



Proposed State Edifice (Shown in Outline) on Site Just Bought For It

This drawing, by Times Staff Artist Charles Owens, graphically illustrates the manner in which the State Building at First and Hill will clash with the general Civic Center plan. The State Building project calls for a relatively high and narrow building flush to First and Hill. The long, low structure partially displaced by the State Building is the proposed new County Courthouse.

GIRLS SAY THEY WERE ABDUCTED

Pair Missing Since Sunday Return With Story Men Held Them in Hotel

Mystery surrounding the disappearance last Sunday of two 13-year-old girls, Melba Kearns and Rebecca Cohn, was partially cleared yesterday when they were found by Officer Pulder wandering near Exposition Boulevard and Normandie avenue not far from their homes on Exposition Place. Questioned by Policewoman Prossit, they are asserted to have told several conflicting stories before ultimately agreeing upon one version of their disappearance.

They stated, according to the policewoman, that after spending some time last Sunday at Lincoln Park they were invited by two boys to accompany them to a restaurant. They accepted the invitation, but found themselves instead in a hotel room somewhere on the north side of the city.

A short time later two older men entered the room and took them away in an automobile to Elysian Park, where, according to Policewoman Prossit, they said they were attacked and then driven back to the room, from which they made their escape yesterday morning.

Police at once launched a search for the strange men and the unnamed hotel. Both girls are detained by juvenile authorities.

EVIDENCE BEGUN IN GRIMES CASE

statements of hers therefore are worthless.

Prior to the taking of testimony, witnesses were excluded, which meant that Mr. Jacobson, Mrs. Jacobson, and their 22-year-old daughter, Edna, were required to give up their front-row seats and repair to the witness room.

NATHAN'S TESTIMONY

Nathan testified that on the evening of August 5, 1927, he visited Capt. Wallis in his office at Central Station, and, observing preparations for police activity, accompanied Capt. Williams, while Lucas, Raymond and Wallis drove in another automobile. After a wait of some minutes in a dark street, he was summoned to the home of Mrs. Grimes, where he observed a bottle of whisky on the kitchen table and Councilman Jacobson, surrounded by officers, sitting upon the bed in the bedroom, minus shoes, trousers and coat. Mrs. Grimes was wrapped in bedclothing, while her dress and Councilman Jacobson's trousers were in the clutches of Capt. Wallis.

Jacobson said he was "ruined," Nathan testified, and was asking "for his pants." After much discussion the party repaired to the home of Rodney Webster, at that time president of the Police Commission, and then to the offices of the police department intelligence bureau, where a statement was taken from the Councilman.

The entire morning was expended in a trip to the Beagle-street house, where the jury was shown the salient features of the landscape and interior.

Dirigible to Make First Trip Monday

Less than fifteen hours following the arrival of the helium gas for the Volunteer, Goodyear Tire and Rubber Company dirigible, the bag had been inflated. Attachment of the gondola and minor adjustments today will have everything ready for the ship's first ascension Monday.

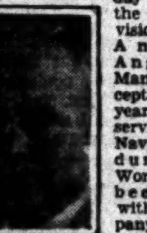
Approximately eight hours were required to transfer the helium gas from the steel cylinders to the 86,000-foot capacity bag.

The 128-foot ship with a cruising radius of 550 miles and an air speed of fifty-eight miles an hour is the forerunner of a fleet of dirigibles the Goodyear company expects to have in operation from Los Angeles to Honolulu in the near future. This ship will be used in training pilots and in general company business.

The ship now stationed at Ross Field, Arcadia, will be piloted by Karl Lange, United States Naval Reserve, and Bud Campbell, United States Navy pilot, when it takes off for its test flight Monday.

Manning Given New Phone Job

E. E. Manning, formerly general sales manager of the Southern California Telephone Company, today will assume the duties of division manager. A native of Los Angeles, Mr. Manning, excepting for a year spent in the service of the Navy as ensign during the World War, has been affiliated with the company since 1916. His first experience was with the traffic department, where he advanced to division traffic manager in 1926. He left that position to become general sales manager in July, 1928.



He is a graduate of Stanford University, a member of the University Club, Balboa Yacht Club, California Yacht Club and the harbor and foreign commerce committee of the Chamber of Commerce.

D. W. Gibbs succeeds Mr. Manning as general sales manager.

Roberts to Lead Band at Beach

By a "Times" Staff Correspondent

SANTA MONICA, May 31.—Harold Roberts, bandmaster, today added another musical organization to his charge when he signed a contract to lead and manage the Santa Monica Municipal Band for a period of one year, commencing July 1, next. He succeeds Francisco Ferrullo, who, when his contract expired several weeks ago, requested that it not be renewed. Roberts's contract provides for a monthly salary of $500, and gives him the right exclusively of engaging and discharging musicians.

On affixing his name to the agreement, Roberts promised to introduce many special features and to diversify his concerts in a way that he expects will please all tastes. He will make efforts, he said, to give the organization and its programs a pronounced collegiate atmosphere.

SPIRITUALS TO BE SUNG

Negro spirituals, plantation and folk songs and dialect readings will comprise the program to be presented at 3 p.m. tomorrow in the Bible Institute, Sixth and Hope streets, by the Utica Jubilee Singers of Utica Institute at Utica, Miss. The program will be preceded by an address by Prof. William H. Holtzclaw, president of the institution.

signs on cars operated by department employees, urging the election of a certain man, and that this kind of work makes enemies for the health department. He urged that the commission fully investigate the entire situation and set a date for the hearing.

The affidavit in support of Dr. Parrish and the department employees, signed by John D. McCarthy, C. W. Farrell, James Donovan and C. D. Magee, expressed resentment "of the action of Councilman Foster and his treatment of certain employees of the health department," stating that privately-owned automobiles of these employees were caused to be searched by a man named Weiss, a discharged former employee of the health department, and that certain police officers were called to bear evidence that the cars bore advertising for Foster's opponent, Thomas W. Williams.

"On the other hand," the affidavit set forth, "we hereby call attention to the flagrant inconsistency of a Councilman acting in such a high-handed manner toward men in the city employ, while he uses an expensive automobile belonging to the city for his campaign work, together with a policeman chauffeur paid for by city funds. We resent his actions when this city-owned car is covered with Foster banners and usually is weighted down with Foster literature and that upon arrival at said political meetings his policeman-chauffeur dons the badge of his official capacity and becomes the guardian of his political meetings and the bodyguard of his home.

"Other city employees attend these meetings in city-owned cars bearing Foster banners without being molested by our Councilman. We most emphatically resent the inconsistent position assumed by Councilman Foster in this matter and state that his attitude and actions are characteristic of the manner in which he has handled the affairs of his office as affecting the welfare of the people of the district he is supposed to represent in City Council."

The affidavit concludes by expressing every confidence in Dr. Parrish.

Apartment and Hotel Men Hear Candidates Talk

More than 200 members of the Co-operative Apartment and Hotel Association of Southern California last night heard twelve candidates in the election next Tuesday set forth their platforms at the organization's regular meeting in the Walker Auditorium.

A resolution indorsing the water and power bond issues was passed unanimously after H. A. Van Norman, chief engineer for the Water Bureau, and other speakers urged the passage of the measures.

Both William G. Bonelli and John C. Porter, mayoralty candidates, received cheers from the audience when they made their appearance shortly before the meeting closed.

A musical program by the Water Bureau orchestra entertained before and between addresses. J. Bruce Goddard, president of the association, presided.

PHYSICIAN DENIES HE MARRED HER NOSE

With the filing of an answer yesterday by Dr. Joseph Ginsburg to the $25,000 nose-operation suit brought against him by Nadina Smith, film actress, the case is in a position to be set for trial in Superior Court. In her complaint the actress asserts she went to Dr. Ginsburg for a plastic operation, but, she declares, the member now is "discolored, scarred, disfigured and unsightly." Dr. Ginsburg enters a general denial of Miss Smith's charges.

LOCAL BOY WINS CLASH IN ORATORY

Student of Manual Arts Awarded First Honors in Interscholastic Contest

Earl T. Smith, student-representative of Manual Arts High School of Los Angeles, won the Twentieth Annual Oratorical Contest of the Southern California Interscholastic Debating League last night in a clash with representatives from five other high schools at the University of California at Los Angeles.

Miss Esther Van Vleet of Inglewood was awarded second place and Miss Louise Hogan of Santa Ana third in the contest finals, which were held at the auditorium of the Millspaugh Hall.

Selecting as his subject, "The Evolution of the American Negro," Smith traced the progress of his people from savagery to the present day. In theme and composition, his essay, according to the judges of the debate, was one of the best ever submitted. His delivery also was rated excellent.

"Freedom of Education" was the subject chosen by Miss Van Vleet, and "Woodrow Wilson, the Exponent of Peace," that selected by Miss Hogan.

Others competing last night were Miss Mamie Ihme of San Pedro, Eugene Nida of Long Beach and Harry Hay of Los Angeles.

The judges were Miss Julia Virginia Cox of the Cumnock school, W. D. Root, debate coach of the Jefferson High School, and Prof R. McDonald, instructor of dramatics at the University of Southern California.

The principal trophy awarded was a perpetual cup presented by the Associated Students of the University of California at Berkeley. Gold, silver and bronze medals were presented to the first, second and third-place speakers, respectively.

Last night's contestants were the survivors of previous preliminary qualification contests.

NIX PLEADS FOR USURY SUSPECTS

Wants Charges Dropped Against Those Who Have Made Restitution

In a letter written yesterday to Presiding Judge Turney of the Municipal Court, City Prosecutor Nix recommends that "as a matter of justice and equity" charges against persons involved in the Julian usury cases who have made restitution to the Julian receivers be dismissed.

Municipal Judge Bogue recently refused to dismiss such cases, holding that, while restitution might be a defense, he could not order the charges dismissed under the compromise section of the Penal Code. Dismissal, according to law, is optional with the court if recommended by the prosecutor.

Judge Bogue, in his decision denying the compromise dismissal motion, declared that "the Julian case is a national scandal in all its ramifications. Anyone connected with it who is accused by any theory of law ought to be put on trial and, if he is guilty, found guilty and punished. If he pleads guilty and has made restitution that should be considered in assessing the penalty, but I do not believe in compromise."

Nix, in his letter to Judge Turney yesterday, pointed out that in making restitution many defendants believed that E. J. Lickley, then City Prosecutor, and the Julian receivers would have the charges against them dismissed, and that they jeopardized their positions in criminal proceedings by admitting guilt in making restitution.

Three Firemen Ready to Retire

First Assistant Chief Engineer Truesdel, who joined the fire department as a driver in 1904, when horses furnished the motive power for all the Los Angeles fire apparatus, will retire on July 1, after having served in the department for a quarter of a century. His application for retirement on a pension has been approved by the Los Angeles Pension Commission.

Retirement of Battalion Chief Otto Schmucker, effective today, after twenty-one years of service, and Capt. George A. Loebel, Jr., effective July 1, after twenty-two years with the department, also have been approved by the commission.

DRUNKEN JEST CAUSES KILLING

Asserted Racketeer Shot by Friend Over Taunt

Police Spread Net for Pal of Murdered Man

Witness to Tragedy Jailed for Questioning

Eddie Bennett, 34-year-old asserted liquor racketeer, last night lay dead and his friend, Jimmy Murphy, who, police charge, is another bootlegger, was the object of a city-wide hunt by detectives, as the aftermath of what authorities describe as a drunken shooting affray yesterday afternoon in the room occupied by Bennett at a hotel at 625 South Bixel street.

A third man, said to be a member of a known liquor ring, Robert Parker, who is believed to have shared the room with Bennett, is being detained by police for further questioning.

DRUNKEN TAUNT

According to the story investigating officers reported Parker told them, he and Bennett started drinking together about 7 o'clock Thursday night in the room at the Bixel-street address. The party continued throughout the night and all day yesterday until about 3 p.m., when Murphy entered the room. He, too, according to Parker, was reeling drunk.

Without any preliminary greetings, Parker declared to police, Murphy produced a revolver and, brandishing it carelessly about, mumbled:

"I feel like shooting somebody!"

From a reclining position on the bed, Parker said, Bennett sat up and remarked in a spirit of jest:

"Well, why don't you shoot me?"

FIRES TWO SHOTS

Inflamed by the taunt, Murphy replied:

"That's a good idea!"

Then without further warning, the officers quoted Parker as relating, Murphy leveled the gun at Bennett on the bed and fired two shots into him. One penetrated the head, the other the abdomen. Bennett fell back lifeless and Murphy fled.

Though they questioned several occupants of the hotel, the detectives were unable to learn whether Murphy walked or drove away in a car. They declared, however, that they know his familiar haunts and expressed the belief they will take him in custody sometime today. Every available patrolman and detective on the force was ordered by Chief of Detectives Cline to join in the search.

ARRESTED IN VENICE

The police announced that Murphy, who is 22 years of age, was formerly a pugilist, and that he was arrested last September in Venice on a charge of assault with a deadly weapon. He was accused of firing three shots at a Filipino, but inasmuch as the victim could not identify Murphy, the charge was dropped.

Murphy has a wife, Alice, who lives with her father, Olaf Peterson, and a 16-month-old son. Police withheld the father-in-law's address, saying that the wife had not seen Murphy in six months.

Robert Parker was held and booked as a material witness.

CITY JAIL NEED TOLD BY PIERCE

Police Commissioner in Strong Plea for Votes for Building Bonds

Need for a new city jail and central police station to replace the ancient and dilapidated structure on First street was emphasized yesterday by Mark A. Pierce, member of the Police Commission, who urged a favorable vote Tuesday on Proposition 4, providing bonds for a new and adequate building.

"There is no room for argument relative to the aggravated necessity for a new city jail," asserted Pierce. "A jail such as Los Angeles possesses at the present time, so totally unfit for confinement of prisoners, is shameful and disgraceful to a city of this size.

"The Civic Center plan calls for the centralization of all civic buildings in one locality. Efficiency and ernment are the purpose of centralernment is the purpose of centralizing these buildings. It is proposed to build the new city jail and police headquarters in this Civic Center. The building is to be of artistic design, thoroughly modern and up to date in every respect, becoming an asset to the Civic Center itself.

"The citizens owe it to themselves, from the standpoint of civic pride if for no other reason, to vote these bonds for a building which will reflect credit on the whole city."

Recovery for Actress Seen

Rapid recovery of Cristina Montt, film actress, who is in Hollywood Hospital suffering from a nervous breakdown, is expected, according to her physician, Dr. Harley J. Gunderson.

Miss Montt was resting very easily last night, following her trip to the hospital Friday, and attendants describe her condition as nothing serious, with her early return to film work expected. She is suffering from overexertion, the attending physician said, and a complete rest will serve to relieve her physical and mental trouble.

CLERGYMEN SEE DANGER TO SCHOOLS

Election of Baskerville and Eckman Urged as Measure of Safety

Recognizing that politics has no more place in the school than in the church, Los Angeles clergymen representing all denominations yesterday recommended the election next Tuesday of Harry H. Baskerville and Arthur W. Eckman to the Board of Education as a certain means of keeping partisanship influences out of public school affairs.

The church and the school, they agree, long have been recognized as the two most potent factors in maintaining the ideal of the home, that hub about which all civilization and culture revolves. To permit political domination of the school is as unthinkable as to permit partisanship rule in the church, they declare.

Among the clergymen supporting the Citizen School Committee in its effort to elect Baskerville and Eckman are:

Rev. Bruce Brown, Rev. S. H. Bailes, Rev. H. C. Burgess, Rev. R. A. Chase, Rev. H. C. Culbertson, Rev. Frank M. Cross, Rev. W. L. Y. Davis, Rev. Frank Durham, Rev. F. W. Farr, Rev. J. A. B. Fry, Rev. Baskerville and Eckman will be opposed next Tuesday by two other nominees indorsed and sponsored by and appearing on the ticket of the Socialist party.

BACKGROUND OF PROJECT PORTRAYED

Orange County Wealth Held Asset to Development on Coast Shore Line

"In analyzing the wealth and resources which form the background of Dana Point, we find that Orange county in 1928 produced $95,616,981 in agricultural and mineral wealth," declared George R. Hannan, manager of the sea coast community. During the past ten years this county has produced from these sources a total of more than $885,000,000. The agricultural and industrial background provided by Orange county has a direct bearing on the improvement possibilities of Dana Point.

Cities may expand as the population increases, but not one inch can be added to the coast line of Southern California, with the result that the rapidly diminishing ocean frontage will soon place this type of property upon a higher valuation than has been recorded heretofore, adding to the stability of investment on the south coast.

DOCTOR'S HOME BLOODSTAINED

Splashed Walls of Bathroom Arouse Suspicion

Tests to be Made to Clear "Torso" Mystery

Physician Queried on Death Thirty Years Ago

Discovery of bloodstains on the athroom walls of the home of Dr. rank P. Westlake, held on sus- icion of the murder of Mrs. Laura . Sutton, believed to be the vic- im of murder, last night gave im- petus to investigation of the mys- ery surrounding the murder.

Deputy Sheriffs Croushorn, Gom- ert and Allen reported to Capt. Bright they had discovered the bloodstains in the bathroom of Dr. Westlake's home and that speci- mens had been obtained for test.

The bathtub also has been re- moved and the "gooseneck" in the plumbing is being investigated for precipitant blood.

With precipitant tests of the stains ordered today, Capt. Bright of the Sheriff's office announced a search for a typewriter on which was written a note ostensibly from Mrs. Sutton on the 13th inst., saying she would return shortly, but which is actually believed to have been written by the one guilty of the crime.

Mrs. Lena Price, 946½ South Bonnie Brae street, an acquaintance of Dr. Westlake, was questioned by Bright yesterday in connection with a checked gingham dress the physician gave her, which is asserted by Ben King, an automobile driver, to be part of the attire of the missing Mrs. Sutton.

Mrs. Price told Bright she received the gift from Dr. Westlake early last month but understood it to have been taken from the wardrobe of his dead wife.

WOMEN QUESTIONED

Edna Maudlin and her aunt, Mary Maudlin, also acquaintances of Dr. Westlake, were questioned concerning the dress and other minor matters connected with the investigation. The three women were not detained.

Other deaths came into the investigation yesterday. J. E. Lewis, deputy State Parole Officer, informed Bright of his remembrance that Dr. Westlake was questioned thirty years ago [illegible] Perry, Pike county, Illinois, in the mysterious death of Joseph Van Zandt, whose unclad body was found in a well.

In conference with Bright on that information Dr. Westlake said Van Zandt had been one of his patients and the authorities there did question him. He said the case was taken before the Pike county grand jury but no true bill was voted. Dr. Westlake said the man had drowned.

INVESTIGATE DEATHS

Bright also is investigating the deaths of Mr. and Mrs. W. H. Brown, relatives of Dr. Westlake, who died in 1927 at the West Eleventh-street address, where the 57-year-old physician now lives. He asserted he inherited the home.

In tracing down Westlake's past the Sheriff was informed by Oakland authorities last night that the physician pleaded guilty to box-car burglary February 13, 1920, and served thirty days in jail.

DECLARED FORGERIES

Clark Sellers, handwriting expert, asserted to Bright last night that signatures of Mrs. Sutton on notes liquidated by Dr. Westlake since her disappearance are forgeries. Westlake is asserted to have taken over Mrs. Sutton's property deeds and bank accounts after her disappearance and since that time has recorded the deeds.

In that connection the officers continue to search for a third Liberty Loan bond of $50, No. 1409037, to determine whether its disposition dovetails with the circumstantial chain of evidence now asserted to be about the doctor.

A glove believed to belong to Mrs. Sutton found at 2211 Ripley avenue caused a thorough investigation of that address to be made yesterday on the suspicion that it might be the place she met death and was dismembered. It has been eliminated in the inquiry.

HOUSE SUSPECTED

Another address, 2807 Glen Eden street, is under investigation on the reports of neighbors that a man said to answer the description of Dr. Westlake rented the house early last March. Later, residents told the officers, they investigated the empty house on departure of the occupants and found traces of blood.

Capt. Bright and Assistant Chief Dep. Dist.-Atty. Jordan held conferences on the circumstantial evidence last night and tentatively agreed to present the entire matter to the grand jury next week.

Educator Asks Voters Approve City Jail Bonds

"There is nothing more marked in the distinction between civilization and savagery than sanitation," declared Dr. E. C. Moore, director of the University of California at Los Angeles, yesterday in urging the voters' approval of bonds for a new City Jail.

"The City Jail is a disgrace to Los Angeles. Jail conditions are intolerable. With 217 available beds in 18,000 square feet of floor space, the average daily bookings are in excess of 300, and on the days following holidays about 350.

"Despite the best efforts of officers sincerely interested in public welfare and the expenditure of large sums for repairs and cleaning fluids, the past two months have seen fifty-eight prisoners sent to the General Hospital for illness, and fifteen of them died there. Some of these men had not been convicted of crime and must be presumed to be innocent.

"This is too great a price for Los Angeles to pay for lack of sanitary principles. These are hard facts; there is no moral reason to conceal them."

DOCTOR'S HOME BLOODSTAINED

Physician Queried on Death Thirty Years Ago

Discovery of bloodstains on the bathroom walls of the home of Dr. Frank P. Westlake, held on suspicion of the murder of Mrs. Laura B. Sutton, believed to be the victim of murder, last night gave impetus to investigation of the mystery surrounding the murder.

COMPANY COMES, FAMILY MOVES OUT

Host Sleeps on Roof to Make Room for Shriner Guests

Camping Out

Fay R. Smalley, Alexandria's associate manager, and spouse in sky parlor home.

WHEN you were a youngster did you ever have to give up your bedroom and sleep in the attic when company came?

If so you can appreciate the perplexing problem that confronted Fay R. Smalley, associate manager of the Alexandria, and his wife.

For company in the form of two or three whole temples of Shriners is coming to the Alexandria and every available inch of space in the hostelry is needed to house them. Mr. and Mrs. Smalley occupy a suite on the seventh floor but this, their home, also was needed and so yesterday the Smalleys moved out.

"Where to go?" wailed Smalley.

"That's easy, we'll live in a tent on the roof," decided Mrs. Smalley, who often has the deciding vote in the Smalley household.

And so yesterday Mr. and Mrs. Smalley, their two love birds, their clock and their radio moved into a tent set up on the roof of the Alexandria by willing porters. Here they will live until the Shriners leave town.

SHRINE'S EX-PATIENT REGISTERS GRATITUDE

Miss Hansen, 14 years of age, registered at Shrine convention headquarters yesterday afternoon.

"I was the first patient of the Twin City Hospital of St. Louis and I hope some of the Nobles of Osman Temple will be glad to know that I am all well and have not forgotten the many kindnesses," she explained.

This was not the only human touch at the Spring Arcade Building headquarters yesterday. A quiet little lady was invited to register. She hesitated and tears came into her eyes.

"My husband was a Shriner and passed away just a week before the convention in 1925 and if you don't mind, I just want to stand here in a corner and see some of my husband's brothers pass by," she said.

"Do we mind? Why, the same welcome that would be accorded your husband were he to arrive today awaits you," responded Noble Bob West, vice-chairman of the registration committee. Then the widow registered and tears gave way to a smile.

After registering the Nobles receive their official program and badges at the counter near the exit. There is a box with a slit in it on this counter and its purpose was explained yesterday by Noble Chet Shelley.

"Any Noble who fails to sign his registration card is invited to contribute to this little box for the Shrine hospitals fund," he said. "With less than two day's registrations and of course still comparatively light, the fund has passed the $100 mark. The amount donated is entirely optional with the man who forgets to sign his name, but one Noble deposited $5 today, saying, 'I want to get rid of these big greenbacks anayway to make room for the new issue.'"

NEW AIR LINE OPENS TODAY

Daily Plane Service to Bring Kansas City Within Thirteen Hours of Los Angeles

Ten days' traveling time by stage coach in 1861 from California to the Missouri River.

Thirteen hours between the same points in 1929 by airplane.

Such is the transition in transportation to be achieved today when Western Air Express opens its new passenger line to Kansas City.

Two giant red and silver monoplanes, one here and the other at the Missouri city, are scheduled to hop off this morning, both loaded to capacity, on flights which will bring the Atlantic and Pacific coasts within forty-eight hours traveling time, by rail and plane, and reduce by thirty-seven hours the time required for transit from Los Angeles to Kansas City.

STORE BUYERS TO FLY

Significant of the value the new airway will be to the business interests of the city, according to C. H. Smith, general traffic manager, is the fact that seven of the twelve persons to depart from here this morning are buyers or other representatives of large stores. They include:

Miss Violet Tatum, J. J. Haggarty Company; Edward C. Yourell and Clare H. Ewing, J. W. Robinson Company; Leon Riley, Bullock's Store for Men; Ralph G. Hamer, Desmond's; Lewis A. Oviatt and Max S. Rittenberg, Alexander and Oviatt. Other passengers will be Mead Horton, New York Life Insurance Company; A. C. Mackay, an attorney; A. T. Williams of Atlantic City, and T. Harris Smith, New York capitalist.

According to Mr. Smith, the service will be maintained daily in both directions.

"Trimotor, twelve-passenger Fokker cabin monoplanes will be used," he said. "Planes will leave Vail Field at 6 a.m., and Richards Field, Kansas City, at 8:30 a.m., central time. In Los Angeles, passengers will be taken in company limousines from the downtown office to the field. Test flights have indicated that it will be posible to fly from here to the Missouri River city in thirteen hours, and westward in fourteen hours.

AREA BROUGHT CLOSER

"Approximately forty cities in an area extending from Minneapolis east to Columbus and Indianapolis and south to Fort Worth and Dallas, will be brought within approximately thirty hours' traveling time of Los Angeles.

"Opening of this line has resulted in more than a dozen railroads ordering their representatives in about fifty cities to endeavor to book passengers over their lines to Kansas City and then via Western Air Express to Los Angeles.

"Fast transportation to the coast will mean that persons in more than a score of cities who have only two weeks' vacation will be enabled to spend it in California, due to the fact that they will not have to put in from three to five days each way in transit."

Passengers on the plane leaving Los Angeles this morning will be piloted as far as Albuquerque, N. M., by H. H. (Dutch) Holloway. At that city they will change planes and Silas A. Morehouse, chief pilot, will take them into Kansas City. The westbound passengers also will change planes at Albuquerque. Royal Leonard will be in charge of the ship from Kansas City, and George Rice will bring it into Los Angeles from Albuquerque.

OFFICERS INSTALLED BY SOCIETY

Daughters of Nile Close Annual Session and Will Attend Picnic Today

Installation of supreme officers by Supreme Queen Victoria L. Crouse at 8 o'clock last night marked the closing of the fifteenth annual session of the Daughters of the Nile, which opened last Monday morning at the Biltmore.

Assisting Mrs. Crouse were Supreme Marshal Leona Crowe of Los Angeles, and Supreme Chaplain Pearl MacClellan of Albany, N. Y. Appointment of standing committees closed the installation ceremonies.

The final day of the session was devoted to the instruction of incoming officers, business sessions, reports of committees and the closing of the Supreme Temple.

Delegates will attend a picnic at the Royal Palms Club, San Pedro, today and the return trip will be made through the orange groves of Santa Ana and Anaheim.

BOARD OF EDUCATION INDORSES BOND PLAN

A resolution approving the $1,000,000 bond issue for a health center for the City Health Department was passed by the Board of Education yesterday afternoon. Since school children after an absence from school caused by illness are required to secure re-entrance cards from the City Health Department and because the quarters housing that division of the department are crowded, the members of the Board of Education indorse the bond issue.

ELKS' TEMPLE ORGAN PROGRAM ANNOUNCED

A diversified program of organ music will be given tomorrow at 4:30 p.m. by Sibley G. Pease at the Elks' Temple. Numbers by Verdi, Franck, Schubert, Rheinberger, Macfarlane and others will be included. These recitals, given every Monday, are open to the general public without charge.

FILM MAN SUED FOR DEBT

George K. Arthur, film comedian, is accused of failing to pay for $33 worth of furniture in a suit filed against him yesterday in Small Claims Court. The suit was filed by Mrs. E. A. Wuster for the Noren-Wuster Furniture Company of Culver City. Municipal Judge Gualano set the case for trial on the 4th inst.

SHRINE HORDES REACHING CITY

(Continued from First Page)

the plane took off," Servis laughed. Those accompanying Dormer are Walter C. George, William P. Hafner and James A. McCall, members of the Jesters of Tripoli Temple.

One of the featured arrivals today will be the Aloha Temple of Honolulu, which will debark from the liner Calawaii some time during the evening. Other arrivals today will be the Cairo Temple of Rutland, Vt., over the Santa Fe at 5:50 p.m., and several delegates from the northern Coast cities.

The colorful parades of the uniformed bodies of the Shrine temples will begin tomorrow when more than fifty delegations are scheduled to arrive. The streets will be filled with marching costumed Shriners during the day and night.

COMMITTEE TO MEET

Today will begin one of the most important phases of the Shrine work, which is the conference of the committee on hospitals for crippled children. This body, under direction of James Watt, will convene for three days at the Biltmore formulating plans for next year. It is announced that three new hospitals will be built by the Shrine within the next few months.

An increasing demand for season tickets to the Shrine Coliseum events has resulted in the announcement that the ticket office on the ground floor of the Broadway Arcade Building will remain open daily from 8 a.m. until 10 p.m. Tickets are also on sale at the B.H. Dyas stores. Season tickets cost $5.50 each and reserve Coliseum seats for the $1,000,000 motion-picture electrical pageant, four performances of the sixty-five-act Circus Maximus, and two oriental parades. All of these events are open to the public.

More than 100 nonferocious animals for the circus will arrive in Los Angeles today to be unloaded at Thirty-ninth and Menlo avenue, at 12:30 p.m.

SIX HURT AS AUTO OF SHRINERS OVERTURNS

SALINAS, May 31. (AP) — Three men are in the hospital here and three women were slightly injured today as the result of an automobile accident near Soledad. The automobile in which they were riding overturned.

The men are Philip Veiner, Louis Schweitzer and M. M. Sea, all of San Francisco. Hospital authorities said they probably will recover. The wives of Veiner and Schweitzer and Mrs. Gertrude Eisenberg, San Francisco, were injured.

The six were en route to Los Angeles to attend the Shrine convention.

U.S.C. PLANS CLASS IN MOTION-PICTURE LAW

A course in motion-picture law, first of its kind, was announced yesterday for the summer session of the University of Southern California's law school. Thirty lectures will be given by Dr. Ralph Culver Bennett, A.B., M.A., LL.B., D.C.L., lecturer and lawyer. The course will include the leading cases arbitrated by the Film Board of Trade and those litigated in the courts. Foreign legislation regarding American films, Sherman Anti-trust Act applications, block booking, illegal discrimination, standard contracts and other propositions will be reviewed.

LIBEL CHARGED TO CAMPAIGNER

Warrant Drawn for Editor of Political Sheet

Story Accuses Pierson Hall of Wife-Beating

Former Mate of Councilman in Heated Denial

A complaint charging Fred H. Girnau, editor of the Coast Reporter, a political paper, with criminally libeling Peirson M. Hall, City Councilman and candidate for City Attorney, was issued yesterday by Assistant City Prosecutor Krowl. Hall is expected to sign the complaint today.

The Councilman came to the office of City Prosecutor Nix with a copy of the current issue of Girnau's paper, which contains a two-column article attacking Hall.

BRUTALITY CHARGED

The complaint as drawn by Krowl asserts that Girnau libeled Hall by declaring that testimony at divorce proceedings filed by his wife showed that "he used the pretty face of his wife for a punching bag."

Krowl declared that a transcript of the testimony taken at the divorce trial, a default proceeding, showed no evidence of the sort nor did the divorce complaint charge that Hall assaulted his wife. Hall declared last night that he will seek an additional charge of libel against Girnau on account of his wife, or would ask to have an additional count added to the complaint already issued.

"LIE," SAYS MRS. HALL

Mrs. Hall also made a statement which reads in part:

"I wish to say that malicious lies have been spread concerning Peirson M. Hall during his present campaign for City Attorney. The vilest and most malicious of these is the statement that he mistreated me.

"Peirson M. Hall is a man of high moral character and courage and his treatment of me has always been all that any woman could ask from her husband."

CURTIS SUES BOB SHULER FOR $100,000

Candidate for Municipal Court Charges Pastor With Radio Slander

Rev. R. P. (Bob) Shuler, pastor of Trinity Methodist Episcopal Church, South, yesterday was named the defendant in a suit for $100,000 damages filed in Superior Court by Wilbur C. Curtis, Los Angeles attoney and a candidate for a Municipal Court judgeship, who charges Shuler with slandering him in connection with the present political campaign.

Curtis, who led the field of candidates at the recent primary for the post which he seeks, objects to remarks attributed to radio speeches of the minister last month. According to Curtis, Shuler branded him as being "entirely too young and inexperienced to be a Municipal judge." This remark, the complaint continues, was followed by: "Tell him to see me in three years. If he want to run I might help him then."

Another asserted statement of the minister which Curtis declares is slanderous is quoted in the complaint as follows:

"McDill (Curtis's opponent at the forthcoming election) represents the righteous forces of the city. The election of Curtis would be a public calamity."

These asserted statements, Curtis contends, are unfair and unjust and have caused irreparable damage to Curtis's good name.

By way of controverting Shuler's reputed remark that he is too young and inexperienced to serve as a judge, Curtis points out that he is 32 years of age, four years older than Col. Charles A. Lindbergh, two years older than the president of Chicago University and of the same approximate age as three Superior Court judges."

Attorneys Virgil G. Lewis and Francis D. Adams filed the complaint in behalf of Curtis.

RADIO TALK WILL BOOST FOR WERNER

Odell to Broadcast on City Attorney Campaign Over KPLA Tonight

Robert A. Odell, chairman of the Donald M. Keith for City Attorney campaign committee, will urge election of Erwin P. Werner in a radio address to be delivered tonight over station KPLA. Odell will go on the air at 10 p.m.

Werner will be heard in two other radio addreses, speaking over KGFJ at 6:15 p.m., and over KFQZ at 9 p.m. This afternoon at 1:45 p.m., Mrs. Charles F. Gray, former State president of the Parent-Teacher Association and next president of the Republican Study Club, will make a special talk directed to women voters of Los Angeles over station KGFJ.

Werner, speaking last night, charged that interests opposed to his candidacy are giving wide circulation to false and malicious statements and are resorting to every type of political trickery.

"If any person or persons had any information that could be used in an effort to discredit my candidacy it would have been broadcast at the start of the campaign. Statements made now in the closing days of the drive are made solely for the purpose of deluding and misguiding voters," he said.

ENGINEER FOR BONELLI

Dr. A. J. Greip, engineering economist, addressed a Bonelli mass meeting last night at the Robert Louis Stevenson High School. The meeting was under the direction of Nathan Lawrence, district manager of the Bonelli campaign committee.

Many Los Angeles Women are making money on home-made candies. Now the Liberty Candy Co. will teach you how to make all kinds of high-class candies, including cake icings, glace fruit, etc., so my advice is that you go up and see them at once and get their plan. The address is 4th floor Grant Bldg., 355 S. Bdwy. TUcker 4156.

Turn a new paint brush bristles up, open, and pour in a spoonful of good varnish; keep in that position till dry and it will not shed bristles in painting.

Aren't you delighted to think you may now buy real sure enough country sausage, such as the Western Sausage Company make? Didn't I tell you you would have the whole family clamoring for it? Being made of the finest eastern shoulder pork and seasoned to a turn, why, nothing could be better than it for breakfast these cool mornings. You must not forget these three addresses of the Western Sausage Company, 302 S. Hill; 300 1-2 S. Broadway, and 6400 Hollywood Boulevard.

When painting a ceiling, or any overhead woodwork, cut a large rubber ball in half and push it up the handle of the paint brush as close as possible; the cup will catch all drippings and save spots on the floor or furniture. A cornucopia of strong paper tied about the brush handle is also effective.

By all means have photographs made of your son or daughter graduating this month; It is but right, however, that you seek the finest artist for such a portrait, so do let me urge you to make your appointment with Witzel, the photographer. Mr. Witzel has told me such good news . . . just think, if your boy or girl will mention his school when he phones for a setting, there will be a reduction in the cost of exactly one-half the original price. Splendid, isn't it, and then think what excellent portraits you will get, besides. The addresses are 1011 W. 7th, and 6324 Hollywood Boulevard.

Here is interesting news . . . your old carpets can be made into such lovely rugs by sending them to the Hoffman Rug Works, 2914 W. Jefferson street! Better phone them immediately, EMpire 2048.

When taking down pictures in house-cleaning time a stick with a deep notch in the end, to lift the cords from the hooks, is a great help. Fish line is better than wire for hanging pictures.

What kind of hospitality are you going to dispense during this week when the Shrine visitors are here. You doubtless will have the latch key on the outside and will show your pleasure in their coming by entertaining often. Now the simplest thing to serve when you have "open house" is grape juice made by adding three parts of water to Guasti Concentrated Grape Juice . . . and let me tell you it makes the best beverage you ever tasted!

Guasti Concentrated Grape Juice, it is of interest to know, is made by the Italian Vineyard Co. of Guasti, Cal., where their vineyards cover 5000 acres of ground—the largest vineyard in the world to be exact. This grape syrup of theirs is up to the same high standard of all their products, and consequently will be appreciated to the fullest by every Los Angeles housewife, for she can make such excellent desserts as well as beverages with its assistance. If you find that your grocer can't supply you with a quart, or better still a gallon, phone the order department of the Italian Vineyard Company of 1248 Palmetto street, MUtual 2124, and they will attend to your request promptly, including in your order a free copy of their booklet "Grape Drinks and Desserts," which will be of great assistance to you during the summer especially.

To banish dampness from damp rooms (in new houses, etc.) place blocks of camphor in all corners and on shelves, etc., about the rooms. Replace when necessary, as it gradually evaporates.

Always frame your photographs as well as other pictures if you would preserve them properly—and always take them to one of Mathews Paint Company's stores to have them framed in the most ultra fashion. Their made frames and their moldings are ever so fashionable, being suited for every kind of portrait, etching or fruit—indeed all pictures will find a suitable frame at Mathews. Now that photographs of brides and graduates are the thing, take in all such likenesses as soon as possible, won't you? Mathews Paint Co., has three convenient locations: One at 1245 S. Hill, another at 1553 N. Vine Hollywood, and a third at 740 E. Green, Pasadena.

To prevent a door from creaking, rub a little soap or vaseline on the hinges; if a door sticks, rub a bar of soap over the edges.

Don't forget, will you, that the finest as well as most appropriate graduation cards and gifts are to be found at Schwabacher-Frey's at 736 S. Broadway. Their cards are unusually lovely, while among the assortment of gifts there is certain to be found just what your son or daughter would value most.

Now, indeed, may you plan all the picnic and beach parties you want for the lunch side of it will be taken care of most ideally by the Sur-Val Box Lunch Co., 602 Mateo street. Just telephone them at FAber 1176 and tell them how many sandwiches you desire or how many box lunches and they will supply you with the best sandwiches and lunches you ever hope to taste. There will be quantity and quality in your repast. You see, they are in a position to give you the best for your money because they buy everything of the finest and in quantities as well. Why, do you know they average 25,000 sandwiches a day—that will give you some idea of their popularity.

Ann-Esther is the latest to join the ranks of the boosters for Hughes Ice Cream. She is now completely won over to their side because in a recent crisis when the ice cream she formerly swore by had failed to arrive, Ann-Esther sent out an S. O. S. for Hughes. Well, imagine her embarrassment when the ice cream first ordered arrived and no one would eat it, so enraptured were they with Hughes—and so-o—Hughes has formed another staunch friend . . . one who now appreciates real thick cream, fresh fruits and excellent vanilla and chocolate combined, when they taste it. Better follow the crowd who know. Eat Hughes!

It doesn't matter how badly tarnished or worn your silver is, the Peerless Platers of 239½ S. Spring street, (upstairs) will make it look like new . . . and wear better than it did originally. Take all silver heirlooms to them to be restored for they do such work reasonably and exceptionally well. Their phone number is VAndike 5417.

Ice cream helps — Pack freezer half an hour before putting mixture in can and freezing will be speedier. Use one part rock salt to three of ice; mix before using or put in freezer in layers. To ripen cream and give it a better flavor, remove dasher, pack down cream with a spoon and fill tub with fresh ice and salt; let stand five or six hours before serving. Put a clam shell or small tin pan over the hole from which the water is drained from a freezer, and prevent clogging it with ice and slush. When through freezing, empty the cracked ice into a sack; when the ice melts nearly all the salt remains for use again.

COUNCILMAN WOULD MOVE GIRLS' CAMP

Recreation Center Hit by Resolution Revising Zoning Restrictions

As a measure designed to force the removal of the Minnie Barton Recreation Camp from its present location at 10225 Johanna street, Hansen Heights, Councilman Randall introduced a resolution in the City Council yesterday requesting the Council to place all of the territory in the Hansen Heights addition, which comprises 8.30 square miles, in the single-family residence zone. The resolution was referred to the City Planning Commission.

It was also suggested in the resolution that the building superintendent be requested by the Council to withhold issuance of permits for any other than single-family residences in this district pending the adoption of the necessary ordinance placing it in the A zone.

Many complaints have been filed with city and county authorities against the location of the recreation camp at its present premises. The camp is a reformatory for wayward girls and as such an institution alone the residents of the surrounding neighborhood have been opposed to it. Recently, however, their protests have been redoubled because, they assert, men prisoners from the City Jail have been brought to the camp to do construction work and other heavy tasks about the grounds. It has been charged that these men prisoners are permitted to roam about the neighborhood without any restriction and the residents regard that practice as a menace to their safety.

Five-Finger Plan Bond Issue Sold

The sale of $2,180,380.87 of bonds issued to cover assessments levied for the extensive Hollywood street opening and widening project known as the five-finger plan was announced yesterday by City Treasurer Powell. The bonds, which bear interest rate of 7 per cent, were sold to the Elliott-Horne Company for par and a premium of $1.

The total cost of the five-finger project is $4,162,140. The city allocated $148,708. This left $4,013,432 to be raised by special assessment, to be paid either in cash or by bond. The amount of bonds sold yesterday represents the total levied against property owners who chose to let their payments go to bond.

Many Expected at High School Reunion Today

SAM KREIDER

More than 1000 former graduates of the Los Angeles High School are expected at the annual alumni reunion at the West Eleventh-street campus this afternoon and evening.

With the graduating class of a half century ago and the graduating class of a quarter of a century ago, '79 and '04 respectively, as special guests of honor, the classes of '89, '99, '09 and 1919 also will be featured. There were eleven graduates in 1879 and the seven surviving will be present: Arthur S. Bent, George D. Holland, Dr. Kate Brosseau, Miss Mary Foy, Mrs. Ella Gird Lamo, Mrs. Jeannie Greenbaum Spier and Mrs. Clara Smith Angel.

The festivities will open with an informal reception at 4 o'clock. Dinner will be served at 6, with Sam Kreider of the class of '09, president of the alumni association, presiding. Principal E. W. Oliver will welcome the old grads. Miss Foy, Mr. Bent and Mrs. Margaret Frick, a former vice-principal, will speak.

After dinner adjournment will take place to the athletic field where an old-fachioned bonfire celebration will be held.

Garbage Taken Off Pig's Menu

More than 3000 pigs being fattened on the ranch of the Le Moyne Ranch Company will have to get along without garbage on their menu as the result of Superior Judge Bishop yesterday denying the company an injunction to restrain James T. Agajanian from selling garbage he collects to other concerns.

The ranch concern went before Judge Bishop with a petition asking that Agajanian be enjoined from disposing of garbage he collects to other ranches where hogs are being fattened. They asked for the injunction on the ground that they had a contract whereby all the garbage was to go to them.

Agajanian contended the ranch company broke its contract by not unloading his trucks when they arrived at the ranch.

Don Marquis to Return East by Water Monday

Don Marquis, author and playwright, who with his two sisters and daughter has been spending the past six months in Hollywood, will leave for New York Monday, sailing from the harbor on the California at 6 a.m. Mr. Marquis has chosen the canal trip for his return in the hope that two quiet weeks on the water will further advance his convalescence from the nervous breakdown complicated by heart trouble, from which he has suffered since January.

In the face of his serious illness, Mr. Marquis has carried forward a considerable amount of literary work during the past three months, writing two-thirds of a new novel, "The Boy Who Wanted to be Good," and a short story, "A Spinster of the Old School," which is soon to appear in the Saturday Evening Post."

PERILS OF SELF-PRAISE

The more a man praises himself the more he stretches the truth.

GOING UP

Nowadays it would seem that plane living is really living high. Ask the pilot. He knows.

PREPAREDNESS

It is much better to start out in good time than to have to run like the dickens to make it.

A REDUCER

The cigarette will make you thin, says a billboard. It is also making the forests of California thinner from year to year.

DUMB-BELLS

A Chicago doctor has discovered that her gangsters are dumb-bells—below the average intelligence. What does that make other Chicagoans?

BATHING BEAUTIES

A Venice girl recently took a bath in four minutes and thirty-seven seconds. We know a girl who took a bath in nothing but seconds.

AND WHAT

When Chicago publishes that she spends $300,000,000 a year on vegetables, there is a suspicion that she is trying to get our minds off something.

THE QUIBBLERS

Some folks are so pettish that if they have two ideas in their heads at the same time they are bound to fall out with one another.

MARBLES AND EVERYTHING

The Los Angeles playground budget for the coming year is placed at the rather impressive figure of $1,100,000. This will strike most any cripple as a lot of money to play with, but it is all right if we get the worth of it. We are at least not without places to play.

OVER THE BIG GULF

The flying mail is making this world mighty narrow. Now a plane bears letters from Miami, Fla., to Managua in Nicaragua. This would be a terrible journey on roller skates, but the flyers should make it with safety and certainty. Maybe the next time they have an election in Nicaragua we can send our marines by mail.

THE END COMES

Never can tell what fate has in store. Here was a man who died as a result of injuries when he slipped on a banana peel and a woman passed on when she accidentally drew blood on a finger while opening a can of peas. One doesn't have to fall from an airship to get the summons.

LIKE FATHER LIKE SON

Col. Theodore Roosevelt is the new Governor of Porto Rico and the residents of the island will gladly welcome the eminent son of a distinguished sire. As the father dashed gallantly up the hill of San Juan in Cuba so will the son peacefully ascend the slope at San Juan in Porto Rico to occupy the Governor's mansion. These San Juans are not so very far apart at that.

SAVING THE GRAPES

Now it is mentioned that a big corporation is being formed to turn out a number of valuable by-products from the grape industry. The vineyards are to be further salvaged and it is said that several millions of wasted money may be conserved. The products include cream of tartar, industrial alcohol and a number of other staples, to say nothing of a valuable fertilizer. Save your grapes.

DRYING RUSSIA

Reported the soviet leaders have plans for gradually making Russia over into dry territory. They have begun by closing most of the saloons in Moscow. If the Russians could ease off on their vodka they would do a lot better. Vodka is powerful stuff with a couple of weeps in every drink. It is a sodden and sullen brew for any people. The idea is that if the Russians would cease monkeying with their booze they would do better in channels of industry. This improvement is essential to the future life of the country. The Russians may love their vodka, but will have to leave it to live.

VOTE THE WATER BONDS!

None of the possible objections and differences of opinion as to the merits of various propositions on the ballot in next Tuesday's election applies to the proposed bond issue of $22,500,000 for improvement and expansion of the city's water facilities.

As important to the future security and growth of the community as the original aqueduct and appurtenant works have been to the present development of Los Angeles, the contemplated enlargement of our water resources offers no justification for logical opposition.

The water bonds, if voted by the people, will be used for the purchase of Owens Valley lands needed for expansion of the city's chief source of supply; for needed new reservoirs and dams; for additional conveyors, and for general betterments and extensions.

The individual items of the proposed water bond issue have been carefully checked by the city's engineers and have been scrutinized by independent experts qualified to pass upon their merits. Such investigation not only has failed to raise serious objection to the bond issue as a whole or in part, but has resulted in action favorable to the bonds by a large number of representative individuals and organizations.

Water in adequate supply is essential not only to the continued growth but to the very existence of this community. It is both unwise and uneconomic to defer needed improvements and expansion in facilities available in California while waiting for development of a supply from Colorado River. At best, water from the Colorado cannot be conveyed here for years. In the interim, and even after such water is available, the present source of supply must be conserved to the utmost.

If it were necessary to add to the tax rate, by reason of approval of the water bonds, the issue of $22,500,000 would still be entirely justified and desirable, but happily this is not true, as the issue will be repaid, both interest and principal, from revenue.

Necessity for the money to be made available by the water bond issue is not confined to any particular section of the city as it now exists or as it may develop, but relates to the community of Los Angeles as a whole.

The Times believes that the vote on the water bonds would be unanimously in favor of the proposition if every voter having the best interests of the city in mind could know the facts. From every standpoint of individual prosperity and general welfare the water bonds should be approved.

The bonds will require a two-thirds majority to carry.

THE BRITISH ELECTIONS

The rout of the Stanley Baldwin government in the British elections seems almost complete. It now seems to be certain that Ramsey McDonald, leader of the Labor party, will be called to form a new government, but that he will have a very uncertain tenure and will be forced to make concessions, at least to Lloyd George's small but balance-of-power following, in order to retain control. These Liberals will never agree to the adoption of an out-and-out Socialist program, and since apparently they can, by combining with the Conservatives, vote McDonald out of power at any moment, Lloyd George, despite his poor showing in the election results, will be a dictator of Parliament in many important matters.

The results are not particularly difficult to interpret. England has not gone over to radicalism, even though the Labor party has the largest membership in Parliament that it has ever had; but England is displeased with the ineptness and clumsy fumbling of the Conservatives, and has chosen to punish them severely for their mistakes. The vote in the canvass was a vote of protest; protest against commercial depression, against unemployment, against heavy tax burdens, against failure to make headway in disarmament, against a certain chauvinism which threatened new conflicts.

The Labor party, of course, will not be able to mend matters, so far as restoration of prosperity is concerned. That must be left to time and the slow working of vast international forces, not clearly understood by anybody, and upon which political action has small effect. But since they are pledged to produce an amelioration, and quickly, their almost certain failure to do so will count heavily against them.

Internationally the McDonald government will not be disturbing. It is pledged to peace and without doubt sincerely so. It may re-establish relations with soviet Russia, though with safeguards to prevent itself from being tricked and betrayed. It is not likely to be aggressive in any direction.

At home it will be forced to move slowly, in part because its control of Parliament is precarious, in part because any government is necessarily conservative, held down by grave responsibilities.

HOOVER'S CHALLENGE

The President's Memorial Day address contained a clear challenge to the nations of the world, by making clear that there must be a reduction and not a mere limitation of armaments. The renunciation of aggressive warfare contained in the Kellogg pact, which has been agreed to almost with unanimity, is meaningless so long as armament for aggression continues to exist. In reiterating the stand taken by Ambassador Gibson at Geneva a few weeks ago, President Hoover proved that he does not propose to let the matter drop there, but will take active steps to carry the views of the United States into effect.

This was the real importance of his address, that it adopted and confirmed the Gibson disarmament plan as that of the administration and of the United States, giving it a prestige above that of any utterance of any Ambassador, no matter how powerful. While everybody knew that it was probably Hoover speaking through Gibson at Geneva, this time all doubt is removed.

"Despite the declarations of the Kellogg pact," he said, "every important country has, since the signing of that agreement, been engaged in strengthening its naval arm. . . . Fear and suspicion will never slacken unless we can halt competitive construction of arms. They will never disappear unless we can turn this tide toward actual reduction."

The President also made plain that he will not insist upon any particular disarmament plan, but will be disposed to accept any reasonable method which will achieve result. The yardstick for naval measurement tentatively suggested by Ambassador Gibson is by no means abandoned, but it is not considered the only possible means of measuring relative strengths. Reduction is the end aimed at; the path by which it is reached is not important.

SCURRILOUS TACTICS

No one who knows George L. Eastman, former president of the Chamber of Commerce, and prominent for years in Los Angeles civic and business affairs, considers that he needs any defense against an exceedingly scurrilous and wholly untruthful attack launched against him by a gutter journalist in the closing days of the campaign. For those not so well acquainted with Mr. Eastman, it should be said that neither his character nor his probity is under suspicion in any responsible quarter, and that he is as fine a citizen as can be found in Los Angeles. The attack is particularly without excuse, since Mr. Eastman is not a candidate for office.

For years right-minded people have regretted that there were not more men of high character and ability in politics. But it is not strange that men hesitate when they know they may be subjected to virtually anonymous abuse by wholly irresponsible persons, who have no bounds set to their tongues or pens by either decency or fairness.

No candidate of integrity would be willing to have such scurrility upon his conscience, so it is but fair to assume that John C. Porter, in whose interest the attack was launched, did not inspire it and has no control over the publication. But the public has a right to expect Mr. Porter to repudiate it and denounce it. He cannot afford to put himself in the attitude of accepting such support. No office within the gift of the people is worth such a price as would have to be paid by a man who acquiesced, by his silence, in such rottenness.

TWO MEDICAL ADVANCES

Two new methods of diagnosing tuberculosis have been accepted by high medical authority, according to reports to the National Tuberculosis Association, and if the claims made for them prove true they represent leaps forward in the efforts of medical science to conquer this disease, still one of the deadliest that afflicts man. The ravages of tuberculosis have been materially limited within the present generation, but it remains a formidable enemy.

Early and positive diagnosis is one of the prerequisites of cure, and this, it appears, has now been supplied by the purification of tuberculin and by a new test-tube method said to be of extreme delicacy. There have been literally millions of experiments with tuberculin since Robert Koch first devised it, but no one heretofore has succeeded in producing it without contaminating substances which made its use relatively unreliable. Koch expected tuberculin to be a cure. In this it has been disappointing, though not without remedial value, but it has been one of the chief reliances for diagnosis, especially of tuberculosis in cattle. If it has indeed been perfected in the laboratories of the University of Chicago, the fact is of great importance.

The other new test, devised in the laboratories of the Rockefeller Institute, may prove even more valuable, since it is said to indicate the presence of the disease within a few days of infection; previous methods have not been able to detect it before two months. This method also is a goal toward which innumerable laboratory workers have struggled, and if it has been reached biochemistry will be crowned with new laurels.

THE CLEAN-UP

The intellectual requirements in a position as janitor in the new City Hall are so vast that some of the political proteges who were unable to make the grade are now being cared for under another brand. Thus it is that we now have some of them listed as brass polishers whilst others are hall sweepers. Provision has been made by ordinance for these auxiliary jobs. It sounds like low-brow stuff, yet these workers are just as ambitious for political rating as if they were entitled to emblazon the word "Janitor" on their caps. As clean-up men they have their share in expanding the fair fame of the city. There is a lot of brass about the municipal building and it must be kept shining.

GUINEA PIGS

By James J. Montague

To keep mere folks like you and me
From typhoid, pip, and measles free

The guinea pig lays down his life
So that the probing surgeon's knife

May find the microbes which infect
The stomach, thorax, lungs and neck,

And thus new serums may inure
To the creation of a cure.

The fact that we're in health today
And not involuntary prey

To microscopic lethal bugs
Which swarm in dust and food and rugs

In every clime and every zone
Is due to guinea pigs alone.

Because they thus give up their lives
The thankless human race survives.

Yet very seldom we're imbued
With any thought of gratitude.

But though they lengthen our careers
Upon this world of wrath and tears,

They are not heroes, necessarily,
They never perish voluntarily.

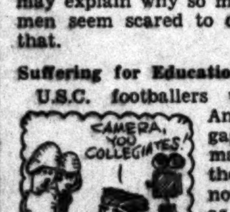
The LEE SIDE O' L.A.

BY Lee Shippey

A PATERSON (N. J.) man was fined $27.50 for kissing his wife in a parked car. This, remarks J. W. B., may explain why so many Hollywood men seem scared to death of doing that.

Suffering for Education's Sake

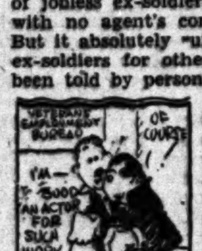
U.S.C. footballers who went to Annapolis to engage in scrimmages against the Navy eleven, not for glory, but as actors in a motion - picture scene, may face a charge of professionalism. But they are by no means the first local college boys to earn money in that way. On the contrary, appearing as "extras" in football scenes has been a favorite way of working one's way through school. One husky local football man with an eat-'em-alive expression and a way of charging which reminds one of a runaway freight car on a steep grade, tells us he has picked up as many as fifteen dollars for a couple of hours on location, twenty minutes of which was spent in scrimmage and the rest of the time in the painful task of being admired by the extra girls.



CAMERA, YOU COLLEGIATES!

Film-Struck Buddies

We only hope it doesn't hit the college boys as it has some of the ex-soldiers. The popularity of war plays, beginning a couple of years ago, gave ex-service men a great chance to shine as extras, and the studios gave them preference over other extras. That was fine. It took care of a lot of jobless ex-soldiers at $7.50 a day, with no agent's commission to pay. But it absolutely ruined some of the ex-soldiers for other work, we have been told by persons connected with the Veterans' Employment Bureau. Now that not many war stories are being filmed there are not jobs enough for all, and many hang around the employment bureau for days before they get one day's work. They've got out of the habit of looking very hard for any other kind of work.



VETERANS EMPLOYMENT BUREAU
OF COURSE!
I'M—TOO GOOD AN ACTOR FOR SUCH WORK

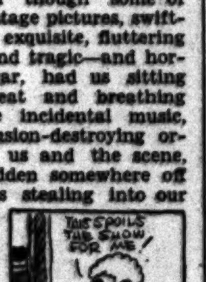
The Beginning of the End

W. A. S. reports a sign which is truly shocking. It is in a downtown men's clothing store. The various styles in the show window are labeled —and one is labeled "Vassar."

Perplexity After the Play

The play, "The World We Live In," had us entranced. The lines sparkled, and the ideas advanced challenged and roused, even though some of them hurt. The stage pictures, swiftly changing from exquisite, fluttering beauty to stark and tragic—and horribly needless—war, had us sitting forward in our seat and breathing deeply. And the incidental music, not from an illusion-destroying orchestra between us and the scene, but from one hidden somewhere off to the right, was stealing into our consciousness as if it were a part of the scene. We had the feeling that we were in a true temple of art.

We gripped the arm of our seat, and something gave under our pressing fingers. We clutched again, and the evidence came away in our hand. Some one who had sat in that seat, no longer than the night before, had been chewing a noble wad of gum.



THIS SPOILS THE SHOW FOR ME!

We wonder if that's a sign of the spread of true democracy or of the great obstacles advancing thought has yet to overcome.

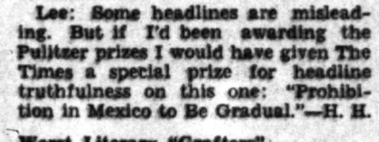
Six Thousand a Year Plenty

Lee: Six thousand, five hundred dollars a year is the least a professional man with a family can live on respectably, some California university folks declared recently. But now we learn that there are 6000 murders annually in the United States—and think how many lawyers live extremely well on 6000 a year.—Optimist.

Even as Here

Lee: Some headlines are misleading. But if I'd been awarding the Pulitzer prizes I would have given The Times a special prize for headline truthfulness on this one: "Prohibition in Mexico to Be Gradual."—H. H.

Worst Literary "Grafters"



There are literary grafters,
Even as in politics,
Who secure our cheers or laughters
By most shameless specious tricks.
But the least restrained by conscience,
Facts or records wholly true,
Building castles out of nonsense,
Are the "biografter" crew.

MAXIM WILDE.

SOME REFLECTIONS

BY J. A. GRAVES

Those who have lived in Los Angeles since our "boom" days of, say, 1885, will probably remember a dapper, energetic, medium-sized old man, named J. C. Duncan. For a time he was engaged in the real estate business and made considerable money therein. Then, in the first store north of the entrance to the Baker Block, he opened a business with a very large stock of jewelry, silverware and silver-plated ware, bought largely on credit from a large San Francisco house. In time, he failed in that business, and subsequently lost his life with his wife and child in a steamship disaster, coming from London.

He was the father of the celebrated and notorious Isadora Duncan, who was probably one of the greatest artists in her line that the world has ever produced. I state that he was the father of Isadora from the following facts. She left the story of her life down to 1921, written by herself, which was printed in 1927 after her death. In the book are pictures of her father and mother. The moment I saw it I recognized in the picture of the father the J. C. Duncan whom I knew quite well here in Los Angeles. Isadora, in her book, recites the fact that her mother, who was a music teacher, divorced her father when she was an infant. Her mother, while suffering from poverty, supported herself and children by long hours of teaching music. She further states that her father married again, went to Los Angeles, made considerable money, came to San Francisco and bought his wife and children a comfortable home. He took title to it in his own name and lost it in another financial catastrophe.

I did considerable legal work for Duncan when he was in the real estate business. He came to me one day, saying that he was going to San Francisco to buy a home for his wife and children. I did not know that his wife had divorced him, but I had met his second wife with him here in Los Angeles. He said he was a little short of money, and producing a note of M. L. Wicks for $4000, due in thirty days, asked me if I would loan him $2000 on it. At that time Wicks was a very wealthy man, and I readily gave him $2000, taking the $4000 note as security. I notified Wicks that I held the note. He paid it at maturity. I deducted the amount coming to me and took a check for the balance to Duncan. When I gave it to him he thanked me for the loan and then broke down and cried. He told me that his wife in San Francisco was divorced from him; that he had bought her and the children a home and installed them in it. He then said he had one child, Isadora, who was a genius as a dancer, and remarked that the world would hear from her, which prediction was amply verified.

Isadora was a remarkable child. Almost from infancy she helped support the family. She had a natural talent for dancing, was sent to dancing school, but soon left it and organized dancing classes and taught her pupils classical dances, many of which she invented. While yet in her teens she danced in San Francisco, at many entertainments and in private homes, thereby making considerable money. She and a sister, who also had a talent for dancing, seeking a larger center for their activities, went to Chicago. Here they suffered from poverty, but made progress. She fell in love with a Polish musician and later would have married him had she not learned that he had a wife in the old country. From Chicago she hopped on to New York, where she also met with success, and from there to London, and from London to Paris. Her fame was increasing and she took all the capitals of Europe by storm. She made prodigious sums of money, but spent it lavishly.

When the World War broke out, she and an artistic friend, Mary Desti, did remarkable work in the hospitals and cheered the invalid soldiers by their songs and dances. When the war terminated she again opened dancing schools and returned to the stage, and was as great a favorite as she ever was.

From her childhood, she had a detestation for our social system. She had no religion, believed in free love, and abhorred the marriage state. She should have lived contemporaneously with Byron and Shelley.

When she reached the age of maturity she was a very beautiful woman, both in face and figure, and retained her beauty and her figure to the end.

In 1921 she went to Russia, embraced the doctrines of sovietism, declaring that Russia's government and morals agreed with her own ideas. She took up with a Russian poet of some local reputation whose distinguishing characteristic was a capacity for drinking champagne and of breaking up hotel furniture when under its influence. She had considerable money when she went to Russia, but the extravagance of her poet and her charities to the starving Russian children whom she sought to assist, soon exhausted her funds. She arranged another tour of America through her American agent, who cabled her money enough to take her and her poet to New York. She met with the same success in the large cities of America that she formerly had, but destroyed her popularity, after finishing her dancing program by launching into eloquent orations to her audiences extolling the soviet government and urging them to overthrow the laws of the United States and adopt that system. The mayors of some cities refused to allow her to appear.

Notwithstanding the large amounts of money taken in on this tour, when she got back to New York she was penniless, as a result of the extravagance of herself and the poet. She cabled a friend in Paris, who sent them money enough to get back to Paris. Shortly afterwards, her poet hanged himself in Leningrad. His body was taken to Moscow and given a wonderful funeral by his Russian friends. Her third child died in infancy. Her other two children, with a nurse, were being driven along the bank of the Seine, in a closed car, when by some inconceivable means, the chauffeur ran it into the Seine, and the two children and the nurse were drowned.

In 1927, at Nice, in the southern part of France, she was taking a ride in a low French racing car without fenders. She sat in the rear seat. She had on a lace shawl. In some manner the ends of it became entangled in the rear wheel, and when the car started, with the first revolution of the wheel she was drawn down against the side of the car, her neck broken and her jugular vein cut.

Thus died this most remarkable woman. Had she possessed the virtue and character of Madame Modjeska, or many of the other great artists of the period, she would have been hailed as the greatest celebrity of our time. It is singular that, unknowing to myself, by loaning $2000 to her father, I at one time contributed to her comfort.

* * *

I am thoroughly satisfied that in time, and probably in the near future, our government will waive the right to collect from Germany the remainder of her debt to us. Since the Dawes Commission, American private capital has loaned Germany several billions of dollars, being more than the payments which Germany has made on her indebtedness. These same capitalists are willing and eager to loan Germany more billions, as they will get from her better interest rates than they can for their money in America. They fully realize that Germany cannot repay our government the amount she owes it and discharge the loans they have made and will continue to make to her. Very naturally, they would rather have the government lose than that they should lose. On the plea that the money which they have already loaned, and will loan in the future, will enable Germany to trade extensively with the United States, they will, through the power of their combined wealth, secure a release of Germany from her debt burdens to our people. Through the latter course, the portion of the German debt thus wiped out, which would come out of them, or be lost to them, would be of small consequence compared with the amounts Germany now owes and will in future owe them. If the German debt to us is waived, or even cut down appreciably, Great Britain, France, Italy and other continental debtors, will immediately demand similar treatment. They will not, however, have the same support which Germany will have, viz: interested American capital.

* * *

When the government, State or national, goes into business which should be carried on by private capital, it usually makes a loss, for the reason that politicians, too often dishonest and never trained business men, are in the saddle. Both of California's socialistic farm colonies, one at Durham and one at Delhi, are failures, with great losses to California taxpayers. On March 1, 1929, there was outstanding $1,104,470,056 in net outstanding loans to 404,865 borrowers from the Federal land banks, and $656,516,475 of loans to 105,461 borrowers from the Federal joint stock banks. During 1928, twelve Federal loan banks foreclosed 4771 mortgages, and acquired, during the year, 2398 farms under foreclosure proceedings or by voluntary surrender by debtors who could not pay interest or taxes. The real estate so acquired cost the banks $14,634,588.03. Every banker who loans money on mortgages knows how difficult it is to dispose of foreclosed properties for anything like their cost to the bank. The Federal land banks will probably suffer a great loss on these foreclosed premises.

The system is comparatively new and of course more foreclosures will follow. As a rule, a solvent farmer, who is reliable, trustworthy and understands his business, can get accommodation by mortgage from private banks. Only the shiftless and inexperienced would-be farmers patronize the government institutions. The men in charge of these banks are as ill qualified to make loans as these farmers are to raise crops at a profit. The experience of the Federal land banks is not encouraging as to the success of any government movement to advance money to farmers. Politicians will be in charge with the usual result.

BETTER AIR

Government employees at Washington are growing envious of Congressmen. The House of Representatives boasts a brand-new ventilating system which takes the dust out of the air and makes it more comfortable to work in. Now there are plans to see if the departmental workers cannot get some of the benefits of an artificially improved indoor climate.

Machines have been devised which will add to the moisture of the air on winter days, when the radiators are turned on. They have already been installed in some government buildings in an experimental way. The reverse process will be tried out this summer.—[New York Times.

HEALTH and DIET ADVICE

By Dr Frank McCoy

author of "The Fast Way to Health"

Dr. McCoy will answer personal questions on health and diet, addressed to him, care of the Los Angeles Times. Inclose stamped, addressed envelope for reply.

CLAMS AND OYSTERS

These two most prolific shellfish are similar in composition. They were probably among the first animal foods to be eaten by primitive man. Oysters and small clams are readily digestible when raw, even though the flesh is swallowed whole. When cooked they are a little more difficult to digest and should be well chewed.

Oysters contain 88.3 per cent water, 6.5 protein, 1.2 fat and 3.5 of mineral matter, being especially rich in chlorin, sulphur, phosphorus and sodium. Clams are almost of the same composition, but contain a little less protein, fat and carbohydrates, but more of the mineral matter.

Both of these are highly acid-forming and should, therefore, be used with a large quantity of the nonstarchy vegetables to provide an alkaline balance.

While the smaller clams may be served raw, as oysters are, the larger ones are most tasteful broiled, fried, steamed, baked or stewed. The best flavor probably comes out in clam chowder or upon roasting over coals.

Neither of these two are very rich in nourishment, although they make a pleasant addition to the menu. It has been stated that over a dozen oysters are required to produce an equal food value to one egg.

Many people believe that oysters should be eaten only during the months in which "R" occurs, in order to avoid the spawning season, but while this is true of the northeast and New York oysters, it is not true of Chesapeake Bay, the greatest oyster source. In southern waters the spawning season may occur at any time of the year.

Canned oysters are as wholesome as the fresh, and may be obtained at any season. Oysters may be shipped alive in good condition for several days. There is, of course, more danger of the oyster becoming decomposed during the warm weather, but careful packing in refrigerated cars would prevent this.

At one time it was the practice to raise oysters in beds where city sewage was dumped and this resulted in a number of cases of contamination and typhoid. This danger hardly exists at the present time, as the government exercises a careful supervision over the beds and harvesting of the oyster.

The best portion of clams and oysters is the muscular tissue. Because these shellfish are scavengers, all of the stomach and intestinal portions should be discarded. Their stomach may contain an accumulation of rotting protein material which they have sucked up from the ocean bed. We occasionally read of a case of acute poisoning because of this, and, since there is no method of telling whether or not this is the case, it is better to discard this portion of the oyster or clam.

While I cannot consider clams and oysters as especially healthful foods, they may be used occasionally, for variety, by those in good health.

QUESTIONS AND ANSWERS

Progressive Muscular Atrophy

Question: Mrs. F. writes: "My brother has been gradually losing the use of his arms and legs for the last two years and has been told that he was suffering from a progressive muscular atrophy and nothing could be done for him. Can you tell me the cause of this, and if there is any treatment to at least check this disease, as he is getting more helpless all the time."

Answer: Progressive muscular atrophy is undoubtedly a serious condition, but I have had some good results in cases not too far advanced. Usually a prolonged fasting regime is necessary at the beginning of the treatment in order to rid the system of the toxins causing the atrophy. This, followed by a well-balanced diet and manipulatory treatments, especially from a doctor who uses the Morse wave or sinusoidal current, would probably be helpful.

Craves Raw Potatoes

Q.: Mrs. G. C. writes: "I seem to have a craving for raw potatoes and I would like to know if it is harmful to eat them."

A.: I do not believe the raw potatoes are injurious to your health. Perhaps there is some element or vitamin which they contain that your system craves. Eating large quantities of other raw vegetables would probably overcome the desire for the potatoes.

CHEF WYMAN'S RECIPES

Every Tuesday and Friday at 2 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cookery in the lecture room of the Southwest Building, 130 South Broadway.

HONEY CHOCOLATE CAKE

One and one-half cupfuls of honey, one-half cupful of butter, one teaspoonful of soda, one-half teaspoonful of salt, the yolks of three eggs, the whites of three eggs, four cupfuls of sifted flour, one-half a cupful of cocoa, two tablespoonfuls of water, cream the butter, and cream the honey into it, add the slightly beaten egg yolks, and beat well; sift the flour, with salt, cocoa and soda, add the water, alternately with the flour mixture, beat the mixture well, then add the well-beaten whites of the eggs; bake in either layers or loaf.

HOT CABBAGE SALAD

Remove the outer leaves from a medium-sized head of cabbage, cut out the hard core and shave or slice the cabbage fine, cover with a damp cloth and set aside until ready to serve. Place in a saucepan, one-half a cupful of sugar, two teaspoonfuls of dry mustard, one teaspoonful of salt, one-fourth of a teaspoonful of cayenne pepper, three tablespoonfuls of butter, one teaspoonful of onion juice, three tablespoonfuls of tarragon vinegar, and one slightly beaten egg, allow to simmer for one minute, stirring constantly, add to the mixture three chopped pimientoes and eight stoned and chopped olives, allow to heat through, slowly add the hot dressing to the cabbage and stir until well wilted, drain, mound on a bed of lettuce leaves, sprinkle over the salad the yolks of two hard-boiled eggs pressed through a sieve and use the whites for a garnish.

PORK AND APPLE PIE

Cut lean roast pork in thin slices, and season with salt, paprika, garlic salt, and celery salt and a few grains of mace, place in a baking dish, a layer of the pork, then a layer of peeled, cored and sliced raw apples, sprinkle the apples with a little sugar, pour into the dish, one-half a cupful of cooking sherry and half a cupful of the pork broth or gravy; cover the top with a short pie pastry and bake in a moderate oven for thirty minutes.

FRENCH STRAWBERRY PIE

Line a deep pie pan with a rich pastry and build up a collar around the edge by placing one layer of crust on top of the other, brush the inside of the shell with the white of an egg, prick the bottom lightly and bake in a hot oven; allow the pie shell to cool, pick over the berries, pick out the soft ones and wash them, add sugar to taste, and pour over enough water to make two cupfuls of pulp and juice. Soak one tablespoonful of gelatine in one-fourth of a cupful of cold water, add a few grains of salt, then dissolve it in the hot strawberry mixture; when the gelatine is dissolved, strain the juice, fill the pie shell with fresh berries, allow the jelly to cool, pour over the berries, and set in the ice box until firm; serve with whipped cream or a meringue made with the whites of the eggs and powdered sugar.

Mrs. Wyman does not reply to letters, but requests for recipes are answered in the department, PRACTICAL RECIPES, published every Tuesday.—(All rights to reproduce reserved by A. L. Wyman.)

YOUR BABY AND MINE

BY MYRTLE MEYER ELDRED

TRAINING INSTEAD OF PUNISHMENT NEEDED BY AVERAGE CHILDREN

Parents do not mean to be cruel but often they are very blind. They are so prone to think that punishments will correct anything, when all that the child may need is greater familiarity with just living or further training in the way that he should go.

We have in mind the mother who is humiliated by her small son of 2 years who has developed the slapping habit, and continually hits and bites his small playmates. Of course, this is humiliating, but if she punishes the child by slapping him, she merely shows him that she is stronger and not that we don't slap children whose company we expect to enjoy. The child cannot possibly understand why he can't slap a child if the parent slaps him, so that this sort of punishment increases the child's resentment and makes him even more of a slapper. Instead, the mother would teach him something of value if she promptly took him in the house when he began this unpleasant little game and let him see that he made himself disliked and deprived himself of playmates when he failed to act in a kindly spirit toward them.

Children lie, and still may not need punishment. They steal and may not need punishment. They run away from home and still may not need punishment. What they do need is to have their home situations readjusted so that there is no necessity for lies, or for stealing or for running away. Parents may be wrong, and should be willing to admit that they are. If they admit this much they are open to reason. They are willing to look for their own possible mistakes instead of assuring themselves that the child is the only one who can conceivably be wrong and therefore needs punishment.

A parent may be at fault and encourage a child to misbehave. In her endeavor to prevent such misbehavior she actually suggests it to him. Her fears are suggested thus: "Now, if you don't take a nap I'm going to punish you good," (whatever kind of a punishment a good one can be.) So the child goes to bed filled with the idea of not taking a nap, and in almost every case he won't, so impressed is he with the idea. Instead, had she said: "When you are through with your nap we'll go walking, or visit Susan or go and meet Daddy," the child goes to his bed imbued with the idea of finishing up the nap in order to rush into the extremely desirable situation.

If we keep children busy and happy and overlook their small errors of judgment, we won't find very many excuses for punishment. If we do find them misbehaving over and over again, deaf to suggestions and impervious to our wise training, then we may need punishments that teach them something, punishments that aren't just force and cruelty but punishments which deprive them of freedom or companions or rewards which they might have enjoyed had they acted more wisely.

A Preventive

If you have a long trolley ride ahead of you and you are inclined to become carsick, beat the white of an egg stiff, add the juice of one lemon and one teaspoonful of sugar, and take this before starting on your journey. See if it does not prevent that nauseating feeling.

SLAYING LAID TO "TRIANGLE"

Arnold Tells Story on Stand in Baab Murder Trial

Officer Declared to Have Threatened His Life

Widow Emphatically Denies Defendant's Testimony

Revealing how an asserted "triangle" ended last March with the shooting of Police Sergeant E. C. Baab, head of the vice squad at Georgia-street station, George S. Arnold yesterday took the stand in his own defense in Judge Hardy's court, where he is on trial on a charge of murder growing out of Baab's death.

Arnold is declared to have shot Baab in the kitchen of the latter's home just as a wedding anniversary party given by the Baabs was nearing conclusion.

"I heard Baab and his wife talking in the kitchen and he was threatening to kill me," said the witness. "When I went into the kitchen he made a pass at me and, believing he had his gun with him I fired in self-defense."

According to Arnold's story of the tragedy, he met Mrs. Baab several years ago and fell in love with her before he knew she was married. Later, he said, he learned she was a married woman and sought to break the relationship, but Mrs. Baab voiced affection for him and he was unable to do so. Arnold stated he helped the Baabs financially following their arrival in Los Angeles and that eventually the three of them rented a house and lived under the same roof for seven years.

Mrs. Baab, called late in the day as a rebuttal witness for the State, emphatically denied she ever had had an affair with Arnold. The State contends Arnold shot Baab through envy of the police officer's happiness.

Taking of testimony was concluded yesterday and arguments to the jury got under way, with Dep. Dist.-Attys. Richardson and Aggeler asking for the death penalty.

It is expected the case will go to the jury Monday.

LAND OFFER PRESENTED TO COUNCIL

Shea Proposition Turned Over to Committees for Consideration and Report

The offer of R. P. Shea, real estate operator, to deed approximately twenty-four acres of land to the city for park and street purposes, which has been informally discussed with several Council committees, was presented formally to the City Council yesterday by Councilman Randall. It was referred to the Public Works, Street Opening and Widening and Parks and Playgrounds committees, which already have given it their informal approval. They probably will present a joint report early next week, recommending that it be accepted.

Negotiations with property owners for the land necessary to build a road paralleling Cahuenga Pass on the east side of the Pacific Electric tracks led to Mr. Shea's offer. He has an option on a large tract of land through which the section of the proposed new road between Dark Canyon Road and Lankershim Boulevard would run.

Conditional on the city's bearing the total expense of the paving of the new road through this tract, Mr. Shea offers to deed to the city free an eighty-foot roadway through his tract on the east side of the Pacific Electric tracks and also all the land in his tract between the railroad tracks and Cahuenga Pass on the west, this land to be made into a public park.

Green Lantern Signalizes New Soda Service

Mayor Cryer will give a signal tonight for flashing on dozens of new green lanterns throughout the city, thus distinguishing a large group of Los Angeles drug stores which are to operate their soda fountains under this emblem.

The California Consumers' Company, one of the city's largest business concerns, is co-operating with leading druggists in this Green Lantern movement. A. V. Wainwright, president of the company, states that the idea is strictly a Los Angeles one, based on interviews with thousands of local women who were asked to express their views as to an ideal fountain. He added:

"Features of the Green Lantern fountain organization are experimental dietary kitchens and training school for fountain attendants. We are testing and revamping old fountain recipes and concocting new ones. We are teaching attendants how to prepare these drinks and foods and how to serve the public correctly."

A. H. Vossmeyer, president of the California Pharmaceutical Association, is chairman of the Green Lantern management committee for the druggists in this new movement.

Poster-Charge Trial Ordered

Charged with putting up campaign posters without a license to do so, Tom Godfrey was arraigned before Municipal Judge Bogue yesterday and after he had pleaded not guilty, his trial was set for the 19th inst.

Godfrey is accused by W. G. Murchison of the city license bureau of two city ordinance violations. According to J. M. Frye, proprietor of a building at 4875 West Washington, the campaign posters, which favored a candidate for Mayor who was defeated in the primaries, were put up on May 15 last.

MISS MYERS OBTAINS LICENSE

Marriage to Attorney Blum Nears

Lawyer and Screen Actress Who Will Become His Bride

CARMEL MYERS, motion-picture actress, and Ralph Blum, attorney, yesterday filed application for a marriage license. They are to wed the 9th inst., the ceremony to take place at noon at the new B'nai B'rith Synagogue, Wilshire Boulevard. Rabbi Magnin will officiate. In their application Miss Myers gave her age as 24. Mr. Blum is 35.

The engagement of the actress to Mr. Blum was announced by her in May, and preparations for the ceremony have been under way since.

Edith and Irene Mayer, daughters of Louis B. Mayer, Rosabelle Laemmle Bergeman and Bessie Love have been chosen for bridesmaids. Marco Hellman is to act as best man, and included among the ushers are Cecil Frank, Alvin Frank, William Seiter and Edward Justis Mayer.

The couple will have a short honeymoon at Monterey and San Francisco. On their return here Miss Myers will resume her picture career, she said.

Miss Myers began her film career in 1917. In July, 1919, she married Isadore Kornblum, lawyer and musician. She obtained a divorce from him three years later, charging desertion.

The bridegroom's father was Rabbi A. Blum, who long presided over B'nai B'rith. The bride's father was the late Rabbi Myers.

HOLLYWOOD EDUCATOR PROMOTED

Dr. Snyder Designated to be Director of New Junior College

Dr. William Henry Snyder, principal of Hollywood High School, will become director of Los Angeles Junior College when it is inaugurated, September 9, according to a recommendation approved by the Board of Education yesterday afternoon.

DR. WILLIAM H. SNYDER

Dr. Snyder is one of the oldest men in point of service in the Los Angeles City School District. He was the principal of Hollywood High School long before the screen capital was annexed to Los Angeles. His association with the district dates from 1912.

"I consider him one of the most outstanding educators in California," Frank A. Bouelle, superintendent of schools, declared yesterday, "and I am deeply gratified that he accepted the offer to head our new junior college."

After receiving his bachelor degree at Colby College, Waterville, Me., Dr. Snyder went to Harvard, where he was awarded a degree of Master of Science. Later he returned to Colby and there earned the degree of Doctor of Science. He is the author of several text books.

The recommendation that confirmed his appointment as director of the new junior college also established the name of the institution as the Los Angeles Junior College. It will open next September at the present site of the University of California at Los Angeles on Vermont avenue.

Night Court to Have New Judge

Friends of Municipal Judge William B. McConnell last night gathered in the night court to bid farewell to the jurist, who concluded his occupancy of that bench after having presided there since the court was established. With Mrs. McConnell, he expects to leave next week for a month's vacation in Honolulu.

Deputy City Prosecutor Ford Jack made a speech, expressing the appreciation of all who have been associated with Judge McConnell in the night court and wishing him a pleasant vacation.

Municipal Judge Tom Reed of Division 10 will take Judge McConnell's place on the bench tonight.

CHARGE MAY BE CHANGED IN SHOOTING

Butcher Near Death from Wounds But Woman Can Give No Explanation

Detectives investigating the shooting of Herman Pfirrman, proprietor of a meat-market at 5723 South Broadway, last night prepared to change to manslaughter the charge against Mrs. Mary Dallas of 314 West Fifty-seventh street, accused of assault with a deadly weapon, as they learned from surgeons at St. Vincent's Hospital that the injured butcher momentarily was expected to die.

A semicomatose condition in which she remained all day in the psychopathic ward of the General Hospital, to which she was committed after the shooting, made it impossible for Mrs. Dallas to shed any additional light on the mysterious circumstances surrounding the assault. Detectives waited in vain near her bedside in the hope that during a moment of lucidity she would be permitted to answer their questions.

Thus far the woman's husband, Fred Dallas, is the only person who has given the officers an inkling of the possible motive that impelled Mrs. Dallas to step up to Pfirrmann, as he stood in front of his shop last Wednesday night, and fire two bullets, one into his abdomen and the other into his arm. He stated his wife for years has suffered from hallucinations and that recently she complained to him that she was under hypnotic spell of a man from whom she had sought relief from her nervous condition.

PUBLISHER'S LAST RITES TO BE TODAY

J. S. Daley, Sr., Retired in 1926 from Ownership of Eagle Rock Paper

Funeral services will be conducted at 3 p.m. today for James Sylvester Daley, Sr., former newspaper publisher of Eagle Rock and of Texas, who died Thursday night at his home in Topanga Canyon, Santa Monica. Rev. E. Morgan Isaac of Eagle Rock will conduct the services at Brown Brothers' chapel, 935 West Washington street, followed by entombment at Angelus Abbey Mausoleum.

Mr. Daley was born in Texas fifty-seven years ago. He published the Dublin Progress at Dublin, Tex., for thirty-five years and was Mayor of that city. He was a member of the Texas Press Association for a quarter of a century. He came to California in 1923, becoming publisher of the Eagle Rock Recorder-Sentinel, and continuing in that capacity until 1926 when he retired. He was a Thirty-second Degree Mason.

He leaves his widow, two sons, James S. Daley, Jr., who succeeded him as publisher of the Record-Sentinel; M. O. Daley, connected with the Beverly Hills Citizen, and four daughters, Mrs. George H. Wray, Mrs. Harold Sandesen, Manon and Dorothy Daley.

Twenty-seven Taken in Raid at Labor Temple

A raid on Labor Temple Annex last night resulted in the arrest of twenty-seven men booked as gamblers. Detective Lieutenants Kearny, Weir and Bertram conducted the raid on an anonymous tip to the effect that a card game started every Friday night, continuing through each week-end.

The tipster complained that workingmen dropped hundreds of dollars each week-end, and accused two men of conducting the game. One, who was taken prisoner on a gambling charge, denied this, but according to Lieut. Kearney admitted taking a "cut" to pay rent. The prisoners were taken from Room 110, in an annex of Labor Temple at 536 Maple avenue, known as Hod Carriers Hall.

COUNCIL ASKS BONDS VICTORY

Resolution Passed Inviting Electors' Support

Proposal Objected to by Three Members

Opinion Holds Body Already Has Indorsed Them

After a spirited discusion, the City Council yesterday adopted a resolution presented by Councilman Hall which urges the voters to approve the $22,500,000 water bond and $17,500,000 power bond issues at Tuesday's election. The vote was 9 to 3, the three negative votes being cast by Councilmen Davis, Webster and McAllister.

Councilmen Davis and Webster made it plain before the vote was taken that they are in favor of the water bonds, but are opposed to the power bond issue. They endeavored to obtain a division of the question so that their votes would reflect this attitude, but President of the Council Bonelli ruled that the resolution must be voted on in the form in which it was introduced.

Councilman McAllister's objection to the resolution was based upon the argument that it is improper for the City Council to "tell the citizens of the city how they should vote." He said that personally he is in favor of both bond issues, but feels that the voters themselves must decide whether the bonds should be voted.

THE RESOLUTION

The text of Councilman Hull's resolution follows:

"Resolved, that the Council of the city of Los Angeles recognizes the urgent need of the department of water and power for the water bonds and power bonds to be voted on as Propositions 1 and 2 on the ballot at the coming election. Our population has been and is still growing at a rapid pace. Water and power are fundamental. In order that our prosperity may be insured, these essential commodities must be provided in sufficient amount to meet the needs of the people.

"Therefore, the Council strongly urges the people of this city to rally to the support of Propositions 1 and 2, and thus testify their loyalty to the best interests and future welfare of Los Angeles."

Councilman Hall moved adoption and Councilman McAllister stated his objections to the resolution even being considered. Hall argued that it is an entirely proper function of the Council to advise the citizens on their attitude toward important civic matters.

Councilman Davis agreed but urged an opportunity to vote separately on the indorsement of each issue, being opposed, he said, to the purposes for which it is proposed to use the power bonds.

Hall, Alber, Jacobson and Randall led the battle for indorsement. Councilman Lewis charged that employees of the water and power department are working to defeat him for re-election from the Eighth District. He said these city employees are advising the voters in this district not only to support the bond issues but also to elect James R. Gentry, his opponent in the Councilmanic race. He resented this particularly, he said, because he is in favor of the bond issues himself.

ALREADY INDORSED

Councilman Hall replied that this is no worse than the action of "gas company employees in conducting a joint campaign for the defeat of the bonds and for the election of my opponent, Mr. Werner, as City Attorney."

President Bonelli pointed out that by unanimously adopting the resolutions of necessity which were required to place the bond propositions on the ballot the Council already had gone on record as favoring both issues. Councilman Davis replied that this was a mere formality to allow the people to vote on the matters, and Assistant City Attorney Patten, who was present, was asked for an opinion as to whether the Council's adoption of these resolutions was not tantamount to an indorsement of the bond issues. He replied that by adopting the resolutions the Council did in effect approve the two bond issues. This opinion closed the discussion and the vote was taken.

TWO FREED IN $10,000 STOCK CASE

Alhambra Treasurer and Los Angeles Broker Not to Face Embezzling Trial

Charges of embezzlement against Edwin G. Dessieux, Alhambra City Treasurer, and E. W. Chapin, broker of 520 South Kingsley Drive, were ordered dismissed yesterday by Municipal Judge Ballard at the close of their preliminary hearing. The court held that there is not sufficient evidence to warrant trial.

Dessieux and Chapin were accused of misappropriating $10,000 in funds of the Professional Service Acceptance Corporation, of which they are president and vice-president, respectively. The funds were to be used, according to Dep. Dist.-Atty. Blalock, for a stock issue for a subsidiary corporation, but when a permit to issue the stock had been issued, it was discovered that the money had been spent.

Judge Ballard held that the corporation, and not the two men as individuals, had charge of the money.

ROGERS FLYING HERE AS GUEST OF MAGEE

Local offices of the Curtiss Flying Service yesterday received word that Will Rogers, comedian and philosopher, is the flight guest of J. V. Magee, vice-president of Transcontinental Air Transport, on a westward air jaunt. They are scheduled to leave Indianapolis at 8:05 a.m. tomorrow on an inspection tour of the lines, heading for Los Angeles.

SERVICES PLANNED IN BOWL

Thousands of Shriners Worship Outdoors in Hollywood Amphitheater Tomorrow

Hollywood Bowl, world-famous as the home of outdoor symphony concerts, pageants, plays and Easter sunrise services, will be the scene of one of the greatest religious services in the history of Los Angeles at 3 p.m. tomorrow when thousands of Shriners and their friends will gather to listen to addresses, prayers and hymns. While the Shriners will be honored guests, the public is invited and it is expected that a crowd as great as any that has ever attended a sunrise service will fill the seats of the vast amphitheater.

Featuring the program will be an address by Imperial Potentate Frank C. Jones of Arabia Temple, Houston, Tex., and Dr. H. C. Culbertson, president of the Los Angeles Ministerial Association. Dr. Culbertson's subject will be "Our Faith in the Living God." Dr. William E. Roberts of West Adams Presbyterian Church and Dr. Harold Griffis of Wilshire Boulevard Christian Church also will participate in the services. The musical program will include selections by massed bands, hundreds of Shrine chanters and the choir of First Congregational Church, directed by John Smallman.

Shrine chanters from various parts of the United States also will be heard at many Los Angeles churches tomorrow morning and evening. Selections by the Shrine Chanters of Al Malaikah Temple will feature the services at First Methodist Church tomorrow evening. At First Unitarian Church in the evening a program will be given by the male quartet of Hella Temple, Dallas, Tex. Chanters of Akdar Shrine, Oklahoma, will be heard tomorrow evening at Hollywood Congregational Church. At Immanuel Presbyterian Church the chanters of Zenobia Temple, Toledo, O., will sing in the evening and the Al Malaikah chanters will be heard at the morning service.

The Nile chanters from Seattle will be heard in the evening at Messiah Congregational Church. Tomorrow evening the Moslah Shrine chanters from Fort Worth, Tex., will give a program at Wilshire Boulevard Christian Church. The Moslem Shrine chanters from Detroit, will sing in the evening at Wilshire Presbyterian Church. The Zurah Shrine Temple Chanters of Minneapolis will give a concert tomorrow evening at Rosewood Methodist Church, Rosewood avenue and North New Hampshire street.

CHEVALIER IN "LOVE PARADE"

Lasky Announces Operetta for French Star

Lee Tracy, New York Actor, Goes With Fox

Barbara Luddy Will Travel to Australia

BY GRACE KINGSLEY

It was just bound to happen with the introduction of music on the screen—the production of original operettas.

MAURICE CHEVALIER

And probably the most important announcement of the Paramount year was made yesterday when Jesse L. Lasky announced that his organization has launched a raid on the French musical-comedy stage, as well as that of Broadway, and on Hollywood, in order to bring to the screen the first original talking-picture operetta, "The Love Parade."

"In the first place, "The Love Parade" is to be the next vehicle for the fascinating Maurice Chevalier. In the second place, Ernst Lubitsch will direct it.

And this is by no means all. The female talent and pulchritude will be furnished by Jeannette MacDonald, flaming-haired and vibrant star of "Angela" and other Broadway musical extravaganzas, who is to be featured along with the singing Chevalier. She was signed yesterday in New York, and will leave for Hollywood within a fortnight.

As if this were not enough, it also is known that this trail-blazing film production will have a libretto by Guy Bolton, author of "Sally" and innumerable other Broadway hits, with lyrics by Clifford Grey and music by Victor Schertzinger.

And just in order to insure the fact that nothing will be omitted to make the production one of the most noteworthy to issue from Paramount studios, it is announced that the story is by Ernest Vajda, based on "The Prince Consort," European stage success by Leon Xanrof and Jules Chancel.

The production will be many months in the making, and nothing is to be left undone to complete the attractiveness of the musical screen feature.

"Many artists of note besides the principals named will be engaged for the cast," said Mr. Lasky, "and we feel that the tremendous combination of talent which will aid in the making of the production cannot fail to result in a successful picture."

"BROADWAY" HOOFER SIGNING WITH FOX

If there is a star left back in New York, I'd like to know who it is.

W. R. SHEEHAN

The latest luminary annexed by Fox is Lee Tracy, original hoofer in "Broadway," according to the announcement yesterday by Winfield Sheehan.

Tracy will leave New York within the next two weeks, and when he arrives will go to work almost at once in "Big Time," a story of vaudeville and behind the scenes in Hollywood.

Others who will appear in the cast in important roles are Richard Keane and Farrell Macdonald.

The director is not yet ready to announce, nor has a leading lady been chosen, but Fox officials announce that the picture will be one of their most important for the coming year. Its sequences will be ornamented with color photoplay, and will be replete with music and songs written especially for the production.

Lee Tracy has appeared in many musical comedy productions, and is also known to vaudeville.

Barbara Luddy to Australia

When Leo Carrillo appears in "Lombardi, Ltd.," in Australia, he will take no chances that the actress who plays the most important feminine role in the picture, that of the piquant little Daisy, is not fully up to the part.

Barbara Luddy

Barbara Luddy is to play the role, just as she did in Los Angeles and at various theaters on the Coast during the past two years.

The company is leaving within a week, and on Thursday Miss Luddy is giving a farewell tea for her friends at her Hollywood home.

John Holland With King

When Henry King starts production on "Caribbean Sea," for Inspiration, he will have as his leading man no less effective and engaging an actor than John Holland.

Holland played the leading male role in the Halperin Brothers' production of "She Goes to War," not yet released, but which, seen in preview, gives the impression that the young actor will find a great place for himself in the talking pictures. King apparently is of that mind, since he also directed "She Goes to War."

Carlyle Blackwell Here

Doubtless you remember thrilling, crying and laughing with Carlyle Blackwell, when he was on the screen, and maybe you wonder what has become of him.

Just at present he is in Hollywood for the avowed purpose of visiting his children. Blackwell was divorced from his former wife, the mother of his two children, and when he went abroad about seven years ago, met and married a wealthy European woman.

NIGHT LIFE PORTRAYED IN PICTURE

"Broadway" Will Appear at the Biltmore After Close of "Show Boat"

Universal's pretentious production effort, an all-talking, dancing and singing screen version of the sensational New York stage play, "Broadway," will be given its western premiere at the Los Angeles Biltmore Theater, the 17th inst. The opening will follow close upon the termination of "Show Boat," which opens its fifth week at the Biltmore tomorrow, and which is scheduled to close the 16th inst.

"Broadway," as picturized by Universal, features Glenn Tryon, Evelyn Brent and Merna Kennedy in the principal roles. It was directed by Dr. Paul Fejos and represents an expenditure of more than $1,500,000, it was announced.

Elaborate preparations are now being made for the gala premiere Scores of stage stars, lights and grinding cameras will attend the event.

Glenn Tryon, as Roy Lane, the young "hoofer" of the Great White Way, and Merna Kennedy, as Billie Moore, his partner, give finished performances, carrying throughout the drama of the underworld plot the thread of a tender love story. Evelyn Brent is Pearl, the revue girl avenger of her murdered gangster lover, and Thomas E. Jackson and Paul Porcasi repeat their parts of Dan McCorn, the detective, and Nick Verdis, the cafe proprietor, which they played throughout the New York run of the play.

Robert Ellis, as Steve Crandall, the "heavy," is well cast in a role which calls for many very difficult scenes, and Otis Harlan and Marion Lord, in the comedy characterizations, supply lighter moments most satisfactorily. The rest of the cast is reported equally good, and scenes of chorus girl life are carefully done.

Aside from the ever-increasing tempo of its drama and the sympathetic unfolding of its love theme, perhaps the greatest achivement of "Broadway" lies in the manner in which the distinctive atmosphere of the New York "bright belt" has been transferred to the screen. The artistry of this together with the sound effects achieved, make the illusions close to perfect, it is said.

Upright Bearing of Actor Noted

The strict military bearing that is so apparent in William Bakewell's appearance in "On With the Show," the all-talking technicolor picture now showing at the Warner Brothers' Theater, is said to have caused comment.

Nattily dressed in an usher's uniform that is greatly accentuated by his West Point carriage, the young actor goes through his paces with the tact and precision of a regular army soldier.

Four years of strict discipline at one of the country's largest military schools enables Bakewell to assume this bearing. Even when he appeared as leading man opposite Alice White recently in "Hot Stuff," critics were favorably impressed with the snappy appearance of Bakewell.

This has directly resulted in hundreds of youngsters throughout the country writing Bakewell asking what formula of exercises he performs in order to develop his physique and military carriage.

Incidentally, as a reward for his performance in "On With the Show," Bakewell has been signed to appear in four more Warner Brothers' talking pictures this year. A midnight matinee will be given tonight in connection with "On With the Show."

Stage Players in New Talkie

New York stage players make their talking film debuts in both the current feature and comedy at the United Artists Theater.

"Alibi," all-talking feature, includes in the cast the following stage favorites: Chester Morris, Eleanor Griffith, Regis Toomey, Ira Harrison and Purnell Pratt.

James and Lucille Gleason also make their talkie debut in "Meet the Missus," a two-reel comedy of vaudeville life.

In addition to the New York players, the feature cast includes Pat O'Malley and Mae Busch, both having their first speaking roles in "Alibi."

Others on the program who are new to the talkers are a group of supercollegiate cartoon characters in a talking and singing novelty subject.

CHILDREN PARADE AT ANNUAL BEACH EVENT

Vying with each other in picturesque masquerading effects, over 1400 children will participate in the tenth annual Kiddies Floral Parade to be held at Ocean Park, Sunday, when this event of the beach season is staged under the direction of Mrs. Earl Fraser.

Hollywood will be represented with its child stars in the Pageantry of Childhood, in charmingly designed floral floats entered by the studios. The route of the parade will be on Ocean Front from Brooks avenue to the Municipal Auditorium.

SHRINERS WILL SEE JOYZELLE IN SHOW

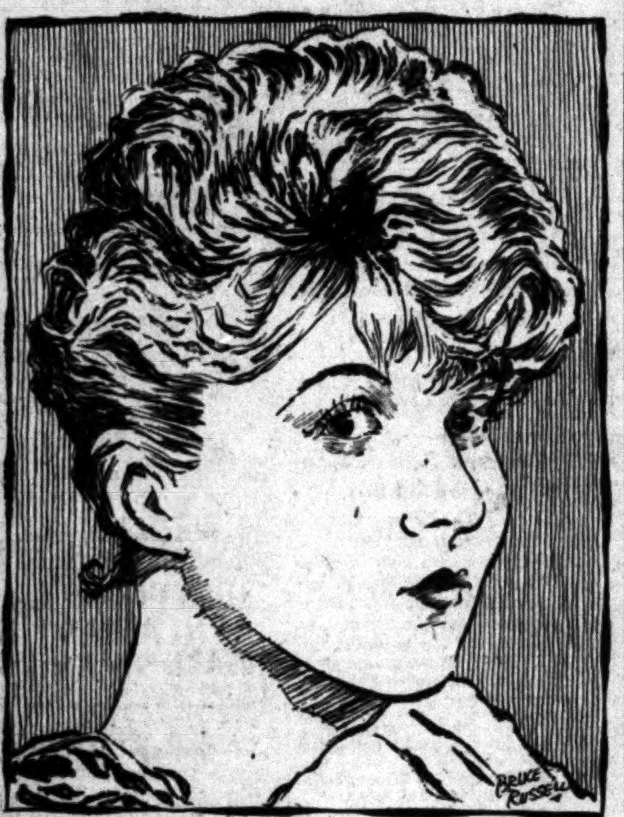
Joyzelle, often referred to as "the darling of the Shriners" because she has danced before them on many occasions, has been added to the Fanchon & Marco stage show this week at Loew's State as a special honor to the visiting delegates.

Miss Joyzelle is one of Fanchon & Marco's prize dancers, and it has been said that she starts in where Gilda Gray leaves off.

Thirty-two dancing beauties are also in the "Idea," which is called "Rhythm," headed by Rube Wolf and the band.

A talking picture, "His Captive Woman," features Milton Sills and Dorothy Mackaill.

Household Troubles Aired



Belle Bennett

Returns to the stage at El Capitan Sunday in "Dancing Mothers," after an absence of five years from the footlights. She plays the role of Ethel Westcourt, the mother.

FOX FOLLIES TOP RECORD

"The Fox Movietone Follies of 1929," during its first week at the Fox Criterion which ended yesterday, broke the "In Old Arizona" first-week record. This is considered by the theater a real triumph, for "Arizona" broke all the longstanding records at the Criterion during its run.

The success of the Fox Follies is attributed by showmen to several factors, among them the unusually large number of song hits, the number of headliners from Broadway and the speaking stage, the numerous changes of scene, the color episodes, the appeal of the large number of "young ladies of the ensemble," as well as the snappy assortment of specialty, dancing and musical numbers.

Sue Carol scores an outstanding individual hit. Comedy honors go to Stepin Fetchit, generally acknowledged the successor to the late Bert Williams. Fetchit's lazy, drawling wit have made him a box-office attraction of an outstanding type.

Materially adding to the attraction of the Fox musical revue are the other talking-picture novelties, including "Railroadin'," which marks the debut of the Roach rascals in their first talking picture.

Gaynor Voice Debut Arouses Keen Interest

Judging from the amount of interest already manifested in the forthcoming western premiere of F. W. Murnau's Movietone production, "Four Devils," scheduled to occur at the Fox Carthay Circle Theater the 10th inst., the public as well as the stars and players of Hollywood's motion-picture world all are determined to be on hand to hear as well as see Janet Gaynor, who makes her debut as a talking star in this production.

Theater officials who have had the privilege of previewing this unusual feature declare that Miss Gaynor has a real "voice with a soul," and predict that she will win further honors in the new medium of screen expression.

Mary Duncan, Nancy Drexel, Charles Morton, Barry Norton and Farrell Macdonald are other featured players in the large cast.

More than a year and almost $1,000,000 were expended on this production, and thousands of players appear in its spectacular sequences.

Carli Elinor, new managing director of the Circle, is preparing a surrounding program for his first gala premiere. This will include a concert program by his orchestra, including his own specially arranged fantasy, "Rhapsodie Espanol."

Ingenue Starts on River Boat

Effie Afton, ingenue in the Rachel Crothers comedy, "Let Us Be Gay," now entering its fourth week at the Mayan Theater, played her first theatrical role at the age of 8 with a show boat troupe that rode the waters of the Ohio River. Miss Afton took child parts upon the placid and sometimes stormy waters of the Ohio, in such plays as "East Lynne," "The Fatal Wedding," "The Two Orphans," and "Blue Jeans." Then her folks transferred their histrionic efforts to a little stock company in Steubenville, O., where Miss Afton appeared in two plays a week.

One stormy night the power plant was affected and Effie had to sing improvised songs in the dark to keep the audience pacified. The show boat was evidently good training, because at the age of 14 Miss Afton became the ingenue in the New York production of "As You Were" and has been on Broadway in such productions as "Seventh Heaven," "Pigs," "Tenth Avenue," "Excess Baggage" and in "Night Hostess."

She is a sister-in-law of John Golden, having married David Golden.

WALLACE ADDS ANOTHER

Another box-office winner can now be added to Richard Wallace's long list of successes, recently augmented by "The Innocents of Paris." According to reports, B. P. Schulberg and his subordinate executive waxed enthusiastic after seeing the first rough cut of Wallace's latest directorial effort, "Magnolia," an all-talking opus, starring Buddy Rogers.

JEVNE PREDICTS

The perfection of the third dimensions in talking pictures will mark the zenith in the world of screen entertainment, according to Jack Jevne, Pathe scenarist. With the fulfillment of this dream, Jevne avers, the public's interest in motion pictures will be permanently assured.

Play Will Run Another Night

Owing to the brevity of the engagement and the demand for seats, the last performance of "Night Hostess" at the Belasco Theater will be given Sunday evening instead of tonight.

Immediately after leaving the Belasco, Ruth Lyons, Bryant Washburn, Isabel Withers and the company of forty will depart for brief engagements in San Diego and Santa Barbara, to be followed by a longer run in San Francisco.

David Belasco's production of "The Bachelor Father," with June Walker C. Aubrey Smith and Gregory Kerr, will begin a limited engagement at the Belasco Theater on Monday evening. "The Bachelor Father" is the first original David Belasco production to be seen in Los Angeles in many years.

HARDY, BELASCO "FIND"

Sam Hardy, who plays the producer in "On With the Show," showing at Warners' Theater, might be called a David Belasco "find." Fresh from the New Haven law school and later, a dramatic school, Hardy won what he called a "silent picture" role in Belasco's "Sweet Kitty Ballairs," and a pay check of $8 per. In order to eat occasionally, he became a model for Harrison Fisher, Dana Gibson, Henry Hutt and others and raised the "ante" about $25 or so. His last engagement on Broadway was as male lead for three years opposite Lenore Ulric in "Kiki," a Belasco production.

PRODUCER TO OFFER NEW STAGE PLAY

'Paris Bound' Will Follow the Current Melodrama at Music Box

Having successfully launched his new policy of New York hits at a bargain price scale, O. D. Woodward, Hollywood Music Box producer, has obtained west coast rights of "Paris Bound" for the attraction to follow "Dracula," which ends its run the 8th inst.

"Paris Bound" was considered one of the few genuinely smashing hits last season on Broadway. It stayed on top of the nonmusicals for more than a year at a good business, and when it was recently withdrawn it showed one of the greatest profits ever recorded by a comedy-drama.

"Paris Bound" was authored by Phil Barry, whose other hit among the current successes is "Holiday."

A careful survey of the stage talent is being conducted by the veteran producer, who is shaping a special production for the piece. Casting will be completed by Monday and rehearsals started immediately.

Coburns Start Rehearsal for Oriental Play

Members of "The Yellow Jacket" company have been arriving from New York during the last two weeks by train, ship and automobile and now being all assembled, Charles Coburn has started rehearsals at the Figueroa Playhouse, where the play will begin a two weeks' engagement on the 7th inst.

Mr. and Mrs. Coburn, who recently terminated their third long New York run in the Hazelton-Benrimo drama of the Orient, head the cast. Arthur Shaw, who created the role of the property man, and Schuyler Ladd, the original Wu Fah Din, will be seen in their respective parts.

Others in the company are Mary Hutchinson, Ethel Morrison, Frank Peters, Fairfax Burgher, Eugenia Webb, Kenyon Bishop, Barbara Jo Ellen, Jeoffrey Wardwell, Boyd Irwin, George McDaniel, Margery Hast, Katheryn Prather and Marjorie Lane.

Jazz King Will Take First Bow in Three Years

Paul Whiteman, "King of Jazz," and his orchestra, will appear for Alexander Pantages in Los Angeles on the 15th inst., this being his first effort on the Coast in three years and the only one before commencing work on his first all-talking picture which will be filmed under the title of "The King of Jazz." It comes from the pen of E. T. Lowe, author of the film version of "Broadway," and is founded on Paul's own life, tracing his career from the Barbary Coast to Carnegie Hall.

Whiteman is carrying his orchestral caravan, consisting of thirty-odd musicians, a manager, a secretary, a complete stage crew, a piano tuner, a valet and himself.

To accommodate the troupe it is necessary to travel in two special cars with a sixty-foot baggage car attached for good measure.

"LETTER" AT ALHAMBRA

Lazarus's Alhambra Theater is now showing "The Letter," with Jeanne Eagels, in her first all-talkie picture. A letter written by a love-hungry woman is the plot on which the play hinges. In her part as the wife of the plantation manager's wife, Miss Eagels gives a finished performance. O. P. Heggie, Reginald Owens and others, support the actress in "The Letter." Added features are "Music Hath Charms," Eddie Peabody and his banjo, and "False Alarm Fire Company," also Fox Movietone News.

TRIAL OF KEYES AIDES DEFERRED

Davis and McKay Pleas Win Postponement

Former's Hearing 24th Inst., Latter's July 1

Attorneys of Accused Pair on Other Cases

The trials of Harold L. (Buddy) Davis, former chief deputy under former Dist.-Atty. Keyes, and Donald McKay, chief trial deputy under the same administration, were continued yesterday by Superior Judge Wilson.

McKay's trial was set for July 1, next, and Davis's was fixed for the 24th inst. Both defendants obtained the continuance on grounds that their attorneys are engaged in other trials.

McKay is accused of accepting money from A. I. Lasker to dismiss certain felony charges that were pending against him. Davis is charged with accepting a bribe of $7500 to "control and direct" the prosecution of the Julian cases in favor of E. H. Rosenberg.

These charges were brought by the Los Angeles county grand jury following a statement made by Ben Getzoff, Spring-street tailor, who was convicted of bribery charges with former Dist.-Atty. Keyes and Rosenberg. Getzoff, however, was granted probation, while the other two defendants were sentenced to State's prison. Keyes and Rosenberg have appealed their cases and now are awaiting a return from the higher courts.

CHIROPODIST CHIEFS FOR YEAR NAMED

Annual Convention Here Featured by Dinner-Dance With Throngs Present

Officers for the ensuing year were elected yesterday at the second day's session of the tenth annual convention of the California State Association of Chiropodists at the Mayfair Hotel. Yesterday's program also was featured by the annual dinner and dance in the Mayfair ballroom with nearly 1000 persons present.

Dr. H. J. Reigelhaupt of Oakland was chosen president of the State association for the year and Dr. George W. Scherer, Jr., second vice-president, was named first vice-president. Others elected are: Second vice-president, Dr. Edith Potts Jackson, San Francisco; third vice-president, Dr. F. S. Schleicher, Los Angeles; secretary and treasurer, G. Earle Whitten of Oakland.

Director are: Drs. Vera Williamson, Oakland; R. B. Ham, San Francisco; Alma P. Daldy, San Francisco; H. B. Banks, Oakland; N. Zuardo, San Francisco; Terry Kelley, San Francisco; L. D. Bucher, C. R. Hannoch, George Scherer, Sr., and Emma Anderson, all of Los Angeles.

Dr. George W. Scherer, Jr., was named delegate to the national convention at Buffalo in August.

Business sessions were completed early yesterday afternoon and the balance of the day, up until dinner time, was devoted by the 400 delegates to visiting and sightseeing. Dr. D. F. Kimball of Los Angeles, retiring president of the association, presided as toastmaster at the annual banquet.

Today, the final day of the convention, will be given over to clinics and lectures, with a large number of the outstanding chiropodists of the State participating.

PROPOSED PLAN TOLD BY PARRISH

Tentative Outline for New City Health Center Given by Head of Work

Dr. George Parrish, city health officer, outlined a tentative plan yesterday for the proposed new health center which will be built in the event that the $1,000,000 bond issue is favored at the election next Tuesday.

According to Dr. Parrish, approximately $225,000 of this will be spent for the purchase of a site, and the balance for a health center which will contain the following:

Maternity, tuberculosis and child-welfare clinics arranged in such a manner that these various groups will be entirely separated.

Large and sanitary waiting-rooms.

Individual and well-equipped examination rooms.

Play rooms for children whose mothers are attending clinics.

An auditorium for lectures, instructions to mothers and student nurses and staff meetings.

Large, light, expertly equipped laboratories for bacteriological and chemical examinations.

Centralized general offices where the public calling at the department in connection with housing and industrial problems, quarantine, food inspection, permits, birth and death records, etc., may conveniently and expeditiously be served.

"Los Angeles, with a population of 1,360,000, has no modern health center," said Dr. Parrish. "Its Health Department is housed in an old office building which is in the way of the new City Hall and Civic Center improvements, and must be removed.

"The vital necessity of a new center as outlined in my plan should be urged upon the people of Los Angeles so that, by their vote on the 4th inst., they may enable the Health Department to keep pace with the demands of our growing population."

LADY HEATH ENDS PLANE JAUNT HERE

British Aviatrix Makes Air Trip from East in Interest of Motor Sales

LADY MARY HEATH

Lady Mary Heath, British aviatrix, landed her little Avro Avian biplane at Clover Field yesterday afternoon, completing a thirty-day zig-zag flight across the United States.

With Lady Heath was Marvel Crosson, San Diego girl flyer who set a new world's altitude record last Tuesday.

The two aviatrices took off from Lindbergh Field in San Diego with Miss Crosson at the controls.

"I had lots of trouble coming across because there is nothing on the best maps you can get besides a few railroad lines," Lady Heath complained. "The location of airports is poor on them and it's mostly luck if you hit where you're aiming."

Lady Heath took off an hour before dawn yesterday from Tucson, Ariz. She landed at San Diego and visited the Ryan plant there and then brought Miss Crosson to Los Angeles.

"Try to break Marvel's record? No. I'm getting too old to go in for that sort of thing any more," she said. "My main object in life is to sell motors and my flying is strictly on a business basis."

During her 6000-mile flight Lady Heath said she visited forty-four airplane manufacturing plants. She reported a tremendous interest and development throughout the nation in aircraft design and construction.

A crowd of local flyers and aircraft distributors gathered at Clover Field to welcome Lady Heath.

Maj. Carl Spatz, leader of the Question Mark flight, shot on to the field in a fast pursuit plane shortly before Lady Heath and Miss Crosson landed. He also had flown up from San Diego.

Lady Heath intends to remain at the Ambassador for at least a week. She turned the Avro over to Russell W. Simpson, California Avro distributor, who has purchased the plane.

The British woman attained international aviation recognition in 1926 when she completed the first flight from Capetown, Africa, to London. The same year she set the women's altitude record with a hop of 18,000 feet. Miss Crosson believes she went 24,000 feet on Tuesday.

LOCAL MAN HONORED BY STATE BODY

J. R. Douglas Elected as President of Economic Research Council

J. R. Douglas, assistant vice-president of the Security-First National Bank of Los Angeles, yesterday was elected chairman of the California Economic Research Council at a meeting of that organization at the Alexandria. Mr. Douglas succeeds Dean W. E. Hotchkiss of the school of business, Stanford University.

J.R.DOUGLAS

Other officers chosen at the annual meeting yesterday are Dr. C. B. Hutchison, director of the Giannini Foundation of Agricultural Economics, University of California, vice-chairman, and H. F. Ormsby, director of research, California Development Association, re-elected secretary.

Following a meeting of the executive committee in the morning, open sessions began with a luncheon and continued throughout the afternoon. Speakers were Dr. Horace Sacrist, director of research for the special commission on economics, Claremont College, who spoke on "Some Aspects of Banking Processes in California;" Prof. W. L. Crum, graduate of the school of business, Stanford University, "The Return on Corporate Capital," and Edward Hyatt, Jr., State Engineer, "A Study of California's Water Problem."

All committee chairmen who have served during the past year were renamed to serve for another year. Mr. Douglas, who was chosen chairman, served as vice-chairman last year and succeeds Dean Hotchkiss in the chairmanship of the council.

The California Economic Research Council was formed in 1926 to provide a single, State-wide agency for the solution of industrial, commercial and agricultural problems arising in California. It is the clearinghouse for approximately 125 agencies representing universities, government, trade and private organizations and works in co-operation with the California Development Association.

FATHER SEEKS LOST SON

In the belief he may have come to Los Angeles, a distracted father of Jackson, La., yesterday requested The Times to publish a description of his 16-year-old son, who disappeared from his home there on May 22, last, and has not been heard from since. The boy's name is Clifton L. Spillman. He is five feet seven inches in height, weighs 126 pounds, is blind in the left eye and has a scar on his cheek under the right eye.

POLICE PLEA MADE

A request for an appropriation of $200 to send two representatives of the police department to the meeting of the International Association for Identification at Oakland from the 11th to 14th inst. was made to the Police Commission yesterday by Chief Davis.

GRIFFITH DREAM TO COME TRUE

Greek Theater Construction Bids to Be Asked

Outdoor Playhouse Setting Called Magnificent

Site Near Vermont-Avenue Entrance to Park

Senator Louis H. Roseberry, vice-president and trust manager of Security-First National Bank, announced yesterday that the trust department soon will advertise for bids for the construction of the Greek Theater in Griffith Park, provided for in the will of the late Col. Griffith J. Griffith. It is expected work will be started by midsummer and completed in about a year. A building permit already has been granted.

Rivaling the Greek Theater of the University of California at Berkeley in beauty and the Hollywood Bowl and the Pilgrimage Play Theater in acoustics, the theater will have a seating capacity of 5000.

Set amid the oak trees of a natural amphitheater, the outdoor playhouse will be located at the head of Vermont Canyon above Los Feliz Boulevard, about 300 yards from the Vermont-avenue entrance to Griffith Park.

DELAY AIDS PROJECT

Col. Griffith left $100,000 in his will for the construction of the theater. Legal and business entanglements arising from a probate of the estate have delayed until this time the erection of the theater. Under the rather explicit terms of the bequest, and with the mounting costs of construction, the Security Bank as trustee found it impossible to build the playhouse planned by the donor's architect with the amount provided. Increased building expenses since Col. Griffith's death will necessitate an expenditure of $185,000. Twenty thousand dollars of accumulated interest and an appropriation of $65,000 by the city from park board funds will make up the difference.

Van M. Griffith, a son of the colonel, as president of the Park Board, will play a large part in seeing the donor's dream fulfilled.

TERRAIN ADAPTED

So well adapted is the terrain in Vermont Canyon, that scarcely any grading or excavating will be necessary before concrete is poured for the base of the seats for the theater. The stage structure, which likewise will be of concrete, will be pure Greek Doric in design and will present a monumental facade to the passerby from every point. It will have a basement and first and second floors. The exterior will be left in the natural concrete texture, brushed to an even surface. The roof, which is gabled, will be covered with glazed terra-cotta tile of Greek design.

The basement will provide dressing and rest rooms for players. The first floor will have an open-air stage, 110 feet wide by forty-eight feet deep; two scenery rooms, two business offices, a reception lobby and two rest rooms. The rooms are so arranged as to give immediate access to the stage. On the second floor there will be two rehearsal rooms, rest rooms and accommodations for an organ.

SPACE FOR AUTOS

Part of the section under the orchestra pit and amphitheater will be used for parking automobiles of the participants in the perofrmance. Accessible parking space for the audience will provide room for 5000 cars. One of the notable features will be the ability of the audience to look directly up to Mt. Hollywood as well as to look down to the stage.

After the completion of the theater it becomes the property of the city and will be operated under the general direction of the Park Board.

Col. Griffith, a notable figure in the early development of the city, died in 1919. He came to Los Angeles in 1873 and ten years later purchased the Los Feliz Rancho of 4000 acres and stocked it with sheep and cattle. As a Christmas present to Los Angeles he deeded the city 3015 acres of this historic rancho in December, 1896, as a public park. By a subsequent gift deed the colonel added twenty-four acres. The present extent of the park is 3751 acres, additions having been made by purchase and deed from the Water Department of the city.

Auto Record Believed Set by Angelenos

A new transcontinental automobile record is believed to have been established yesterday when Babe Hutchings, 29 years of age, and Lynn Riter, 26, both of Venice, checked in at the local Western Union office at 1:02 a.m., completing a nonstop run from New York City to Los Angeles in 77h. 2m.

Hutchings and Riter, both amateur drivers, left New York at midnight Monday in a stock-model roadster and came over the National Old Trails highway and the Santa Fe Trail. The distance covered, according to their speedometer, is 3364 miles. Their average mileage for the trip was 43.67 miles per hour.

The trip was timed officially by the Western Union Telegraph Company, which checked them out at the Holland tunnel office, New York, and checked them in here at 606 South Spring street last night.

The previous record, they assert, was made in 1926. Cannonball Baker, in 1928, established a Los Angeles-to-New York City round-trip record of 157h. 23m., which still stands.

OCTOGENARIAN, ILL, SWALLOWS POISON

Despondency over illness and senility yesterday led H. B. Fife, 80 years of age, to swallow poison with suicidal intent, according to police reports, in his rooms at 612 South Crocker street. He was discovered in an unconscious condition by Adam Kas, the landlord. After emergency treatment at Georgia-street Receiving Hospital, Police Surgeon Speare ordered him removed to the General Hospital.

SHIPPING NEWS AND ACTIVITIES AT LOS ANGELES HARBOR

MARITIME GOLF TOURNEY PENDS

Two Bethlehem Shipbuilding Trophies Offered

Competition Open to Players in Sea-Faring Trade

Play on Royal Palms Course to Start the 8th Inst.

BY WALDO DRAKE

Port shipping men plan to make golf their particular diversion, following action yesterday of the Bethlehem Shipbuilding Corporation, Ltd., in offering two beautiful trophies—of nautical design—for competition among Southern California golfers engaged in the maritime industry. The offer was made yesterday through E. W. Hannay, manager of the local Bethlehem shipyards, with the stipulation that play shall be over the seaside Royal Palms course, at San Pedro.

All members of Royal Palms, in fact, will be eligible. William H. Wickersham, dean of Los Angeles shipping men and a low-handicap golfer, Charles I. Houghton and H. E. Nicholas, marine insurance brokers, will form a committee to arrange the tournament. Mr. Houghton announces that the elimination round will be played on the 8th inst., the quarter-finals on the 15th, semi-finals on the 22nd and finals on the 23rd.

Competition will be by match play and the committee announces that they are devising a system of handicaps whereby the dubs will have an equal chance with the low-handicap players. Eighteen holes will complete the eliminations and quarterfinals, with thirty-six holes for the semifinals and finals. The two trophies, are perpetual, the second cup going to the runner-up.

BUSY WEEK-END DUE AT LASSCO TERMINAL

Los Angeles Steamship Company's terminals will be busy over the week-end, handling more than 1600 coastwise and Hawaiian passengers today and tomorrow. This morning, the Harvard will bring 450 travelers down from San Francisco and sail for San Diego at 3 o'clock, while tomorrow morning her sister, the Yale, will bring in 500 Shriners, from Islam Temple, San Francisco, and go to San Diego in the afternoon. At noon today, the City of Honolulu will sail for Hawaii with 230 passengers and this afternoon the Calawaii is due in from the islands with 228 passengers, including ninety-one members of the Hawaiian Shrine party.

Illustrious Potentate W. P. Read and Mayor James S. Rolph, Jr., head the San Francisco Shrine party, while leading the Honolulu caravan is Arthur Wall. Islam Temple is also bringing down its famous sixty-piece "millionaires" band, with chanters and patrol.

Prominent among those sailing on the City of Honolulu today are James W. Bennett, novelist, and his wife, Dorothy Graham, also a writer, of Long Beach; Jack Mulhall, the actor, with Mrs. Mulhall; Richard R. Robinson, San Diego financier and owner of El Cortez Hotel; Jacques Vinmont, pioneer California oil magnate and now head of the Pacific Western Oil Company, with his family, and Charles Hanson, Greely (Colo.) publisher, with Mrs. Hansen.

The U.S.S. Texas, flagship of Admiral William V. Pratt, commander-in-chief of the United States Fleet, will sail today for Rockland, Me., via the canal, Port au Prince and Hampton Roads. She will spend the Independence Day period on the Maine coast and then go to New York, arriving there July 8. Admiral Pratt, who went overland a week ago for temporary duty as head of the Naval Selection Board, will join his flagship at New York.

Capt. Tonner T. Tallaksen, one of the port's first municipal pilots and who has been ill since being injured on duty several years ago, was yesterday reported by his physician, Dr. F. McLean Campbell, to be dying at the home of a relative in Lomita.

Osaka Shoshen Kaisha has given the names Buenos Aires Maru and Rio de Janeiro Maru to the two new motor liners being built for the globe-circling run via here, according to A. Miyamoto, purser on the Montevideo Maru, in yesterday from Africa. The Buenos Aires will enter the run in November, and the Rio several months later. The new ships are slightly larger than the Montevideo Maru and sisterships, will have a speed of eighteen knots, and carry sixty cabin and 1000 steerage passengers. Arriving here yesterday on the Montevideo Maru were Thomas B. Muir, Brazilian banker, en route to Yokohama; Dr. Cornelius J. Hugo of Capetown, South Africa, and Ryoji Noda, secretary of the Japanese Legation at Rio, bound home on vacation. The ship will embark 120 steerage passengers and sail for Yokohama at 3 p.m. today. Capt. J. Kurimura is the new skipper.

Commander Seuchi Itoh of the Japanese navy and J. F. Saunders, banker, were among the sixty passengers sailing from here at 2 p.m. yesterday for the Orient on the Nippon Yusen Kaisha liner Shinyo Maru. The vessel loaded 2000 tons of cotton, old newspapers and soda ash.

Additions to the Union Pacific System's staff at the harbor and promotions of two officials are announced by W. F. Nash, general agent, as effective today. F. I. Markey, city ticket agent, becomes freight traffic agent and F. W. Snell is advanced to city ticket agent.

Fred Olsen's newest Norwegian motor liner, Abraham Lincoln, came in yesterday on her maiden voyage, thirty days from Oslo, including a day's stop at the Panama Canal to load 10,000 stems of bananas which are being unloaded here for the Fruit Dispatch Company. Capt. F. Bjorn-Hansen, a veteran of the Olsen fleet, is in command.

Hugh Brittan, general passenger agent of the Pacific Steamship Company, came down from San Francisco yesterday aboard the Admiral liner H. F. Alexander for an Admiral Line passenger survey. Sailing last night for San Francisco and Seattle, the H. F. Alexander took north 350 passengers and twenty-five carloads of oranges.

MOTHER AND CHILDREN NEAR DEATH IN CRAS

Struck by a Pacific Electric car while crossing the tracks in their automobile, a mother and her two children yesterday were injured possibly fatally at the intersection of Westwood avenue and Santa Monica Boulevard. They are Mrs. Alice Hawthorne, 33 years of age, of 10285 Orton avenue, Westwood, her son, Richard, 7, and her daughter, Joan, 6.

Motorman G. Hall, in charge of the red car, told police investigating the crash that Mrs. Hawthorne drove the machine directly in front of his car as it approached the crossing. When he saw that a collision was imminent, he said, he jammed on the emergency brakes, but the speed at which the car was traveling rendered his action futile. The automobile and its occupants were dragged a distance of nearly 300 feet, the machine being demolished.

Mrs. Hawthorne and the boy were rushed to the Jackson Medical Hospital at Sawtelle, while the daugh-

MINIMUM CHARGE 2 LINES

To estimate the cost of want ads count 5 average words per line. Words containing more than 6 letters should be counted as two words.

Advertisers should retain receipts given by The Times for payment of Want Ads, as no mistakes will be corrected without them.

Cancellation of advertisements before appearance cannot be guaranteed to take effect until after the advertisements have appeared once. Advertisements must be received by [illegible] p.m. for daily issue and 6 p.m. Friday for Sunday Times. Cancellation of advertising running cannot be accepted after 6:30 p.m. except as noted below.

Rates for display advertising will be furnished on request.

The Times will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one time.

The inadvertent omission or incorrect publishing of advertising will be rectified only by cancellation of the charge made for the service rendered.

Friday, 2 p.m., is closing hour for all ads for the early issue of the Sunday Times. Closing hour for the final and complete Sunday Real Estate Ad Section is Saturday 12 noon. Cancellation of any advertisement running in the Real Estate Section cannot be accepted after this hour.

ELECTROLUX
IS HERE

Commencing operations on Pacific Coast, coming direct from the East, where in the past 3 years we have established over 50 branches in the principal cities, also coming from 47 other countries were we are dominant in our particular field, we have made such tremendous strides that San Francisco, Portland, Oakland, Seattle, Pasadena and Long Beach have now been opened.

We have the entire Pacific Coast territory to open up within the next month and need men of vision and responsibility. The men selected to fill positions open will be given an intensive training in our methods and policies of operations and will receive splendid incomes in commission and bonus during their training and qualifying period.

Inasmuch as we stand alone in our particular field, we cannot get experienced men, but must train men in our own methods.

For the present we are only interested in men permanently located in and around Los Angeles.

Those who apply for personal interview 9 to 12 a.m. will be able to start work immediately if they qualify.

ATHENS' VIOLET WREA

I have never had an hour [illegible] deeper satisfaction than [illegible] hour of deeper satisfaction [illegible] the hour we spent at sunset [illegible] the Acropolis last evening. [illegible] stood upon the floor of [illegible] Parthenon and looked [illegible] ward through the grove [illegible] stately Doric columns out to [illegible] blue sea and Salamis and [illegible] indented coast of the Pelop [illegible] nese, and then turning [illegible] right to left swept the hori [illegible] of mountains with memor [illegible] names, Hymettus noted for [illegible] honey, quarried to build [illegible] temples, Parnes sprinkled [illegible] snow—all turning purple in [illegible] clear light—and the Pass [illegible] Daphne, through which [illegible] Sacred Way still runs to Eleu [illegible] Below streamed the city about [illegible] the foot of the great rock, [illegible] houses white, yellow and [illegible] red; and as the sunshine fad [illegible] there flashed upon our minds [illegible] the meaning of the phrase [illegible] "the city of the violet wreath." The circle was complete, a [illegible] land of tender, quivering col [illegible] from faintest lavender to deep [illegible] est blue.—[George McLean Har [illegible] per, in "Spirit of Delight."

COST OF EDUCATION

The country's widespread [illegible] terest in education beyond [illegible] compulsory stage is shown [illegible] the statement that the cost [illegible] high-school education increas [illegible] from $63,911,000 in 1913 to $ [illegible] 912,000 in 1926. Part of [illegible] tenfold expansion may be tra [illegible] to some State laws making [illegible] year or two of high-school w [illegible] compulsory, but in States wh [illegible] such laws do not apply the s [illegible] tendency is noted. The hi [illegible] school enrollment increased fr [illegible] 1,218,000 to 3,757,000, the col [illegible] leges' enrollment from 325,21 [illegible] 822,895, and the expenditure [illegible] free training increased 350 [illegible] cent. It would appear that [illegible] American people are more [illegible] terested in their schools than [illegible] any other public activity. [illegible] a nation richly endowed w [illegible] wealth and a sincere desire [illegible] cultural advancement [illegible] finance public education of th [illegible] basis.

Search for Missing Link

A most unusual adventure [illegible] archaeology is to be made [illegible] beneath the streets of prese [illegible] day Newcastle-on-Tyne.

It is hoped, as the result [illegible] carefully worked-out plans, [illegible] discover the "missing link" [illegible] the great Roman wall built [illegible] Hadrian from the Solway to [illegible] Tyne.

Great hopes are also held [illegible] finding remains of the fort [illegible] Pons Aelii, which stood wh [illegible] Newcastle now stands a [illegible] where the legions of Rome ma [illegible] tained a somewhat tenuous co [illegible] quest over the fierce tribes [illegible] inhabited that part of Brit [illegible] nearly twenty centuries ago.

It is believed that the wa [illegible] built by Hadrian ran to [illegible] brink of the river, where for [illegible] fications afforded shelter to [illegible] galleys from Rome. This site [illegible] now that of the shipyard wh [illegible] the famous liner Mauretan [illegible] was built.

What Liberty?

When things come to the po [illegible] where the right of a Congr [illegible] man to vote dry and drink w [illegible] is challenged, it seems to us th [illegible] it is high time to ask: What h [illegible] become of our vaunted pers [illegible] liberty?—[Springfield Union.
